Movement in Favor of Judge Shurtleff For Federal Bench

Movement throughout northern Illinois, that started in Winnebago county, to have Circuit Judge Edward Shurtleff, of Marengo, appointed as a federal district judge has developed from protests throughout the district outside of Chicago the reported intentions of U. S. Senator Otis F. Glenn to appoint two more federal judges from Lake county.

The northern district is entitled to one more federal judge under the act of the last congress increasing its quota of United States district judges by two. One of the vacancies was filled last spring. The proposed elevation of U. S. Judge James E. Wilkerson would leave, however, another vacancy.

Bar associations, led by the Winnebago attorneys, are moving to have Judge Shurtleff appointed by

Senator Glenn.

Senator Glenn is said to be favorably inclined toward the Marengo jurist who is one of the best known republicans in the state.

COUNTY PLASTERERS IN ANNUAL MEETING

Session Held at Highland Park Last Week; Rosenthal Is Speaker

Sixty members of the plastering contractors association of Lake county accompanied by their wives and sweethearts held their fourth annual banquet Wednesday night of last week at the Moraine hotel in Highland Park. Numerous building material firms were represented at the gathering, the principal address of which was given by Oscar W. Rosenthal, president of the Illinois Builders league and president of a 50 million dollar investment trust seeking to finance building.

Oscar A. Reum, president of the contracting plasterers International association also spoke.

The plan, represented by Mr. Rosenthal, calls for an enormous finance program of home building, financing of which will be possible over a long period of years at a low interest rate. The plan conforms similarly to that advanced in Waukegan by the M. H. Hussey Co., and known as the Certified Builders association.

Urges Co-Operation

Mr. Rosenthal asked that the plastering contractors interest themselves and seek further business advancement through stimulation of home building among all classes of people. "A home owner is a substantial citizen in any community, he pays his way and is a credit to the community in which he lives," Mr. Rosenthal declared.

The finance company's facilities are available to any contractor who is reputable and whose work conforms with the rigid specifications set down by the trust company officials.

Greetings from the contracting plasterers international association were brought by Oscar A. Reum, the international president, who pledged the international groups further backing of groups similar to the Lake County association. William M. Edwards president of the Plastering contractors association of Lake county acted as toastmaster at the program which followed an excellent dinner.

