### "Star Talk"

by E. W. Sundell

Would you like to know more about the stars? Come and hear Mr. Sundell tell us about them on Friday evening in the auditorium of the Public library. The auditorium only holds 108 so this talk is being given at this time just for Girl Scouts. Make the most of this opportunity, Girl Scouts, and do not miss this chance to hear Mr. Sundell and to see his wonderful radium star chart.

### First Aid Course

All Girl Scouts who attend the first aid course are asked to come early on Tuesday evening, particularly those girls who may have missed a meeting, so as to make up work missed and also to review bandages.

The course is being given by Mr. Charles A. Waite of the C.N.S. & M. R.R. and is proving most popular with the Girl Scouts. The girls taking this course are able to pass their first class work and secure their badge. Forty-five girl scouts are enrolled.

Last week being spring vacation the Girl Scouts had most of their meetings out-of-doors. Troop 2 went on a six mile hike on Monday cooking their lunch over a camp fire and discovering new and interesting bits of nature along the way.

Tuesday, Troop 5 had a beach party and cooked their meal over a camp fire on the beach. Several games were played before the girls started for home.

Troop 4 went on a hike on Thursday morning. Their hike was nicely timed between the shower in the morning and the time it turned cold in the early afternoon. Each patrol made a fire and voted on the best—this honor being given to the Wise Owl patrol. Lunch was cooked over camp fires in the Coal weeds on Ridge road. It was planned to blaxe a trail but the weather prevented so games were played until the cars came to take us home.

### Deerfield Girl Scout Troop 1

Twenty-four Girl Scouts of Troop 1 enjoyed a party on Thursday at 7:30 p.m. at the Presbyterian church, which took the place of the regular meeting. They will meet again next Friday afternoon. Jane Todd, Scribe.

### Deerfield Girl Scout Troop 2

The Deerfield Girl Scouts of Troop 2 enjoyed a very pleasant evening on Monday at the Presbyterian church. They learned an interesting game in which the Girl Scout laws were interpreted into every day newspaper articles. The new way in which policemen in Chicago are carrying out their work may be used to define the fifth Girl Scout law—"A Girl Scout is Courteous." After this, the girls used up their pep in singing songs. The meeting was closed by taps.—Lois Sturtevant, Scribe.
