**NOTICE**

To those of you whom we have had the pleasure of serving for the last forty years, we want to express our sincere thanks and further announce that beginning May 1, 1932, we will discontinue the operation of livery cars and cabs, until such time as conditions will warrant our resuming operations.

Safe operation means good mechanical condition of cars, adequate insurance and careful drivers and present prices do not compensate us profitably. We cannot longer be expected to serve you at a loss and to increase prices would not help at this time.

Our garage will remain open day and night, rendering even a better service, if possible, than in the past.
