

MONTHLY MEETING OF COMMERCE CHAMBER

Dinner at Green Tea Pot and
Address by Robert Kingery; Features

The regular monthly dinner and business session of the Highland Park chamber of commerce was held Tuesday evening. The meeting was held at the Green Tea Pot at 6:30 p.m. and a very fine dinner served to the forty-two members present.

Robert Kingery, secretary and general manager of the Chicago Regional Planning association, was the speaker of the evening and addressed the group on "Protecting the North Shore Communities by Zoning." Mr. Kingery's remarks outlined methods of determining existing zoning restrictions and were heard with considerable profit by the members present.

L. B. Sinclair, chairman of the hospital drive committee, made his report and indicated that \$800 is expected from the solicitations throughout the business area. Mr. Sinclair urged those who had not already donated to do so within the next week and to the extent of their means.

Announcement was made of the death of William E. Becker, a member of the chamber of commerce for many years and one of its former secretaries. Upon motion of G. T. Thorne, seconded and carried, a resolution was adopted, tendering to Mrs. Becker our heartfelt sympathy and condolence.

Viola Workman Dies Suddenly Tuesday A.M.

The many friends of Miss Viola Workman were shocked on Tuesday morning when the news of her death was made known. She seemed to be in perfect health on last Thursday evening when she retired. During the night she was awakened with severe cramps, which condition continued for several days. On Monday she was taken to the hospital for observation and an expected operation. She passed away with intestinal paralysis late Monday evening.

She leaves to mourn, her mother Mrs. Minnie Workman-Heintzen and her foster father Mr. Leo Heintzen, her grandmother Mrs. Lizzie Workman and other relatives and many friends. The funeral was held at 2:00 p.m. Wednesday at the Kelly funeral chapel, Rev. H. F. Siemsen of the Bethany church officiated. Burial took place at the Mooney cemetery beside the grave of her father, Mr. Thomas Workman, who passed away September 10, 1918. Miss Viola was born December 1, 1916 in this city, having reached the age of 15 years, 7 months and 10 days. She had completed her first year's work in Deerfield-Shields high school.

FOUNDER OF ROTARY GREET'S CONVENTION

Message from Paul Harris to
International Meet at
Seattle Recently

Following is the message of Paul P. Harris of Chicago, founder of Rotary, to the Rotary International convention held recently at Seattle, at which Harry F. Kelley was the delegate from the Highland Park Rotary club:

To my friends
assembled at Seattle:
Greetings and best wishes, especially to our dearly beloved International President, Sydney Pascall, the first from overseas.

In days of adversity prepare for prosperity.

Adversity purifies the bloodstream; prosperity pollutes it.

No nation ever became great thru prosperity. Nations become great thru adversity. The Roman Empire became mighty during years of adversity, impotent after years of prosperity.

Prosperity encourages physical and intellectual indolence; indolence leads to decadence. Prosperity is not cultural; it frequently is anti-cultural.

To be sure, 1932 is suicide year—another evidence of the fact that it is a mistake to appraise business above life. Many have broken under the stress of adversity but they had been previously cracked under the strain of prosperity. The adversity which they proved unable to endure would have been unbridled prosperity to their pioneer grandfathers who never suffered the blight of too much prosperity.

Take a look at the list of prominent men who have crashed the door to eternity within the present year. Contrast them with the eight thousand school teachers working without pay in the City of Chicago. Have the poor school teachers been committing suicide? No, they haven't even struck. They have never suffered the degenerating influence of prosperity; they have a cultural background; yes, resources within themselves.
