

RAVINIA PLAYERS TO GIVE FARCE COMEDY

(Continued from page 4)

Park, will do the male leads.

Miss Golden, for two years a capable business manager for the Players, will play her first part with them in the role of Irene Prescott, a newspaper reporter whose charm and intelligence unwind the threads of the twisted situations this show presents. Miss Jacqueline Buhl plays the part of Mary, the self-centered but pretty wife of Tom Butler. Miss Buhl's indispensable labors in handling the numerous properties for the Players last show connect her with their back stage workers, but this is her first appearance before the footlights.

In Title Roles

The part of Tom Butler which was to have been played by Theodore

Osborne, Jr., will be cast this week. Mr. Osborne is leaving on March 18 for London and so will be unable to take part.

Dick, the engaging "second-third," is being played by David Ewing, a newcomer to this troupe. Winston Long of Ravinia completes the trio in the role of Harry.

Miss Mary Louise Mayo and Mr. Long, both outstanding successes in "Holiday" do the two choice character bits in "Tom, Dick, and Harry." Miss Mayo plays the part of Sally, the maid, devoted to Harry, her "boy-friend."

Working at the rate of four rehearsals a week held in their studio, "Tom, Dick, and Harry" promises to be a worthy successor to the Players last production. Due to the capacity audience which filled the Village house on December 18th, last, this next play will be run two nights, enabling many more to attend. Gertrude Williams of Ravinia is directing.

ily. "His Woman" with Claudette Colbert and Gary Cooper. The love and care of an abandoned baby bring out the finest qualities in a rough sea-captain and reform a girl of the cabarets in a Caribbean port. It is to be regretted the direction could not have been more restrained to redeem the sordidness, the baby is most appealingly sweet. Mature and doubtful for children. "Anybody's Blonde" is mediocre, a mingling of night clubs, prize-fights and cabarets. "Forbidden" This is a very well acted problem play featuring Barbara Stanwyck who can always be counted on to give a noteworthy performance. A good adult picture but unsuitable for children. Excellent things to come, and always something for everyone. "Sooky" is on the way, children, be good so you may be allowed to go.

STATE'S ATTORNEY HAS GOOD RECORD

(Continued from page 6)

His energy and interest in connection with the cases resulting from bank failures in Waukegan have attracted attention everywhere in the state.

Fines Collected

Over half a million dollars has been collected in fines, fees, and forfeitures. This has established a record in the state of Illinois. No county has approached it outside of Cook county.

The State's Attorney's office is not a fee office, but as a general rule is dependent for support out of the general taxes. The sum collected in Lake county has been used in paying salaries of the state's attorney, assistants, and stenographers, justice costs, detective hire, routine office expenses, witness fees, and traveling expenses, furnishing of the office, employment of special counsel, etc., and \$38,000.00 has been turned into the school fund.

Aids Dependents

In connection with the Juvenile Court and Detention Home for Delinquent and Dependent Children, State's Attorney Smith has brought 820 cases of dependency in this court. This has affected 1798 children. He has also presented 420 cases affecting delinquent children.

The dependent cases are in no sense considered as criminal or intended to be such. Every effort is made to extend a helping hand to unfortunate or neglected children and to protect them.

The State's Attorney's office has aided the farmers in prosecuting the thieves who steal calves, chickens and pigs, violators of the colored butter law, and in fraud cases in reference to the purchase of milk which was not paid for.

Col. Smith is an ex-service man with a splendid war record and is active in leading circles of the American Legion.
