

# \$27,000 IS GOAL IN SCOUT CAMPAIGN

R. Arthur Wood

R. Arthur Wood, Highland Park, past president of the Chicago Stock Exchange and well known in financial circles, will again serve as finance chairman of the campaign for 1932.

Mr. Wood served in this capacity in 1931, and put in a great deal of time and effort to bring about the success of completion of that campaign.

This year, with a much larger organization of workers and the public better informed as to the merits of the North Shore Scout work, Mr. Wood believes the objective will be reached in much shorter time.

Byron Howes

Mr. Byron Howes, chairman of the Highland Park District Boy Scout committee, served in 1931 as his own finance chairman, and with the group of captains and workers he assembled, led the district to reach its goal earlier in the campaign than any of the other large districts. He is confident that Highland Park will repeat this again in 1932.

Benjamin B. Bryan

Benjamin B. Bryan is the finance chairman for the Lake Forest district in the campaign for funds for the 1932 budget and operation of Camp Ma-Ka-Ja-Wan. Mr. Bryan has eleven teams consisting of a captain and five workers to each team. These teams have divided the four wards, and the business section up, and are so organized that everyone able to contribute will be approached.

Ray Molendi

The finance chairman for Highwood is Ray Molendi, who is serving in that capacity in the absence of Otto F. Fisher, who is ill in a hospital in Chicago. Ray has all of his eight team captains recruited, and each captain has his five helpers. Last year, Highwood finished second of the eleven districts—this year it aspires to be first.

W. W. McIlvaine

Mr. W. W. McIlvaine, finance chairman for Deerfield and Bannockburn in 1931, again holds this position for 1932. With eight or more teams in the field, he is confident that the district will reach its goal early in the campaign.

### 800 MEN ASK FOR \$27,000.00

A small army of men consisting of 130 teams of one captain and five men to the team will meet at New Trier high school on Friday, Feb. 19, for a "Kick-off" dinner meeting, presided over by R. Arthur Wood, general chairman of the campaign.

List of past and prospective contributors have been carefully gone over and after the dinner meeting, each district will pass out its prospect cards to its workers, and the next morning set out bright and early to make its intensive canvass.