Entertainment Features

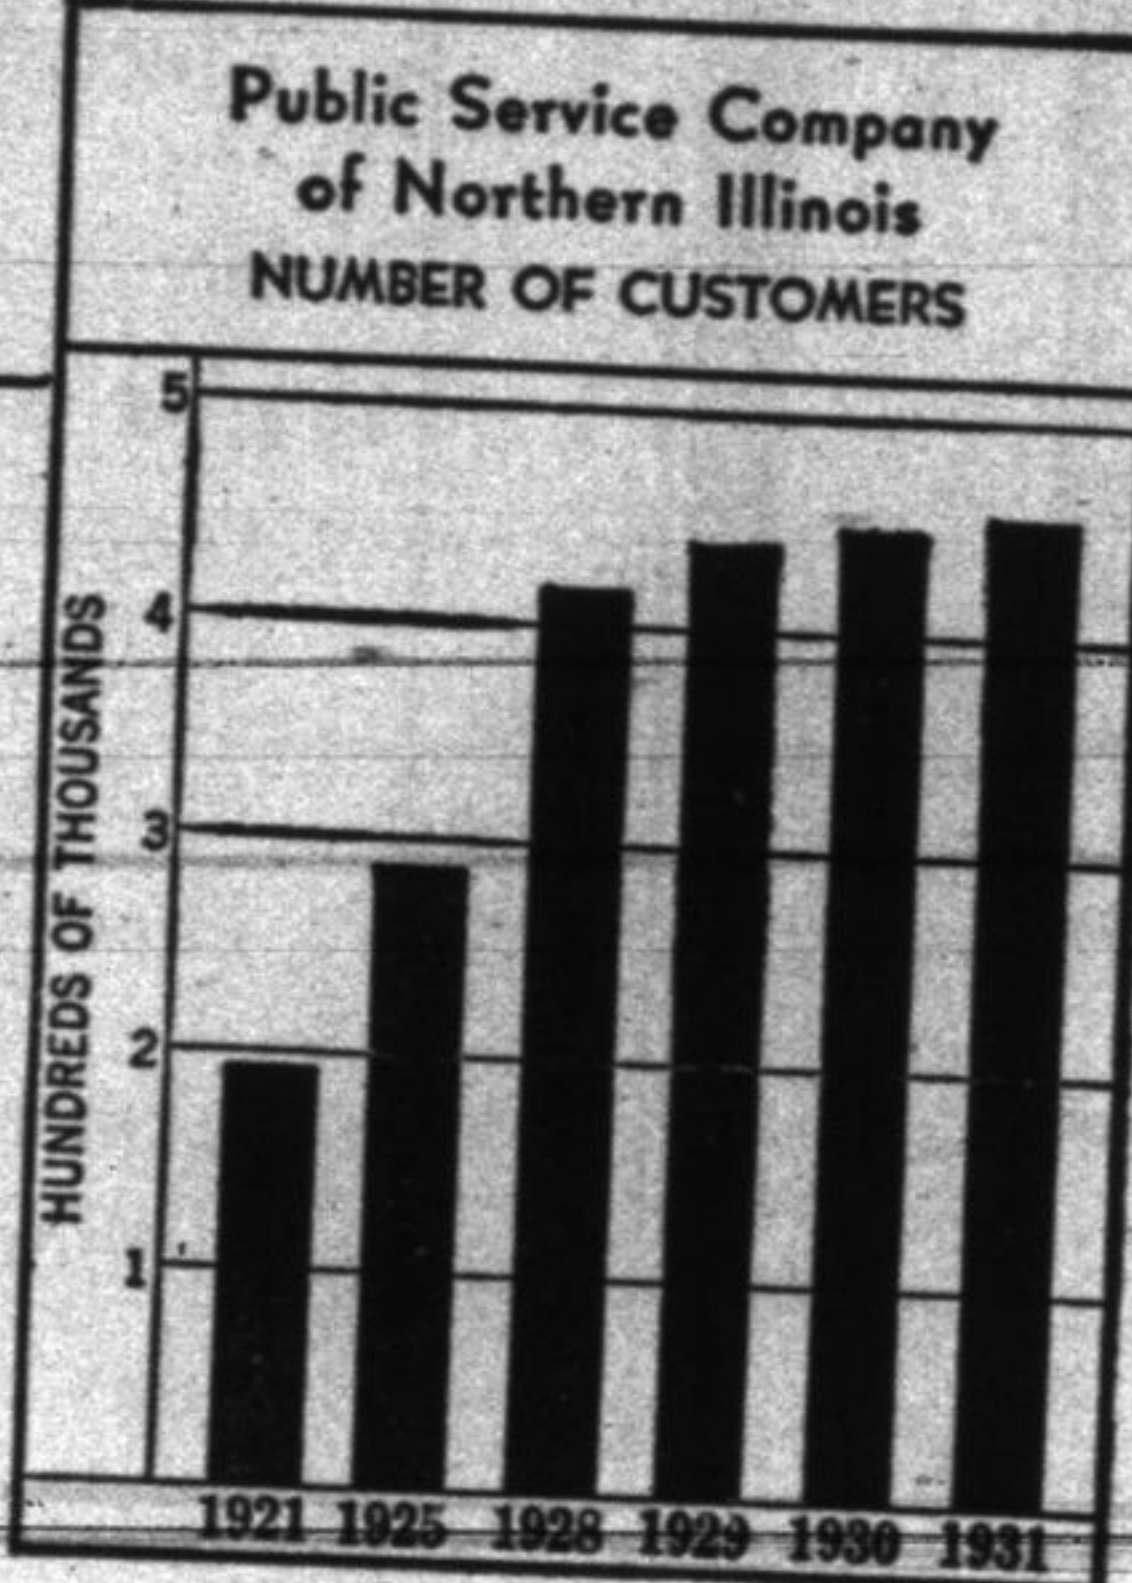

Interpersed with the program of speaking were several entertaining acts of vaudeville and immediately following the speaking program a series of moving pictures of the International association convention in New York were shown. Edward McDonnell, secretary of the international association was unable to attend, President Reum bringing his regrets.
