DONATE FLOWERS AND FRUIT FOR HOSPITALS

Guild Doing Good Work; Highland Park Day Is Friday; Good Gifts Cheer Sick

Residents of Highland Park, who have been donating generously of flowers, fruits, and vegetables to the Chicago Plant, Flower and Fruit guild, will be interested in the following notes sent to Mr. T. V. Purcell, guild president, by Miss Elsa Reinhardt, superintendent of the Haymarket district, United Charities of Chicago.

"Mrs. S. has been confined to her home since last September when her baby was born. She does not know when she will be able to resume supervision of her household and as she is a very active woman, she frets constantly because she cannot help her children take care of the family. She was so delighted with the flowers that she not only telephoned but wrote me a letter telling me how beautiful they were.

Another Case

"Mr. A. is in the Municipal Tuberculosis sanitarium. This poor man is burdened not only with the knowledge that he is probably incurable, but also knows that his baby was recently found to be an 'open tuberculosis case.' His young wife is not tubercular at present but is extremely underweight and has to be watched very carefully, so that she will not develop the disease. She lives with her parents while he is in the hospital and life for her is very drab. Your beautiful bouquet cheered her greatly.

"Another man, who at one time had his own home and garden in a suburb of Chicago, now lies incurably ill with tuberculosis of the spine. In spite of his affliction and the hopelessness of his situation, he is very cheerful and hopeful. You can imagine what the sight of a bouquet of beautiful flowers did for this man."

All Receiving Help

"All of the above mentioned families are receiving help from the United Charities because of illness and other problems in the home. Our funds are too meager to allow for the purchase of flowers or other things which cheer a sick person. Your gifts afford great pleasure to our families and also cheer our workers when they are able to present something so lovely to the poor and unfortunate."

Are you a regular contributor to the guild? Friday is the day on which Highland Park regularly sends in its contributions. Flowers, fruits, and vegetables are solicited. They are distributed among the sick and poor of Chicago through 28 charitable organizations.

For information as to how you can help, please get in touch with Miss Louise Van Norden, 203 S. Green Bay road, Highland Park, Illinois, who is Flower guild chairman for Highland Park. Your inquiry will be welcomed.

General chairman for the Milwaukee division of the Flower guild is Mrs. Frank W. Kingsley, 1506 Grove avenue, Evanston, Illinois.

Grandma Noerenberg Breaks Hip in Fall

Grandma Noerenberg, mother of F. C. Noerenberg of South Second street, fell and broke her hip last Tuesday at the corner of Laurel and Second street.

She was returning home from town when a little black cat ran under her feet and tripped her, causing her to fall in front of the property formerly occupied by the Bethany church. She got up, having suffered no serious injuries and proceeded on. In front of Bahr's home the cat again ran under her feet, tripping her and causing another fall. This time she was unable to get up and called for help. Mrs. Noerenberg was taken to the Highland Park hospital where it was found she had sustained a broken hip.

Mrs. Noerenberg has a host of friends here who are very sorry to learn of her accident and wish her a speedy recovery.

Mr. H. K. Syson who underwent an operation for gall bladder yesterday at the Highland Park hospital is getting along nicely.

Former Highwood Man Reported in Custody of California Police

Charles T. Bailey, formerly of Highwood, has appeared at police headquarters in Long Beach, California, and surrendered himself to authorities after admitting that he is wanted for the theft of \$2,000 last August 16, from a ticket office of the Chicago, North Shore and Milwaukee railroad, says the Waukegan News-Sun.

According to reports from the California city it was at first believed Bailey was surrendering himself for theft of \$2,000 from the Highwood station of the North Shore line but a check revealed that city was merely his home. The actual theft, it was learned, was at the Adams and Wabash station in Chicago.

Bailey was a ticket agent at the Chicago station for some time and made a trip daily from Highwood. The \$2,000, all in cash, was taken in a lump sum and Bailey apparently gave up his job at once and cleared out of the city.

First reports indicating the theft was in Highwood were checked and Chief Ivor Iverson stated he was positive Bailey had not taken the money there. There was no police report of the incident.

Another agent at the Fort Sheridan station stated there was never that much money in his own or the Highwood station at one time.

An attache of the Waukegan terminal of the North Shore line recalled the theft was in Chicago and that Bailey was a Highwood resident. Officials of the line were expected to start action that will bring Bailey back to Illinois for trial.

Highwood Boy Is Reported Missing

John Wisdom, 19, of 522 N. Central avenue, Highwood, who has been missing from his home for over a week, is being hunted by the police at the request of the boy's parents, Mr. and Mrs. Ernest Wisdom. Police Chief Ivor Iverson has checked the case and believes that the boy left to attend the military tournament at Soldier's Field, Chicago, which opened June 24 and closed July 4. Iverson reports that the boy was known to have been friendly with one of the soldiers at Fort Sheridan who was participating in the drills at Soldier's Field, and may have gone with the troops when they left Fort Sheridan June 23.
