### Local Soccer Team Win 5-1. Cicero Next

The Gonnella F. C. easily defeated the Deutcher S. C. of Racine last Sunday in a fast game played at the Highwood football field.

The local booters scored three times in the first half and twice in the last forty-five minutes; the visitors lone score came in the second half following a corner kick. Incidentally this is the only goal allowed by young Palandri, the Gonnella's star goalkeeper, in the last five games; the local players have scored sixteen points in as many games.

Next Sunday another good game is scheduled. The Gonnellas meet the I. A. R. C. of Cicero, one of the strongest eleven of the Chicago league. The two teams will battle on the Highwood field starting at 2:30 p.m.

Gonnella's lineup against Racine: Palandri, goalkeeper; P. Peradotti and A. Amidei, fullbacks; G. Baruffi, L. Baruffi, and J. Ugolini, halfbacks; E. Amidei, Petersen, Bruce, Capitani, and Magnani, forwards.

### College Night Is Planned for Next Meeting of P.T.A.

The January meeting of the Deerfield-Shields Parent-Teacher association will be part of College Night which the high school is planning for January 14. Representatives of thirty colleges and universities will be present to confer with parents and students, using the classrooms of the East building for two conference periods, 3:30 to 5:00 in the afternoon and 8:30 to 10:00 in the evening. A program designed to give students and parents information on methods of adjustment to college curricula will be held in the auditorium from 7:30 to 8:30. The speakers will be college representatives who are in touch with the entering freshmen. Preceding the talks the Deerfield-Shields orchestra will play a few selections and moving pictures will be shown. The new talkie movie of the Universities will also be shown.

Two years ago a very festive College Night was held in the boys' and girls' gymnasiums where booths were constructed at which college representatives met students and parents. In order to give more possibility for quiet discussion, this year's plan of supplying each representative with a room has been evolved, and the number of colleges represented has been reduced to those whose representatives our high school juniors and seniors have made a request to see. The college officials are co-operating generously, so that this College Night program should be a valuable link between the college and the high school, enabling parents and students to make a careful choice of the institution for the higher training of the young people.

To our friends and patrons with whom we have had the pleasure of dealing during the past year and the past twenty years, we extend our sincere wishes for a Prosperous and Happy New Year.
