

WHEN

you save food

you save

MONEY

AN electric refrigerator saves food every day. And food saved is money saved. Meats and vegetables that are left over from meals can be safely stored away in your electric refrigerator . . . and served later in the week as delicious as ever. When you have extra milk and cream on hand, there's no danger of its souring over night. When markets feature low prices, you can buy foods in large quantities . . . keep them fresh for a long time. And so it goes. In countless ways

an electric refrigerator *saves and saves and saves*. Nickels, dimes or quarters every day. These savings more than offset the cost of operation . . . they actually help you *pay for* the model you select. And all the time you are enjoying the priceless convenience of perfect, automatic refrigeration.

Your local REFRIGERATOR DEALER or PUBLIC SERVICE COMPANY STORE will be glad to show you the new models and tell you all about the convenient monthly payment terms. Come in.

This spring, several popular refrigerators are being offered at new low prices.

INDICT FIVE IN MUNDELEIN RAID

**Bank Robbers Given True Bill
by Grand Jury; One Still
To Be Caught**

Five men last Thursday were indicted by the Lake county grand jury on charges of kidnaping, robberies, and faces but three indictments.

One of the men, Floyd Fullbright, is a fugitive but it was expected that he would be caught within a few days, according to State's Attorney A. V. Smith. The others named in the indictments were Edward Hallgren, Everett Bennett, Walter Bearden and Michael Yara.

Six indictments, in all, were returned with two charging kidnaping, two robbery and two larceny. Hallgren was not in one of the rob-

beries, and faces but three indictments.

Held Cashier Prisoner

The charge of kidnaping resulted from holding Milan C. Mott, cashier, a prisoner while the bandits attempted to extort money from the bank through him. Paul Mott, taken in the bandit's car at the last robbery, was not named as a complaining witness.

The two robberies netted the bandits \$17,615, a part of which was recovered and turned over to Sheriff Lester T. Tiffany.

The four men, it is said, are willing to plead guilty, but Col. Smith said that his office would accept a guilty plea on one condition only, that it would be to the kidnaping charge that carries a penalty up to life imprisonment.

Detective Testifies

Witnesses were J. A. Newell, detective employed by Col. Smith who traced the bandits and brought the arrests, and Chicago policemen

who made raids with Newell and arrests in Chicago when the gang was seized. Cashier Mott also testified.

The four were arraigned Saturday before Circuit Judge Ralph J. Dady.

Col. Smith said that he would ask the death penalty for Fullbright, if apprehended, because he claims that Fullbright was the leader of the gang.

The prosecutor said that the kidnaping charge rarely was prosecuted against bank robbers, but in view of the extreme case he was inclined to ask that the pleas be to this indictment due to the more severe penalty.

The robberies were April 3, 1931 and January 20.

According to the Associated Press, Holland is less affected by the depression than other nations. Maybe this is partly due to the fact that the Dutch are supposed not to have very keen imaginations.

Chicago Policeman Is Dead Following Gun Play at Fox Lake

James Fiklik, 40, Chicago police man assigned to the Marquette station, died last Thursday at St. Therese hospital from a bullet wound received Wednesday night in a scuffle at the Ingleside Shore hotel on Fox Lake.

State's Attorney A. V. Smith has ordered a warrant issued charging Steve Brodie, 49, caretaker of a cottage near the hotel, with murder.

In addition, Chief Deputy Sheriff Thomas E. Kennedy was holding, as material witnesses, Charles Mikels, Alex Kreoze and Louis Krakora. Another witness, who has been questioned, is Walter Rumpola, caretaker of the hotel.

Another lesson of the great war is that helping the underdog merely places a new dog on top.—Manila Bulletin.
