# Special Until Memorial Day FREE INNER TUBE With Each Tire Purchased!

## Extra Values GUM-DIPPED CORDS

The Firestone patented Gum-Dipping process transforms the cotton cords into a strong, tough, sinewy unit. Liquid rubber penetrates every cord and coats every fiber, guarding against internal friction and heat, greatly increasing the strength of the cord body, and giving longer tire life.

## TWO EXTRA CORD PLYS UNDER THE TREAD

This is a patented construction, and the two extra cord plies are so placed that you get 56% stronger bond between tread and cord body, and tests show 26% greater protection against punctures and blowouts. It sets a new standard for tire performance on high speed cars.

## NON-SKID TREAD

Tough, live rubber specially compounded for long, slow wear. Scientifically designed non-skid gives greater traction and safe, quiet performance.

Now is the time to get your car ready for that Decoration Day trip and for Summer driving.

**FIRESTONE** tires appeal to the thrifty. They give Extra Values at the lowest prices ever known.

Firestone do not manufacture tires under special brand names for mail order houses and others to distribute. Special brand tires are made without the manufacturer's name. They are sold without his guarantee or responsibility for service.

You take no chances on Firestone tires. They are silent, safe, long-wearing—and each tire bears the Firestone name, which is a guarantee of satisfactory service.

Firestone's greater economies in buying, manufacturing, and distributing make possible these greater values and lower prices.

Stop at our store today. See sections cut from Firestone tires—special brand mail order tires and others. Take these sections in your own hands—compare Quality and Construction. Then you, too, will know why—“Firestone is the tire that taught thrift to millions!”
