**Richard Evans Tells
of His Invention**

At last week's Rotarian luncheon on March 10, at the Deerfield Ave. Tea room, Mr. Richard Evans of the American Evatype Corporation of Deerfield was introduced by Mr. Carl Witt. Mr. Evans gave a demonstration of rubber stamp making, making several in their presence, in less than half an hour. Mr. Evans' invention, which has shortened the stamp making process considerably, does away entirely with the tedious clay mould system.
