## Letter to Deerfield Asks Settlement for Water Used in Village

(Continued from page 3)

rate charged by Deerfield prior to  
April 1932 was 30c per hundred  
"We are informed that the water  
cubic feet with 5c reduction for  
prompt payment.

"The balance due and unpaid for  
water used by the Village of Deer-  
field on April 19, 1932

was .....\$19,327.25  
Since that date you paid.. 3,750.00  
Balance due .....\$15,577.25

"The City of Highland Park has  
furnished you water at the same  
rate it charges like inhabitant con-  
sumers and the City of Highwood,  
that is, fifteen cents (15c) per hun-  
dred cubic feet where quantities of  
135,000 cubic feet are used in one  
year.

"The City of Highwood obtains its  
water supply from Highland Park  
and sells it to its inhabitants at the  
rate of twenty five cents per hundred  
cubic feet, yet the City of Highwood  
has paid for its water promptly and  
had a surplus, according to the offi-  
cial report of the Highwood City  
Treasurer on February 29, 1932, of  
\$7,447.61, and on May 31, 1932, a  
surplus of \$6,615.92, all operating  
expenses paid.

"Had the Village of Deerfield sold  
the amount of water it purchased  
at the net rate of 25c per hundred  
cubic feet and collected for the same  
it would have received \$25,883.00  
for the water purchased for the fis-  
cal year ending May 1, 1930, \$23,-  
101.50 for the fiscal year ending  
May 1, 1931 and \$26,980.00 for the  
fiscal year ending May 1, 1932. Up-  
on this basis there would have been  
a surplus, after paying all operat-  
ing expenses, water bills and allow-  
ing 20% loss in distribution.

"The Village of Deerfield was delin-  
quent in its payment for water  
furnished by the City of Highland  
Park in April 1931, and on account  
of this fact and the fear that the  
water would be shut off unless the  
bill was paid, the Village of Deer-  
field filed a bill for injunction on  
April 13, 1931 to stay any such ac-  
tion until the bill could be paid or  
a supply of water obtained from  
some other source.

"Thereafter on July 24, 1931, all  
members of the Village Board and  
of the City Council of the City of  
Highland Park met with their re-  
spective attorneys at the City Hall,  
and upon due consideration of all  
the facts and circumstances the bills  
were audited and found correct and  
the Village agreed that it would  
pay the bill as fast as possible. Lit-  
tle or no progress was made to per-  
form, and again, in April 1932 all  
the members of the official boards  
of Deerfield and Highland Park had  
a further conference and an agree-  
ment was had whereby the unpaid  
water bills should be liquidated at  
not less than \$1000.00 per year  
without any interest, and the cur-  
rent water bill paid not later than  
May 1st. Yet, the Village Board

have not performed and now pro-  
pose to litigate the question.

"We would suggest that the Vil-  
lage Board endeavor to find out  
what became of the water they have  
purchased and if it has been used  
procure payment therefor and if it  
has been wasted by leaks, stop their  
leaks and pay their bills.

From a comparison of what the  
City of Highwood has done and is  
now doing with what the Village  
of Deerfield has done and is now  
doing, it would appear that there is  
gross mismanagement in the water  
department or a diversion of the  
funds from the receipt of water.

"We respectfully ask that you pay  
past due bills and enter into contract  
according to your verbal agree-  
ments or arrange to get your water  
supply from some other source,  
without further delay.

Respectfully submitted,  
Lyle Gourley  
Acting Mayor of the City  
of Highland Park."

## Wandering Cow Hit by Auto; Woman Hurt

A stray cow sauntering up High-  
way 22 near Waukegan road late  
yesterday afternoon caused an auto  
crash that brought a serious eye  
injury to Miss Jane Robinson, of  
1026 Ashland avenue, Wilmette.

The cow apparently decided to  
cross to the opposite side of the  
road and stepped directly in the  
path of the auto driven by Mrs. W.  
B. Robinson, mother of the injured  
girl.

The critter crashed a side of the  
machine and a shower of broken  
glass flew into the car resulting in  
the eye injury for Jane Robinson.

She was taken to the Highland  
Park hospital where medical atten-  
tion was given. Although the glass  
penetrated into the flesh about the  
girl's eye, it was reported she will  
not lose her sight.

Riding with Mrs. Robinson and  
her daughter was Mrs. J. M. Smith,  
of the same address in Wilmette.

## Fox Lake Bank Bandits Still at Large; Reward of \$1,000 Is Offered

Although a \$1,000 reward dangles  
over their heads, three bandits who  
looted the Fox Lake bank last week  
of \$2,400, continue to avoid cap-  
ture.

Besides the forces of Sheriff Les-  
ter T. Tiffany, police of the north  
shore and Cook county continued  
the man hunt, believing the trio to  
be hiding in the area.

**MONUMENT  
MAUSOLEUM OR HEADSTONE  
THE OLD AND RELIABLE  
CHAS. G. BLAKE CO**

5608 N. Western Ave., Chicago  
Opposite Roosevelt-Western ave. entrance  
Tel. Longbeach 1161 - Free Booklet  
Also Opp. Oakwood & Mt. Rose Entrance  
Long Office - 528 N. LaSalle St.

