### Dr. E. N. Schoolman At Men's Club Meet

At Glencoe Mar. 17

Dr. Edward N. Schoolman, Chicago physician and psychiatrist, will be the speaker at the Last Men's club meeting of the season—a dinner-meeting on Thursday, March 17, at the temple, Lincoln and Vernon avenues, Glencoe. Dr. Schoolman's subject will be, "Sigmund Freud, the Darwin of Psychology."

Dr. Schoolman is spoken of by an authority as the most brilliant lecturer and debater. His listeners will find an intense desire to gain from him some workable knowledge that will aid them in the business of living. His is a fresh and sparkling in humanness that looks at life searchingly and fearlessly — that treats it wholesomely and constructively. In lecture or debate, he is always a physician intent upon healing the ills of mankind—always a builder, laying the foundation for a new and better civilization.

There will also be an election of officers and directors that evening for the ensuing year. Members are invited to bring their friends. Souvenirs will be given. Make your reservation early.
