SCOUTS AID AT GOLF TOURNEY

Last Monday, Aug. 22, about fifty Scouts from Highland Park and Lake Forest assisted in parking cars and the like at the North Shore Open Golf Tournament at the Sunset Valley Golf club. Arrangements were made through Mr. L. G. Briggs and the group was in charge of John P. O'Connor, Scoutmaster of Troop 35, Ravinia.

LIBRARY LOANS BOOKS TO CAMP

As in former years the Highland Park library very kindly sent 122 good books to Camp Ma-Ka-Ja-Wan to supplement the library, which operates each summer for the convenience of the campers. George Hinn was camp librarian and vouches for the extensive use that those and all books got at camp this summer.

If anybody has any books that they would like to send to camp they may leave them at the Highland Park headquarters at 21 N. Sheridan road, Highland Park. If you wish to have them called for, call H. P. 629.

SCOUTER STILL HOPES FOR FISH

Myron C. Rybolt, the scout executive of the North Shore Area council, was fishing for muskie this week on the Wisconsin river with Mr. Lorenz and Mr. Kirk, scout executive from the Samoset Area council. As this went to press we hadn't heard any fish stories but if his muskie fishing proves to parallel his pike and bass records we're bound to hear about a "beaut."

SCOUTS SEE BANJO KING

Eddie Peabody, the banjo king, was on the stage at the Uptown theater last week invited all scouts and scouters to a Scout Rally at the theater on Monday, the 15th. When they left the theater after a fine show, including Mr. Kiplinger, the Regional Executive, Mr. Finnell, deputy regional executive and his brother, and Eddie Peabody with his banjo and "Tom and Hank, trick riders and ropers, they all felt that they had had a splendid morning.

Eddie Peabody is a very enthusiastic scouter, being actively connected with ten troops throughout the United States and Canada.

A tenderfoot investiture ceremony was conducted on the stage to Tom and Hank McFarland who prepared themselves as tenderfoot scouts between "acts."

About fifty north shore scouts were at the rally.

SCOUTS ON CANOE TRIP

Last Saturday the Scouts of "Troop One-Eleven of the Air" left for Marlands, Wisconsin, where they began their longed for canoe trip down to Rhinelander. Getting a good start on Fence Lake Sunday morning they paddled their way down through a chain of lakes to Tomahawk. They arrived in Tomahawk on Wednesday and started down the Wisconsin river. They expect to arrive in Rhinelander on Friday evening and to return to the north shore on Saturday.

SCOUTS MISS CAMP LIFE

We hear on all sides, "Gee I sure wish I was back at camp." It's all over and so quickly. However the more the scouts miss camp after they have been there the quicker

they are to return. The reaction is not without reason and any red-blooded boy is always "a rarin'" to go back to scout camp where men are men and boys have a good chance to express themselves.

SCOUT EXECUTIVES ON VACATION

The members of the executive staff of the North Shore Area council are spending their vacations in rather widely separated areas. Mr. Rybolt is spending his with his family at the Scouters' (formerly family) camp in Wisconsin, across the lake from Camp Ma-Ka-Ja-Wan. Mr. McManus is touring the middle west and near east, inspecting other scout camps and just seeing the scenery they and their surrounding areas provide. It seems the globe trotter of the outfit is Mr. Boltz who "went East" to visit friends and relatives in New York and New England.

The office secretaries spent their vacations close to home. They'll all be back soon ready to make the fall program "pop."

SCOUT SHIP IS ON CRUISE

On Monday, August 15, the Sea Scout Ship Albatross sailed from Navy Pier, Chicago, for a two weeks cruise on the Great Lakes. On the following Monday, August 22 word was received in the council headquarters to the effect that the ship was at Mackinac Island, Michigan and that they were bound south for Manistique or Charlevoix. This is the sixth cruise for the schooner. "Skipper" Jack Demorest has been in command all summer and has been ably assisted by his mate and chef, "Svenz." Following is a list of Sea Scouts and leaders that are aboard: John Betak, skipper, Lewis Birdsall, Walter McQuire, Motley Bryant, Bob McQuire, Walter Haas, Fred Leason, Jim McNamee, Harry Keator.

Two Sets of Twins Are Born Within Few Days

Mr. and Mrs. Clarence Madson of Gurnee are parents of twin girls born last week at the Victory Memorial hospital, Waukegan. One weighed five pounds, two and three-eighths ounces, and the other four pounds and thirteen and one-half ounces. Mother and babies are doing nicely.

This was the second twins born at the hospital within a few days, Mr. and Mrs. John Stevenson of 2819 Elizabeth avenue, Zion, welcoming twin girls at the hospital on August 13.
