**JESSE L. SMITH TO
BE P. T. A. SPEAKER**

**At Elm Place Jan. 20; Subject
"Child-Centered School";
First of Series**

Mr. Jesse L. Smith, principal of Elm Place school, will be the speaker at the meeting of the Elm Place Parent-Teacher association on Wednesday, Jan. 20, at 3 o'clock, in the kindergarten room. This is the first of a series of related programs which will interpret the education offered at Elm Place. Mr. Smith's subject will be "The Child-Centered School."

Unusual Opportunity

This is an unusual opportunity to hear this noted educator speak about his own school to his own community. Mr. Smith has been recognized for many years as a leader in the field of progressive education. The distinction he has attained qualifies him to speak with authority on this topic which is the center of interest to all parents, teachers and others concerned with the welfare of children.

Mrs. Marc Law, chairman of the program committee, anticipating that Mr. Smith's talk will be of interest to many, announces that the meeting is open to all.

**Louie's Hungry Five
at Alcyon Theatre**

"Louie's Hungry Five" radio's funniest act, from WGN, the Chicago Tribune station, will make Personal appearances at the Alcyon theatre on Sunday night. The Little Cherman Band will be under the direction of Herr Louie himself, ably assisted by the Weasel, whose arguments, and adventures you have listened to over the air from WGN for the past year. These two exponents of Cherman fun and humor, have prepared a very funny stage act, and their appearance has been welcomed by crowded theatres on the occasions where they have played so far. This feature which, was started about a year ago by the Chicago Tribune, is perhaps the most popular of the so-called comic strips of the radio, receiving more favorable comments than perhaps any other. "The Hungry Five" do not play any of the symphonies of Chopin or Beethoven, but with a technique all their own, they render "Ach Der Lieber Augustine," and many of the favorites of by-gone days, with a plentiful interruption of the "Chass" hits of the present era. For something just a little different, and if you want some good hearty laughs, don't miss the Hungry Five, when they come here next Sunday. They appear in conjunction with the picture program, and at all matinee and evening performances.

Attends Convention

John B. Nash, president of Vogue cleaners, is attending the convention of the National Association of Dyers and Cleaners in their 25th silver jubilee celebration at Cleveland, Ohio.

**Annual Guest Day
H. P. Garden Study
Club January 18**

The next regular meeting of the Highland Park Garden Study club will be held jointly with the Ravinia Garden club on Monday, Jan. 18, at the home of Mrs. Henry B. Steele of N. Sheridan road, Highland Park, at two o'clock.

Mrs. Spicer is to be the speaker of the day, and will talk on "Practical Gardening Problems."

This is the annual guest day and each member is allowed to bring one guest. Will you please notify Mrs. Steele if you are not coming, so that she may know how many to plan for.

On Friday, Jan. 15, the Highland Park Garden Study club are to go as a group to hear Mrs. Edith Bankhart speak on "Alpiges and Rock Gardens" at the Sherman hotel in the Bal Tabarin room at 2 p.m. This program is sponsored by the Nursery Men of Illinois at their annual convention, in compliment to the Garden Clubs of Illinois.

**Killian to Represent
Oil Burner Company**

Vic J. Killian, Inc., 874 Center street, Winnetka, Ill., have been appointed local dealer for the Petroleum Heat and Power company, largest manufacturers of oil heating equipment in this country. The new automatic oil burning boiler introduced last year by this company is now on display and it is expected will find wide favor among home owners in this community. The furnace works automatically without any attention, maintains a constant heat at any desired level, and burns low priced petroleum fuel oil, the prices for which are now lower than at any time in the past twenty years.

One of the outstanding developments of the company's research laboratories is the perfection of a cabinet type, self-contained, oil burning domestic boiler, which is now on display at the local dealer's showroom.

**H. P. Press Quintet
to Play at Ravinia**

The Highland Park Press basketball team will play the Ravinia cagers on the Ravinia school floor on Saturday night, beginning at 7:30, it is announced, and indications are that the game will be a thriller from the start, as both teams are in fine shape.

**New Trier Cagers To
Play Here on Friday;
Both Teams Scheduled**

Much interest is being shown in the games to be played at the high school gym Friday evening between the Deerfield-Shields basketball teams and the two quintets from New Trier. The schools are old rivals, and two good cage battles are assured. A large attendance is expected.