One valuable clue was unearthed  
by Arthur Froelich, state highway  
policeman, who traced the car used  
by the bandits to a farm where the  
expedition started from. In this  
farm, according to the information  
gained by Froelich, the trio kept  
a change of cars to confuse police  
seeking an identification of the ma-  
chines.

## St. Paul's Church to Hold Picnic Sunday

The annual outdoor services of  
St. Paul's Evangelical church will  
be held Sunday, July 17, at Sunset  
park in Highland Park. The morn-  
ing open air worship service will  
begin at eleven, followed by a fel-  
lowship basket dinner. At one  
o'clock there will be races and con-  
tests for young and old with val-  
uable prizes for all. One hundred  
prizes will be given to the children.

About five o'clock there will be a  
baseball game—married men vs.  
single men.

## Mrs. Tennerman Heads Salvation Army Drive in Deerfield Village

Mrs. William A. Tennerman, 1020  
Oakley avenue, Deerfield, Illinois, is  
reported as chairman of the annual  
Home Service Appeal launched in  
Deerfield last week and Ira Gard-  
ner, cashier, of the Deerfield State  
bank has accepted for the second  
time the treasurership of this drive.

Similar drives are being conducted  
at this time in all of the cities and  
towns of Lake county for the pur-  
pose of raising funds to continue  
the work of the Salvation Army  
in its several state-wide institutions  
and social service departments.

Roy James Battis, educational di-  
rector of the Army, in a statement  
made to Mrs. Tennerman stated that  
never in the history of the organ-  
ization has there been a greater de-  
mand for relief of all descriptions  
and from all sources than during

the past year. These demands have  
taxed all institutions and depart-  
ments to their fullest capacity both  
physically and financially and judg-  
ing from present indications the  
Army will be called upon to con-  
tinue his capacity service for some  
time to come. "The giving of aid,"  
said Mr. Battis, "to all cases in  
need or distress is not altogether  
a charity problem. It is an eco-  
nomic situation which the Army's  
officers are endeavoring to meet and  
which affects every county in the  
state regardless of their size or lo-  
cation. Problems are being sent  
constantly from various social ser-  
vice groups in the respective coun-  
ties to the Army's state-wide insti-  
tutions which means an expenditure  
of funds far greater than is ever  
received from those counties. The  
Army, however, is very grateful for  
any support which the citizens of  
Deerfield may give in this annual  
appeal and can assure everyone that  
the funds will be properly expend-  
ed."

## TELLS HOW TRADE REVIVAL STARTED

San Diego, Calif., Gets Upward  
Break When Woman Re-  
fuses to Buy Washer

How a trade revival was started  
in San Diego, Calif., through the  
refusal of a housewife to purchase  
a washing machine which she need-  
ed and for which she had the money  
is told in a special dispatch to the  
Christian Science Monitor, which  
may contain some encouraging hints  
for similar campaigns against de-  
pression influences. The Monitor  
story says:

Several months ago, Mr. A. H.  
Isham, the head of an electrical  
products company in San Diego,  
"Yes, Mr. Isham," she replied  
talked with a housewife as a pros-  
pect for a washing machine.

frankly to his salesmanship talk, "I  
do need the machine badly. I have  
wanted to buy one for three or four  
months and we have the cash to  
purchase it, but my husband and I  
have talked this over and decided to  
wait for another month or two to  
see how conditions are and if my  
husband will still have his job."

That interview convinced Mr. Ish-  
am that something should be done  
"to alter the mental attitude of hun-  
dreds of thousands of prospective  
buyers in the United States held  
back by fear from spending their  
earnings."

### Prosperity Builders

After working out a plan to in-  
crease buying by appealing to the  
public's patriotism and sympathy,  
Mr. Isham organized the Prosperity  
Builders and obtained the support of  
local trade organizations.

The groundwork was laid by the  
publication in newspapers or articles  
by prominent people pointing out  
that San Diego is in an admirable  
position to start the back to pros-  
perity movement since about 16,000  
family heads of the army, navy, city  
and county have not been affected  
by the economic situation, but rath-  
er are better off through the lower  
cost of living. The radio was also  
utilized in the pre-campaign.

On June 1, Mr. Isham started a  
campaign of action. The whistles  
of the factories announced the open-  
ing of the drive and stores began  
distribution of "Prosperity Build-  
ers" buttons to each buyer. Motion  
picture houses aided the drive with  
news reels giving slogans of pros-  
perity. Special railroad rates were  
given and newspapers and billboards  
gave free space.

### Samples of Slogans

Here are a few samples of the  
slogans seen everywhere in San  
Diego:

"A 10 per cent increase in busi-  
ness will put father and brother back  
to work."

"Buy that radio you have been  
saving for."

"If business shows a 10 per cent  
increase, your brother won't lose  
his job."
