

Indians Defeat Kellars 6-1; Lose 4-3 to Young Men's Club

Hitting two pitchers for eleven hits and scoring six runs the Highwood Indians baseball team defeated the strong Nick Kellar H. C. by a score of 6-4. Pitcher Castellari was credited with a win, allowing the Keller team only seven hits. Rogan got three of the Indians eleven hits, while Taylor and Pasquesi each got two.

In another game with the Highland Park Y.M.C. the Highwood Indians lost by a score of 4-3. Errors were the cause of this, the Indians making four.

After Kellars had started with a run in the first inning the Indians came up for their bat and also scored a run. They came right back in the second to score four more on four hits. This put the Indians in the lead by a score of 5-1.

No more scoring resulted until the seventh inning when Kellars scored a run on three hits. The Indians came right back in their half to also score one and to keep them in the lead 6-2. Both teams had three men up in the eighth but in the ninth the Kellar A. C. started a rally. They started off with a hit and a hit batsman. An error produced two runs but a strikeout and two infield outs gave the game to the Highwood Indians.

Since the Kellar A. C. will play an exhibition game with the White Sox the Indians should be proud to have been able to beat them.

Lose to Y.M.C.

Although the Highwood Indians outhit the Highland Park Y.M.C. they lost the game when Maestri made three costly errors to score three of the Y.M.C.'s four runs.

Artis pitched a nice game against the Y.M.C., allowing only four hits. His opponent was somewhat luckier since his team made only one error. He struck out thirteen Indians however and only allowed five hits.

Each team scored a run in the first inning but the Y.M.C. stretched out a lead when they scored two runs in the second. The Indians tied it up in the sixth but in the seventh they scored their winning run when Maestri made his third error.

Social Service

Our sympathies and our aid are more generously given to the unfortunate who is trying to help himself. There is a man in our community who is constructively looking after his needs with a little aid. He is building himself a little shack on Deerfield road on ground that has been loaned to him. A garden of his own making almost supports him and he is planning to have a truck garden next year. From a donation in the children's fund 50c worth of nails helped him to build this shack. It is 18x14 feet and enough asbestos paper is still needed to cover the roof which is sloping. Social Service is trying to get sufficient furniture for this little home and you will find the list below.

Besides the gifts in the baskets in the stores food is being brought to the Social Service headquarters. It is most helpful and greatly ap-

preciated. One woman brought a 16-lb. ham. It is being kept in Sobey's market and slices are given where needed. One man got a slice who said his family had not had meat in ten days. Another woman brought in a large quantity of currants with ten pounds of sugar and the jars for canning.

The children's fund for Social Service is growing. These little gifts of real sacrifice have helped several. Here is the story:

George and Frances Grimes sent in 59 cents. This bought a dinner for a very hungry man and before he went out to eat he cleaned up a bit and our Social Service director sent out and got him a pair of socks with part of George's and Frances' money.

Barbara Steele and Jeanette Oppenheim brought in canned goods, bought with money they had earned.

Betty Bray did not get any fireworks on July 4th and brought in one dollar that she would have spent. Ond what that \$1 did buy! 50c was spent for nails to build that house on Deerfield road we told you about. A woman who washes clothes called Social Service and said her hot water tank had sprung a leak and how could she ever get enough hot water to do those big washings? We bought two plugs with the other 50c of Betty's \$1 and a man whom the Social Service had helped, volunteered to put the plugs in the hot water tank.

The South St. Johns Circus Crowd who donated \$2.27 also helped to do something good.

There is a boy in our town who has a very lame foot because of a badly broken arch. He used to caddy at one of the golf clubs but he could not do that any more. His foot hurt him so badly he could scarcely do anything. He had a special arch support made and that circus money helped to do that, boys and girls.

The boy can walk now and he is so grateful and happy. He has to have a larger sized shoe because of the arch support. Ask your daddy if he wears a number ten shoe and if so see if he hasn't a pair he will be willing to give to this boy. The boy said he didn't care how much we told about him in the paper he was so grateful. Let's keep that children's fund growing. We will gladly tell your stunt when you send it in.

Needs for this week are: Two single mattresses, two coal or wood stoves, one small gas stove, small ice box, odd cans of any color paint for marking trees to be cut next winter, hammer, screwdriver, nails, pint of mahogany stain, pint of varnish to do over an old desk in headquarters, table, chair, bed, rug, dresser, and bed clothing for the house on Deerfield road; 18x14 ft.; women's shoes sizes 7, 7½, 8, 8½.

Urge Property Owners to Destroy Rag Weed

Dr. C. J. Davis, health officer of the village of Deerfield, is requesting property owners to comply with an order by the local board, to cut all grass and weeds on their property. Dr. Davis stresses the fact that rag weed should be destroyed to eliminate hay fever.

