

## MANY CHILDREN AT LOCAL PLAYGROUNDS

**Third Week Sees 700 Registered; Varied Activities Provided; Ball Games**

In the third week of the current Park Board playground season 700 children are registered at the five parks. This is an increase of 100 over last week, and more and more children are registering as the tales of hard-fought baseball games or good sport at the beach travel the rounds.

The high spot of this week is to be a trip to the Cub's baseball park on Wednesday, July 6. It is too early, as we go to press, to report this trip; the management of the Cubs has been kind enough to proffer 100 tickets. The game is the first of the present home stay; the team just returned from an eastern tour. The Cubs opened with the Phillies.

### Baseball Feature

Thus far baseball has kept the limelight. The boys on all the playgrounds are split into teams of 9 years and under, 10 and 11 years of age, and 12 and 13. These age-groups are represented in their respective leagues. They play on Monday and Wednesday mornings, with two games scheduled away and two on their home fields during the season.

The girls are also represented in baseball. There is a girl's team for each playground, with games scheduled on Monday evenings. These games are primarily for older girls, between the ages of 10 and 14.

### Tap Dancing Hours

The times for tap-dancing classes at Sunset park have been changed to Tuesday and Thursday afternoons from 2:00 to 4:00 p.m. These classes, directed by Miss Cancie, are popular as ever, and already have large enrollments. The groups are working on specialty numbers.

Every Monday afternoon at two o'clock there is a Splash Party at the Sunset park wading pool. All children under 12 years are invited; there was a party last Thursday during which 40 children were in the pool. Incidentally, the hours for swimming from Sunset have been changed, and the children are

## Appointed Receiver

J. M. APPEL

J. M. Appel, president of the Highland Park State Bank, yesterday was appointed receiver for the Hubbard Woods Trust and Savings Bank, which bank suspended on February 15th of the present year. The appointments was made by Oscar Nelson, auditor of public accounts.

Mr. Appel took charge of the bank yesterday. The delay in the appointment of receiver for this bank was due to the fact that an effort was made by the directors to secure a loan from the Reconstruction Finance Corporation, in an amount sufficient to pay depository eighty per cent. It appears that the authorities in Washington have ruled against extending loans to a closed institution. When the bank suspended it had deposits of about a quarter-million dollars. The receivership will not interfere with Mr. Appel's duties as president of the Highland Park State Bank.

## CITY BUDGET IS CUT; COUNCIL SLASHES IT

**Action at Meeting Thursday Evening; Still Higher Than Groups Expected**

Agitation started by several hundred Highland Park residents for reductions in the city appropriation and salary ordinances was ended in their favor last Thursday night when the city council decided on reductions amounting to \$139,000.

An additional \$40,000 is to be saved through elimination this fiscal year of the public benefit fund. The ordinance was placed on file and will be up for passage July 11.

Council action Thursday night climaxed a battle that has waged in Highland Park over the appropriation and salary ordinance for the past several weeks since a petition signed by property owners was introduced before the council urging reductions. Petitioners were particularly anxious that the appropriations for salaries be slashed.

### Cut Asked Larger

Although it was a victory for the taxpayers group, the appropriation figure is still about \$84,000 higher than the one they recommended.

In the original ordinance, \$451,000 was appropriated while the citizens group asked a reduction to \$228,000. The revised ordinance approved Thursday night allows expenditures of \$312,000.

The council session attracted many to the city hall who were anxious to learn the outcome of the effort of the citizens committee in protesting the higher appropriation.

The Highland Park City club took the initiative in urging the retrenchment move. After the new ordinance was read R. T. Mack, of the City club, stated the reduction was not all that was desired but he complimented the city council on its willingness to cooperate with citizens.
