

# Pay as You Play at the SUNSET VALLEY GOLF CLUB (HOME OF THE NORTH SHORE OPEN)

**M**EMBERSHIPS in the Sunset Valley Golf Club are available to residents of Highland Park this season for the first time on partial payments.

A first payment of \$10 with the application, and the balance at your convenience within sixty days, will entitle you to play at once on this sporty eighteen hole course.

This offer will hold good only until May 15th, after which applications will be received only with full payment of membership fees and dues.

The Sunset Valley Golf Club is Highland Park's own country club. It is NOT a daily fee course. It offers to the residents of this city and a few selected non-residents a modern course of championship length, (6,504 yards, par 72), with the facilities of a private club, at moderate cost. It brings golf within reach of every Highland Park family.

From a small beginning, with nine rather sketchy holes, the Sunset Valley course has developed into an eighteen hole test of championship golf, and one which extends the abilities of internationally famous players every year in the annual North Shore Open Championship.

### Eligibility

All residents of Highland Park, from the age of twelve years upwards, are eligible for membership in the Sunset Valley Golf Club. Fees, quoted elsewhere on this page, are the most attractive to be found in the district at any club comparable to our community course. There are also a limited number of memberships open to non-residents at slightly higher rates, but still at a most which, when reduced to the outgo per round, is ridiculously low.

### The Course

The eighteen holes of the Sunset Valley Golf course are located on a tract of land just south of Deerfield Road in the Skokie Valley. Thanks to careful supervision and expert attention, the course is now considered the finest community course in the Chicago district, and one which compares favorably with any community course in the United States. An abundance of natural hazards has been used to the best advantage in the planning of the course, and tees and greens have had expert care for a number of years, with excellent results. The Skokie Drainage Canal is a water hazard on eight of the eighteen holes, and a large pond gives us a ninth water hole. Trees and shrubs add to the sporting character of the course.

### The Clubhouse

An attractive club house, with locker rooms and shower baths for men and women, is becoming more and more a center of social activities among residents of Highland Park. An excellent restaurant is operated in the building where table d'hote lunches and dinners may be had at a reasonable cost, as well as a la carte meals, sandwiches, ice

cream and soft drinks. The cheery living room with its huge fireplace, is a favorite gathering place for afternoon teas, bridge parties and other group activities. The Tee Club, an organization of women members, has its headquarters here. The club restaurant is open to visitors.

### The Professional

The management of the course is under the direction of Tom Kelly,

professional. Everyone who has played in Highland Park knows Tom and his cheery smile. He operates a well stocked golf shop and cares for members' clubs at a small inclusive fee. His abilities as an instructor are attested by the fact that his time is always taken well in advance. This season Mr. Kelly is inaugurating class instruction for men, women and children, for which he is certain to have a large enrollment. Individual lessons also will be given by appointment. The golf shop has a supply of golf equipment, cigarettes and soft drinks at moderate prices.

### Registration

Club members may reserve time at the first tee throughout the season. Starting time otherwise is regulated by the order of appearance at the first tee. On Saturday afternoons and Sundays Mr. Kelly personally supervises the play from the first tee.

### Caddies

Expert caddies, all of them fine, attentive lads who live in Highland Park, are available at all times. Under the direction of a caddy master the boys are trained to the duties of a caddy. The club is proud of its boys, many of whom hold junior memberships. The fees are moderate, the charge being \$1 for eighteen holes for Class A caddies, and eighty cents for Class B caddies. Other charges are in proportion with these rates. Caddies for practice receive a fee of forty cents an hour or twenty-five cents a half hour. A member may ask for the caddy of his choice, provided the boy is not previously engaged.

### Applications

Applications should be addressed to the committee on membership, Mr. R. B. Anthony, chairman, at the Sunset Valley Golf Club, Highland Park, Ill. Applications will be accepted at the course office which adjoins the golf shop. All players must register for every round.

### Lockers

Lockers for the day or the season may be reserved. Applications are received in the locker room. The seasonal fee includes towels and soap. For one-day use the locker fee is not inclusive.

### Rules and Regulations

The Rules of the United States Golf Association govern all matches, except where modified by the local rules printed on the score card.
