FORD

TRUCK WEEK

**Get the facts about new
transportation economy**

This is an opportunity to see how the transportation needs of a new business era have been met with new economy, performance, and reliability in the new Ford trucks. Your Ford dealer is ready to give you the complete story.

★ ★ ★

Body types to fit every hauling need. 50-horsepower 4-cylinder engine. New freely shackled semi-elliptic rear springs distribute load stresses. Wide, deep, strong frame gives substantial support for bodies. 3/4 floating type rear axle for heavy service. 4-speed transmission. Tubular steel coupling shaft with heavy duty universals at each end. New bi-partible coupling and removable main cross member permit easy servicing of clutch, transmission, and coupling shaft. New comfort and safety for the driver. These features and many others will convince you that the New Ford Trucks can save you money and give you added performance.