**Friends Felicitate
F. B. Hawkins on His
92nd Birthday, Tues.**

Frank B. Hawkins, Highland Park pioneer and its first mayor, on Tuesday celebrated his 92nd birthday anniversary at his home, 389 Laurel avenue, where he has lived for 65 years. Hundreds of friends called during the day to wish him continued long years of health and happiness and were pleasantly received by Mr. Hawkins and his daughters, Miss Francis Hawkins and Mrs. J. W. Schultz of LaGuna, Calif., who recently came east to visit her father and sister.

Mr. Hawkins was general manager for the Highland Park Land company, which, in 1867, cleared a space in the forests and constructed a nucleus of buildings which have since grown into one of the north shore's most beautiful and prosperous suburbs.

Two years later, following its incorporation as a village, citizens of Highland Park elected Mr. Hawkins their first mayor. 19 years later Mr. Hawkins again was made mayor, the last to serve under the aldermanic form of government.

When Mr. Hawkins came West from Springfield, Mass., in 1867, land could be purchased along the north shore at \$100 an acre. The first home sites of the city, now valued at upward of \$100 per foot, then sold for \$15 per foot.

Hawkins has always taken a keen interest in the civic life of Highland Park, and has seen the community grow into a city of 14,500 persons.

Another pioneer citizen of Highland Park and a lifelong friend of Mr. Hawkins, was one of the first to greet him today. He is Francis D. Everett, who celebrated his 92nd birthday in December.

**Final Examinations to
Be Given Students of
Deerfield-Shields**

Final examinations are to be given the students of Deerfield-Shields high school Wednesday, Thursday, and Friday the last week of this month.

These examinations which are given at the end of the mid-year include English, languages, commercial mathematics, history, and science.

Counting about one-third of the final grade, the examinations are given each year at this time. The second semester of the school year will begin Monday of the next week, for which the students have been registering for the past month.

**Hold Card Party
in Place of Ball**

The West Ridge Community club has postponed its "Gay Ninties" ball which was to have been held on Jan. 23 and a Card Party will be substituted. This is an indefinite postponement on account of the times.

A mid-week service will be held at the Presbyterian church on Wednesday evening, January 20, at 8:00 o'clock.

**RAVINIANS TO SEE
SELVES IN MOVIES**

**Mystery Man with Black Box
Pictures Many for Big
Movies Show**

Ravinians are to have the opportunity of a life time to see themselves as others see them. The "Man with the Black Box," who has been roaming the village streets the past few weeks and making surprise calls on unsuspecting citizens of Ravinia, it now develops, has been taking motion pictures of Ravinians "as he found them." These pictures are to be shown at a big Village Movie show to be held at the Village house in Ravinia on Friday evening, Jan. 22.

Interesting and Funny

That the show is to be one of the most interesting as well as "funniest" that Ravinians have ever seen on the screen goes without saying, as the majority of Ravinia's population have either consciously or unconsciously played a part in its making. In fact the few who have been privileged to witness the previews which have been run to anyone calling himself a Ravinian cannot well afford to miss.

Besides the fun of seeing oneself as the other fellow does, Ravinians

**Scouts Collect 15
Tons of Paper in
Highwood; Details**

At the afternoon session of the Highwood District's monthly newspaper collection, two trucks furnished by Mr. Fiori and the city of Highwood collected from the curbs, newspapers which had been placed there in the morning by the scouts of the three different troops of the district, namely Troops 36, 37 and 67. The total amount of paper collected was about 15 tons while the amount of papers of the first drive was 10 tons. A recent survey showed that about 20 tons of paper per month were taken in by the city and therefore it was a very good average collected by the scouts. The drivers of trucks were Nick Fiori and Mr. Fink, and the district wishes to acknowledge its appreciation both to owners of the trucks and their drivers. A few scouts also helped them in the afternoon and the district also wishes to thank all the scouts who had turned out. The drive was called and adjourned at about 4:00 p.m. Mr. J. E. Enquist deserves credit for organizing and supervising the afternoon collection.

Scouts of the whole North Shore Area council in their two collections have now collected over 160 tons of old paper and magazines, plus large quantities of valuable clothing and many thousands of wire coat hangers worth a half cent each. Over \$1,500 has been earned by the scouts for the local relief funds of the 11 districts of the council. The collection of old paper and magazines, coat hangers and clothing will continue on the second Saturday of every month, Feb. 13 is the next date! District Editor, Ambrose Cantagallo.