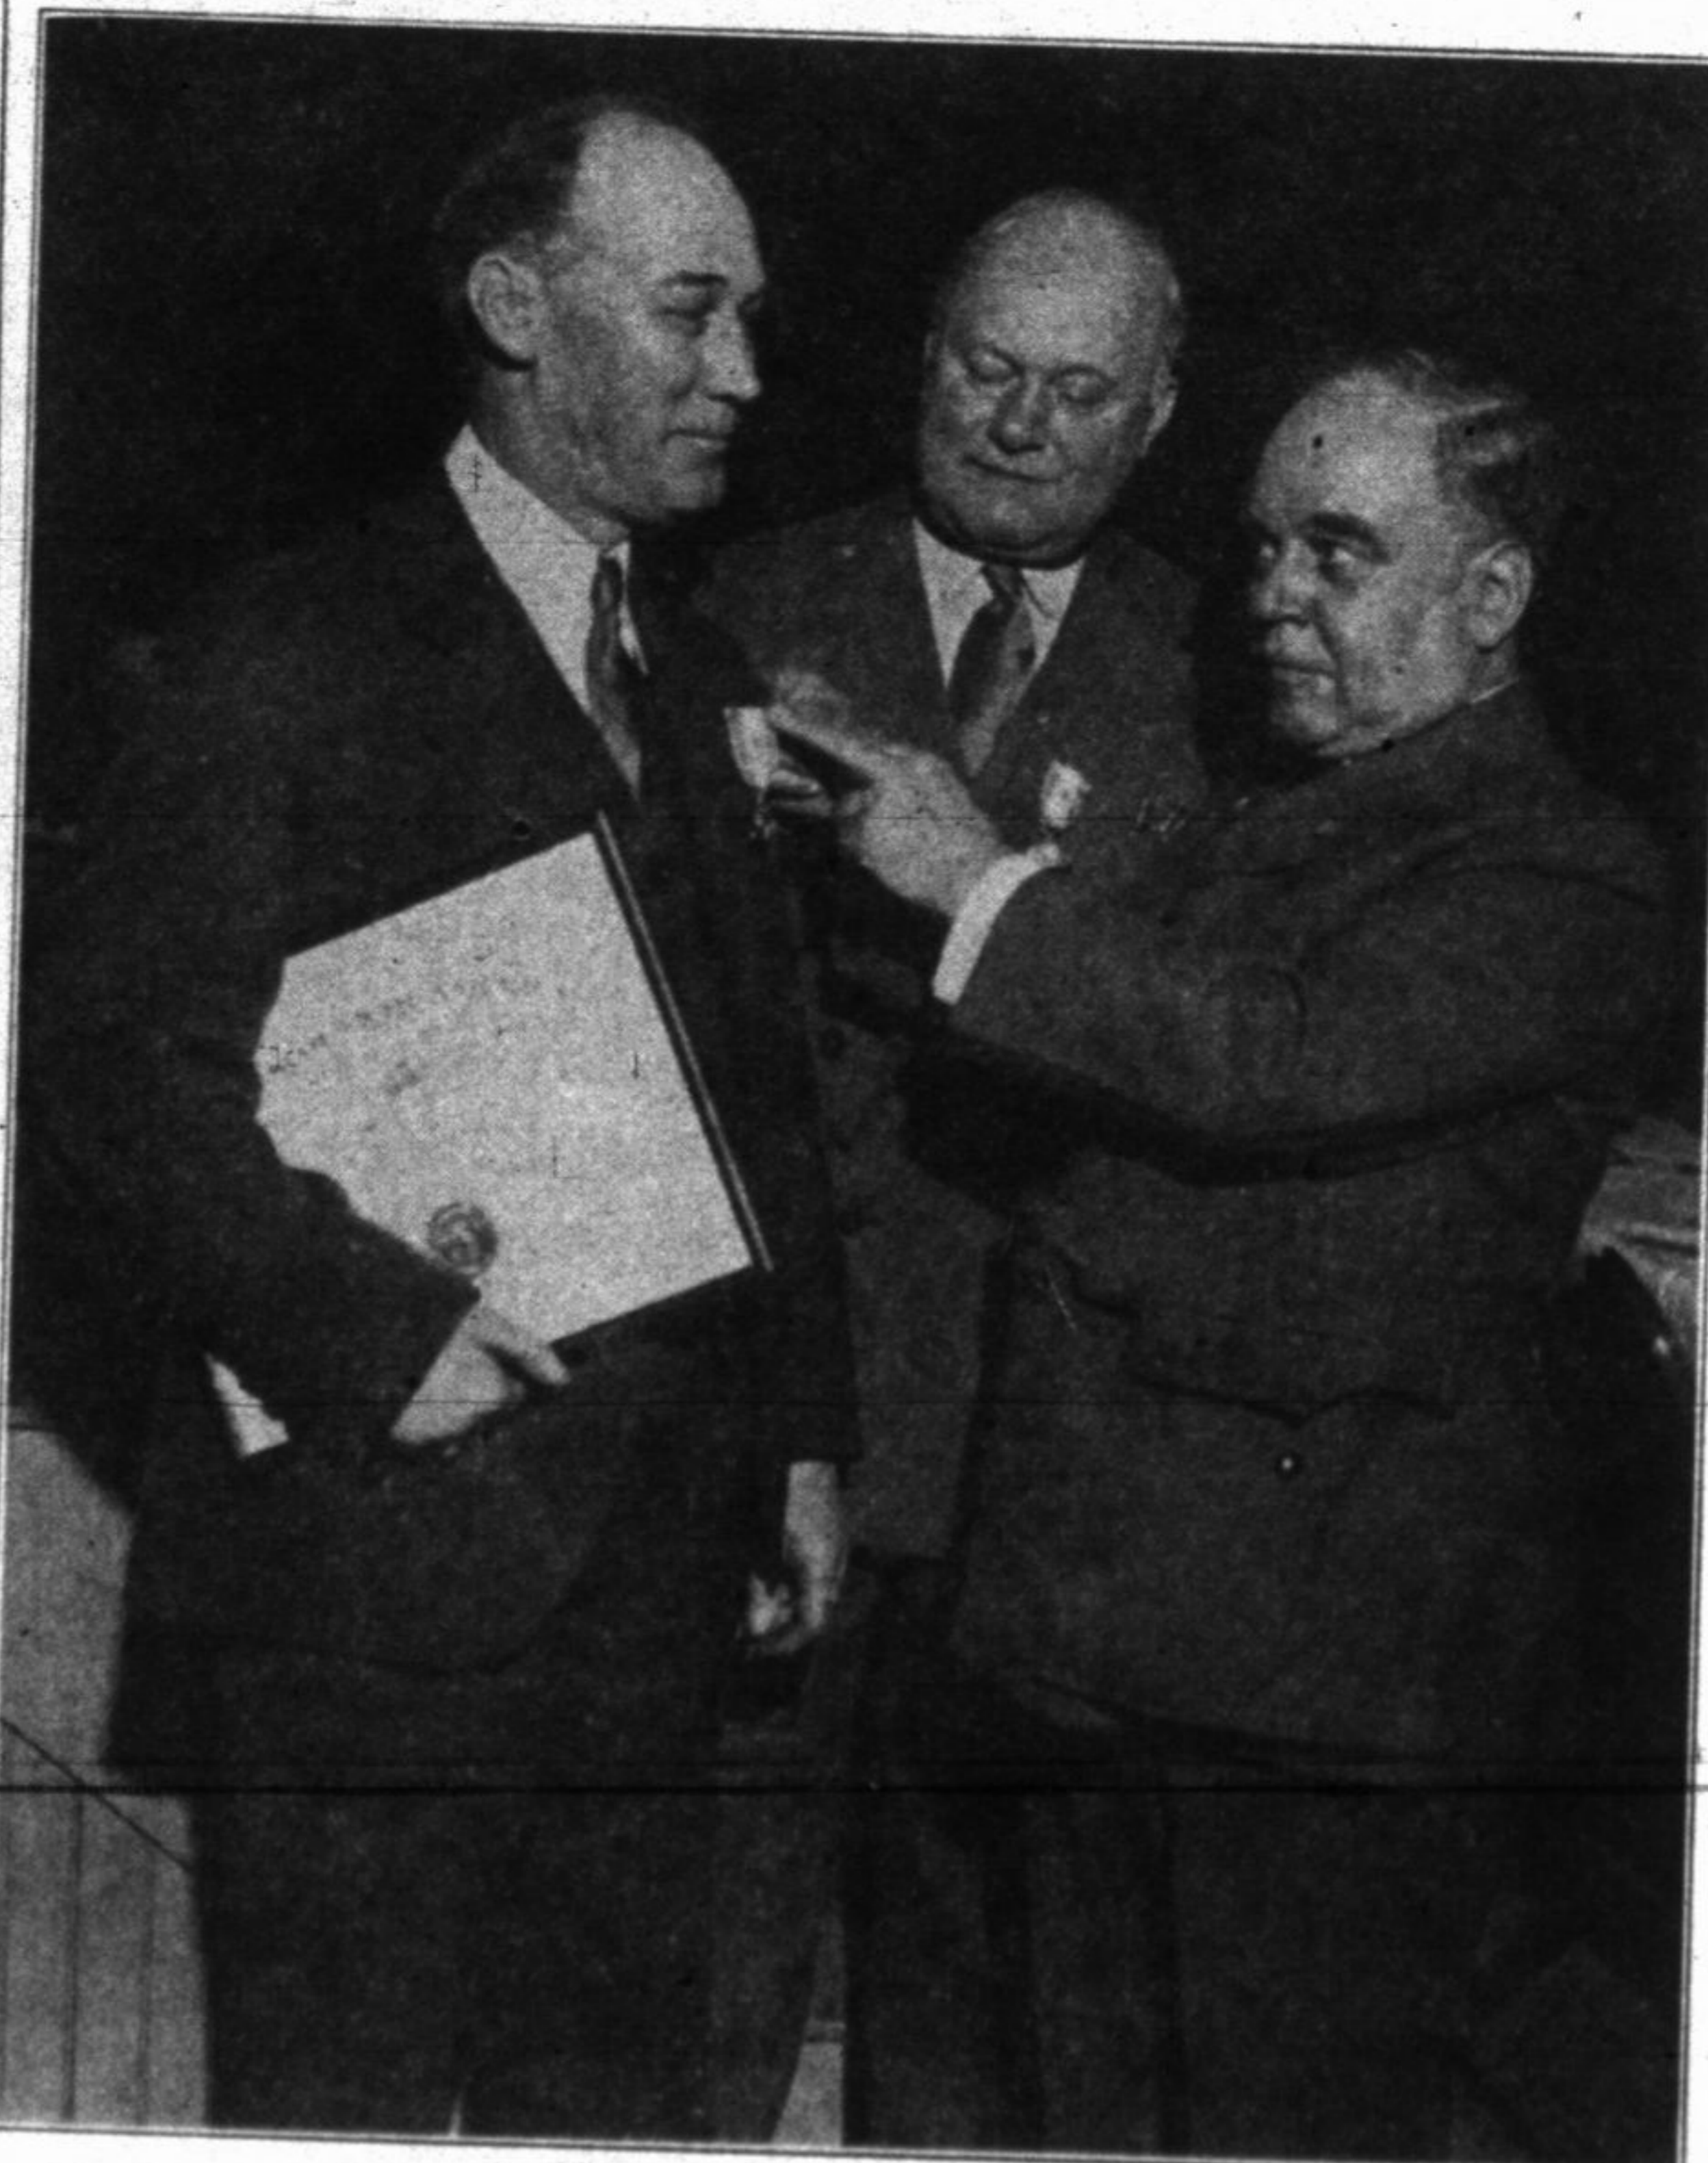

Score boards, showing the progress of each team in the district, will be placed in prominent store windows in each district, and the preceding day's results posted each morning. By this means, the public and the workers will have up-to-the-minute information on hand each day.

Twenty of the district finance chairmen and their assistants met in Highland Park Sunday afternoon to check progress, and complete plans for the Friday evening "Kick-off" dinner. These men expressed confidence in the prompt completion of the campaign, due to the favorable opinion of their communities to the merits of the Scout work among their boys.

All were in accord with the plans to organize the campaign so thoroughly that everyone able to contribute might be seen by a campaign worker. Over two-thirds of the captains were reported as already secured, with many captains having full teams of five men already recruited.

It was the unanimous opinion that they would bend every effort to have all the teams present 100 per cent at the "Kick-off" dinner.

### Receive "Silver Beaver" Award

Above are pictured Charles A. Steele of Glencoe (left) and Albert P. Snite of Highland Park (center) receiving the "Silver Beaver" award for Distinguished Service to Boyhood from Henry Fowler (right) president of the North Shore Area Boy Scout Council. The presentation was made before 1,100 persons at the Council Annual Banquet at New Trier high school on Tuesday, Feb. 2.
