THE HIGHLAND PARK HOSPITAL

Must Remain-Open!

Buy Your Share of Highland Park Service Certificates!

For fourteen years the Highland Park Hospital has been in operation . . . a community hospital organized not for profit but for your convenience, for your protection! Thousands of babies have been born in its maternity department. Thousands upon thousands of emergency cases have been admitted and first aid administered. For twenty-four hours of every day and night the Highland Park Hospital stands ready to serve and to help . . . irrespective of the patient's ability to pay.

And now, like so many worthy institutions in these desperately trying times, the Highland Park Hospital is in a critical position. If we do not rally to its support, our hospital must close!

We do not ask you for donations! We do not ask for charity! We simply ask you to buy Hospital Service Certificates in as large a quantity as you can. These Service Certificates are redeemable in Hospital Service at any time during the year. We sincerely hope that neither you nor any member of your family will find it necessary to receive hospital treatment . . . but in case you do, these Service Certificates are worth exactly the amount paid for them . . . in service in the Highland Park Hospital.
