## "RISE AND WALK"

HERBERT N. CASSON

Editor, Efficiency Magazine, London, England  
Sends a Message to AMERICA

"You are depressed. You think you are crippled. You are afraid of the future. You are full of fears.

"You have half the gold of the world and half of the machinery and most of the automobiles and all the skyscrapers.

"You have the greatest home market in the world and the largest corporations that the world has ever seen.

"You are ruled more by ideas and less by tradition than any other people in the world. You have usually done what you thought you could do.

"How can it be possible that a progressive nation of 120,000,000 people can be wrecked by the speculations of a little handful of fools in Wall Street?

"The prices that were forced too high had to come down. Today all the prices are too low.

"There is now a golden opportunity for every man who has eyes to see it.

"Dollars are now being sold for 30 cents. Practically every security in the United States is now being sold at less than its value.

"The way to create a fortune is to buy from pessimists. Pay your money and take the risk.

"Frick started his career by buying coke ovens in the slump of 1873. Carnegie made \$300,000,000 by buying steel plants in the slumps.

"Hundreds of fortunes have been made by buying from pessimists. Ye gods! what a chance there is at this moment!

"In five years from now most American business men will belong to the 'I-Wish-I-Had-Club'.

"Then it will be too late to buy a dollar for thirty cents. The opportunities will be gone.

"When a horse balks, the balk is in his head, not in his legs. He moves on when he thinks he will.

"And when an American business man is depressed, the slump is in his head. There is nothing serious to prevent him from making money if he thinks he will.

"When fear rules the will, nothing can be done, but when a man casts fear out of his mind, the world becomes his oyster.

"To lose a bit of money is nothing, but to lose hope—or lose nerve and ambition—that is what makes men cripples.

"This silly depression has gone on long enough. Get rid of it. It is inside of you. Rise and walk."

## Price of Haircuts Is Reduced Here

At a meeting held last Friday afternoon the members of the Highland Park Master Barbers association voted to reduce the price on haircutting. The charge effective Monday, March 7, will be 65 cents. This is a reduction of 10 cents on week-days and 20 cents on Saturdays. Under the new plan the charge will be uniform throughout the week and will be the same for men, women and children.
