

come up to
golfer's paradise . . .
Banff

The most exciting golf
course in the world . . .
in a setting that
holds you spellbound

● Choose your tee — one for professionals, "averagers," beginners. Yes, you feel like a million in that alpine air so you tackle a pro's shot. First drive is over the Spray river—dancing and calling for your ball! But over you go—for the greatest adventuring in the game.

Valley-green fairways, perfectly manicured. Mountain "dog-legs." Velvet greens of bent grass. That thriller over *Devil's Caldron*. *The Papoose* and inevitable remarks about adding machines. You never saw such magnet-like traps! \$450,000 worth of labor and materials—and worth it all!

Look up at those shadows on the snow covered mountains. Enchanting? And see that crown-jewel effect of the sun on that mass of mineral and copper in those rocky slopes!

Now look back down the Bow valley—another world isn't it? No those deer can't butt the fence down . . . Ahead? That's the castle. Banff Springs Hotel. It *does* look like something an artist might draw to illustrate a castle in wonderland. But this is real. \$9,000,000 of sheer grandeur and comfort.

And now let's turn left for the nineteenth hole . . . Don't worry about that whetted appetite. The cuisine is world famed.

Come on up and see it all—know the thrill of a mile-high game. You'll want to stay for the whole summer.

Thrilling motoring, climbing with Swiss guides, trail riding, fast tennis, exploring in the wilds. Gay parties, dancing to magic music.

May we send you a booklet beautifully illustrated in colors? It tells the whole fascinating story, outlines the season's social and sporting events. And it is the perfect answer to your vacation problem—especially this year for rates and green fees are reduced in keeping with the times.