LIONS INTERNATIONAL CONVENTION JULY 19

When President Julien C. Hyer, of Fort Worth, Texas, convenes the 16th Annual Convention of the International Association of Lions clubs at Los Angeles, California, on the 19th of this month, it is estimated that 15,000 delegates and guests will be in attendance, representing a total membership of approximately 80,000 Lions in 2,600 clubs in the United States, Canada, Cuba, China and Hawaii.

Hon. James Rolf, Jr., Governor of California, will deliver the address of welcome, and the keys to the city will be presented by the Mayor of Los Angeles.

The growth of the association since it was founded in 1917 as the first of the great organizations based solely on service to others, has been most rapid, and it is now the largest service club in 28 States of the Union and the District of Columbia. This remarkable growth and extension is the natural consequence of the unusual success of the individual clubs as community builders.

Probably the most famous of the many notables present will be Lion Bernt Balchen, the internationally known aviator, who will fly from Hasbrouck Heights, New Jersey.

The session will last four days.

Mrs. Margaret Freese Passes Away Friday

Mrs. Margaret Krimbill Freese passed away Friday morning, July 8, at her home on Deerfield avenue, Deerfield, at the age of 84 years.

She was born January 28, 1848 on a farm in Northfield township, a daughter of Mr. and Mrs. Jacob Krimbill. At the age of 22 she married Frederick Freese, and five of their six children survive: Mrs. George Baxman of San Diego, Calif., Mr. Ben Freese of Demon, S. Dak., Mr. Herbert Freese of Eau Claire, Wis., Mrs. Roscoe Wessling and Miss Bertha Freese of Deerfield. Miss Hattie Freese preceded her mother in death, many years ago. Mr. Freese passed away in 1908.

Soon after the death of the husband and father, Mrs. Freese moved to Deerfield, where she has resided ever since.

The usual infirmities of age and especially a gradually failing eyesight were a sore trial to one who had always been so active. Everyone who knew "Grandma Freese" loved her and enjoyed her company.

Besides her five children, she is survived by a sister, Miss Anna Krimbill of Chicago, three grandchildren Mrs. Lillian Schinleber of Northbrook, Roy Baxman of Calumet City, Ind., and Dorothy Marfour great grandchildren, William Margaret Wessling of Deerfield; also Jr. and Leroy Schinleber of Northbrook and Dorothy and Horace Baxman of Calumet city.

Funeral services were held Sunday afternoon at the Roscoe Wessling home and at the Bethlehem Evangelical church with Rev. E. J. Brusco officiating. Interment was at the North Northfield cemetery.

Says Depositors in Deerfield Citizens Bank Will Get Money

Depositors of the Citizen's State bank of Deerfield, that closed its door a month ago, will get dollar for dollar on their deposits, according to Attorney Minard Hulse, of the firm of Hall and Hulse, says the Waukegan News-Sun which continues as follows:

The deposit liability of the bank was \$24,947.91 at the time an assessment in the form of a stockholder's liability suit can collect a maximum of \$50,000, according to Hulse.

Included in the list of stockholders are several men reputed to be wealthy, as well as one insurance company with an assessment of \$24,000 due.

The company will not be assessed the full 10 per cent liability unless other stockholders default, Hulse explains, but he doubts if this will be the case. Instead he rather expects that each stockholder will meet an assessment that will not exceed 50 per cent of the stock liability by much.

The accounts in the bank ran from 25 cents up to about \$400 for the highest, with the average account running around \$10.

Deerfield Village Board Hold Meeting

Last Tuesday evening, at the Deerfield Village Board, Dr. Russell Sugden was appointed assistant health officer to Dr. C. J. Davis, who has served in that capacity for thirty years. Dr. Sugden is Dr. Davis' assistant in his local practice and so it seems very fitting that he should be appointed assistant health officer.

An ordinance was passed regarding the shooting of fireworks and their sale. A fine of not less than \$5.00 and not more than \$100.00 will be made for any who handles, stores or uses fireworks. The injury to a local child has brought the dangers of pyrotechnics closer, and the realization of their deadliness has been demonstrated. The village authorities will enforce the ordinance.

Property owners are being requested to cut down weeds and trim shrubbery which overhangs the sidewalks. The committee appointed for this purpose is composed of Edward Segert, E. H. Selig and J. R. Notz.

A committee of six has been appointed to meet with the Highland Park hospital board to find out what is necessary for Deerfield to do, in response to the hospital's appeal for aid. E. H. Selig was appointed chairman of the committee which includes Mrs. A. R. Warner, Mrs. C. W. Boyle, Clarence Huhn, Paul Hunter and James O'Connor.

Mayor Hood presided at the meeting and all were present except Ira Hole and C. M. Willman.
