SUPER-HIGHWAY PLAN HEAR NEARS SUCCESS

Most of Right of Way Through Skokie in This City Is Secured Is Report

With the exceptions of easements through four pieces of property, right of way for the Skokie super-highway through Highland Park has been secured, it was reported by Acting Mayor Lyle Gourley, at a meeting of the city council last Thursday evening.

One of the difficult problems confronting the city in its effort to obtain a route through the city for this boulevard is arranging for right of way through the Northmoor club, as the road would take a 100-foot strip off its golf course. However, it is believed that negotiations in this direction will be successfully concluded, it was explained. It may be a month or more before a final report on the right of way through the city will be available, it was predicted.

Seek 100 Feet

A 100-foot right-of-way has been secured through most of the Highland Park sector by the city council, and, for a time, it was anticipated that easements for the roadway would all have been secured by the time of the council meeting last night.

Ordinances were presented at the city council meeting last night proposing revisions of the building code which will permit property owners along the proposed new roadway to erect business buildings if they desire.

Through Skokie

The Skokie roadway will follow the Skokie Valley branch of the North Shore line railroad through Highland Park and an entire new roadway must be secured through an area now occupied by subdivisions, estates and golf courses.

Several of the owners giving land for the right-of-way wanted the right to erect business buildings if they deemed it desirable to do so.

The proposed amendments to the building and zoning ordinances will be acted on at the next meeting of the city council. No meeting was held Monday evening of this week.

The Skokie roadway, a state project in both Illinois and Wisconsin, will eventually provide a 100-foot roadway from Chicago to Milwaukee.

Predict Peg-Top Pants Will Be Fashionable for Men in Fall Wear

A second hey-day is forecast for peg-top trousers, companion of the button shoe in the early years of the new century.

Clothing designers have made this old-new style official for fall wear. With the peg-tops will be the draped sack coat with wide shoulders and accentuated waist.

Material for fall will be softer than during 1931-2. Stylists hope to take the stiffness out of the American public with grays and browns. Shades will be subdued.

The vogue decree was issued by the International Association of Clothing Designers, ending a three-day session here today.

Highwood Indians Win Two Games; Others to Be Played This Week

Mareno "Flip" Maestri pitched so fast a ball to the members of the Highland Park Y.M.C. baseball team that only seven batters could see it well enough to hit it safely out of the infield. Mareno also struck out twelve men to make his 7 to 3 victory complete. Taylor, O'Conner, Castellani, and Artis did all the damage for the Indians by getting nine out of the twelve hits off the pitching of Harder and Suttle.

Scalp Lake Zurich

The Highwood Indians won their 13th victory when they trounced Lake Zurich by a score of 18 to 3. When Lake Zurich scored two runs in the first two innings it looked like the Indians were in for a tough game but with an eight run rally in the third inning the game began to look more like a track meet.

Castelari won his seventh game of the season when he allowed only three runs on two hits. Castelari has pitched two 2-hit games, two 5-hit games, and one 3-hit game.

Play Deerfield Friday

On Friday, August 5, Castelari will be pitted against Bruhn of Deerfield who has been accredited with a shut-out against the Highland Park Y.M.C. Castelari has beaten Deerfield and Bruhn has beaten the Indians so now it is a matter of the two best pitchers of each team fighting it out for a victory. The game will be played on the Highwood field and will be called at 6:30. There will be no admission charge and it is hoped that a large crowd will turn out to see a close battle and a pitching duel.

City Series Sunday

Playing the first game of what might be called a city series the Highwood Indians and the Shamrocks will meet on the Highwood field Sunday, August 7, at 3 o'clock sharp.

The Shamrocks have won seven straight victories and are out to get their eighth while the Indians will be fighting for their fourth win.

"Pop Eye" Hickey is to do the pitching for the Shamrocks and the Indians will either use Artis or Maestri.

If you want to see two of the greatest rivals bat it out you are welcome to attend the game at a nominal cost on Sunday, August 10 at the Highwood field.

To Install Automatic Gates at Highwood Ave.

The Illinois Commerce Commission on Monday directed the Chicago, North Shore and Milwaukee railroad to install at the crossing of Highwood avenue with its shore line route in the city of Highwood, Lake county, automatically operated crossing gates, according to a report from Springfield. The company also was directed to place fences or barricades about its park space adjacent to the Highwood avenue station to prevent crossing of or trespassing on its tracks in that vicinity other than at the designated points.
