Resolutions of condolence, cards of thanks, obituaries, notices of entertainments or other affairs where an admittance charge is published, will be charged at regular advertising rates.

Vol. 21 April 21, 1932 No. 8

**Kite Flying Contest
Last Friday Popular;
List of the Winners**

The Second Annual Community Kite Flying Contest held Friday afternoon, April 15, again proved to be very popular, and while the afternoon was bright there was insufficient wind for some of the kites to give their best performance.

This year's contest brought out a variety of kites, including Malays, tail kites, box kites, kites of novel design, and some exceedingly small specimens.

The various local schools were well represented in the contest, and many of the kites showed particularly good workmanship.

Eddie Hargrave, competing in the Senior division and representing the Deerfield-Shields high school, carried off the honors in that division, having firsts among box kites, and also having the highest flying kite and the kite with the best workmanship. Phylis Gilbert, age nine, and from Lincoln school, had the best box kite in the Junior division. Other Juniors winning in the contest included Elmer Hargrave of Elm Place school, who had the highest flying kite in his division. Also, John Epstein, age 12, of Ravinia, with the most artistic kite, John Christianson of West Ridge school community with the kite of the best workmanship and also with the kite having the strongest pull. Honors in the smallest kite construction were to Lee Gatewood, age 14, of the high school, who had two extremely small kites which flew, to the amazement of the spectators. These kites each measured about one and three-quarter inches by two and three-quarter inches.

**Mrs. Alice Richardson
Dies At Home Apr. 18**

Mrs. Alice Greig Richardson, wife of Orlo D. Richardson, died Monday, April 18, at the family home, 1731 Rice street. She was about 64 years of age. Robert R. Greig of Ravinia is a brother and Mrs. Sumner R. Mason is a sister. A private funeral service was held Tuesday, April 19, at the Kelley funeral chapel, and cremation took place at Graceland cemetery.

**SAYS WASHINGTON
PLANNED HOSPITALS**

**Dr. Geo. B. Lake in Interesting
Letter Tells How G. W.
Aided Movement**

This year everybody is thinking about that substantial citizen who is known as the Father of His Country and who was born 200 years ago. We picture him as a brave and efficient soldier and a keen and far-sighted statesman — "first in war and first in peace"—but how many realize that he was the outstanding business man of his time and, like all good and thoughtful citizens of today, took an active and helpful interest in hospitals?

When Washington took command of the Revolutionary Army, he found the medical service in a rather chaotic state and the hospital facilities of a character which would be shocking to us, who, when we think of a hospital, visualize a fine hotel, plus all the modern facilities for the diagnosis and treatment of medical and surgical diseases. He ordered a thorough survey of the whole field, reorganized the medical service of the Army and encouraged the development of a "model hospital," which surpassed anything of the kind available at that time.

On April 12, the North Shore chapter, Daughters of the American Revolution, commemorated Washington's love of trees and interest in hospitals by planting a spruce tree on the grounds of the Highland Park hospital, with appropriate ceremonies. This may be regarded as the opening gun of a campaign to stimulate the interest of the citizens of Highland Park in their beautiful, well-equipped and efficient little hospital.

Florence Nightingale, patron saint of nurses, that devoted English-woman, who, by her services in the Crimean war, the Indian mutiny and the American Civil and Franco-Prussian wars, established the basis for the nursing profession of today, was born May 12, 1820.

It is wholly fitting and proper that her birthday should be celebrated as Hospital day—a time when all sincere and earnest citizens are invited to visit the hospitals in their respective neighborhoods, in order to find out about the helpful services they are able to render in times of emergency and ascertain what assistance they need in carrying on the vitally necessary humanitarian work, which no other institutions can do.

In tribute to our first President and to the first modern nurse, but chiefly for your own instruction and enlightenment, you owe it to yourself to go to the Highland Park hospital on Hospital day, May 12, to see the splendid work being done there, to encourage the capable and loyal workers, and to find out what part you can take in a civic enterprise, without which our city would be a far less desirable place to live.

Politics may be adjourned, but judging from the statements flying back and forth from the big headquarters, the boys must be having a rough time on the playground.

**Frank J. Kopp Dies
Funeral Here Monday**

Frank J. Kopp, son of Mrs. William Kopp and the late William Kopp, died in Detroit on Friday at 7:30 p.m. The body was brought back to Highland Park on Sunday. Services were held at St. James church in Highwood, Monday at 9:30 a.m. and burial was made in Ascension cemetery. Services at the grave were conducted by the American Legion of which he was a member.

Besides his mother Mr. Kopp leaves four brothers, John S. and August H. of Chicago, Martin E. of Highland Park and Theodore L. Kopp of Santa Rosa, Calif., and two sisters, Sister Theonella of Chicago and Miss Louise C. Kopp of Chicago, to survive him.

**Request Games For
Gt. Lakes Hospital**

A request is being made for games, playing cards, and magazines for the men at the Great Lakes hospital. There are many in Highland Park, who have packs of cards which are soiled, and they have discarded, and a donation of these and any other discarded games will be appreciated. Do not send games or decks of cards which are incomplete. They may either be left at the Highland Park Press office, or call Mrs. Evva Truax, H. P. 620, and they will be called for.

Roman motorists have a patroness saint. We need somebody to pray to every time we drive out on the highways over the week-end.—Los Angeles Times.

GARNETT'S

Greater Values for Spring 1932

featuring
