

BENEATH THIS HOOD

you will find the time-proved and reliable Chevrolet motor, which combines unequalled economy with smoothness, speed, quietness and flexibility

Raise that big, impressive Chevrolet hood! The fine, modern, six-cylinder engine underneath is one of the chief reasons why Chevrolet continues to be America's largest-selling automobile! *For that engine is a six—and only a six, as Chevrolet builds it, combines both built-in smoothness and maximum economy. That engine is mechanically sound!* Three and a half years of continuous improving, refining, and testing have made it as nearly perfect as it can be! *That*

*engine is thoroughly proved—*Its basic design and construction have been tested and proved by billions of miles of service. *That engine is up-to-date in every respect—*It develops 60 horsepower—delivers a speed of from 65 to 70 miles an hour—and accelerates from a standstill to 35 miles an hour in less than 7 seconds. *Its advantages are yours for as little as \$445—*Due to new reduced prices, the new Chevrolet Six now sells for one of the very lowest prices in the market.
