RESCUING CREW HAS NARROW ESCAPE HERE

Boat Capsizes as Police Go To Aid of Sailboat Saturday; Finally Saved

Going to the rescue of a youth in a disabled sailing boat Saturday, Martin Kopp, Highland Park policeman, and Jerry Noerenberg of the Highland Park waterworks narrowly escaped drowning when waves capsized their craft more than a mile out in Lake Michigan.

They were close enough, however, to the disabled sailboat to swim to it and crawl aboard, it was reported. The owner of the sailboat, J. H. "Red" Miller, 19, of Highland Park, had been desperately bailing water to keep the craft afloat and the two men who had come to his rescue joined in the fight against the high waves.

Chief Aids in Rescue

They signaled people on the shore who had been watching the rescue attempt, and Police Chief Edward Moroney of Highland Park was notified. Together with Commissioner Lyle Gourley, Moroney hurried to

Woman Shot in Mouth by Bank Bandits Is Now in Highland Park

Mrs. Monetta Steffen, who was seriously wounded when bandits held up and robbed the Lake County State bank of North Chicago on September 7, was removed to the home of her husband's parents in Highland Park Saturday from Victory Memorial hospital.

Her jaw was shattered by a bullet which threatened her life until she coughed it up several days after the robbery. She is being fed thru the nose with a rubber tube. When her health has sufficiently improved bone grafting will be attempted by oral surgeons, it is reported.

Social Service

Citizens of Highland Park aware of the needs at Social Service were very generous on canning day last week. Tomatoes and plenty of jars were donated. At the Presbyterian church 109 quarts of tomatoe juice and 36 bottles were canned to be given out this winter as needed. In several cases baskets of tomatoes and fruits were brought to Social Service and given to individual families to put up. The family kept half and returned half to headquarters. Of these there were returned 41 quarts of tomatoes, 4 bottles of grape juice, 1 jar of apple butter and 2 dozen jars of jelly.

On Monday morning of this week 55 men were in headquarters wanting a chance to cut wood for their winter fuel. This work is being organized as rapidly as possible.

Needs are, women's coats size 40-42-44. Children's shoes and stockings, all kinds of underwear, kerosene lamps and stoves and heating stoves, men's clothing, boy's and men's shirts, and sweaters.

Cast for "Rebound" Completed Monday

Casting for Rebound, by Donald Ogden Stewart, was completed last Monday night, and the Ravinia Players have started rehearsal immediately for the first of the five shows they plan to bring to Highland Park.

Gertrude Williams will appear in the role of Sara Jaffrey, a young, modern woman, around whose problems the play is built, and Sherman Goble, Jr., of Winnetka will play opposite her as Bill Truesdale, "The Great Lover."

The parts of Liz and Les Crawford, the ideal married couple, will be portrayed by Mary Lou McClerman and Bill Nicholls, both well known names on Highland Park and North Shore theatre programs.

Miss Jackie Buhl and Mr. O. S. McCorrison, will take the parts of Evie Lawrence, the "predatory woman," and Lyman Patterson, the "rich victim." Johnny Coles, a boy disappointed in love, and touched with artistic "queerness," will be in the capable hands of Morgan Weed, of Glencoe.

Mrs. Harold Lynn will be the domineering Mrs. Jaffrey, and Lassie and Elizabeth Davis will appear in the short but humorous roles of two French Maids.

Eugene V. O'Brien of Winnetka is directing the first production. Mr. O'Brien, for several years, has worked with the Loyola Community Players, and has also appeared in many of their productions.

Subscription for the year is only two dollars, which is a saving of fifty cents for the five shows of the season. For information write to the Ravinia Players, Box 99.

Legion Charity Ball to Be Held Nov. 11

Members of Dumaresq Spencer post No. 145 American Legion are planning to hold their annual Charity ball on the evening of November 11 at the Highland Park Woman's club.

The object of this dance is to carry on the relief work during the winter months which has been sponsored by the local post in past years.

The committee in charge have completed plans for a most successful program and ask the hearty cooperation of the people in this community.

First Community Playday Successful

The first of the community October Playdays, which are being sponsored by the Y.W.C.A. for the girls of Highland Park, was judged a great success by the hundred or more girls who attended last Saturday, October 1. After a swim in the Deerfield-Shields pool under the supervision of Miss Marie McCormick, Mrs. McManus, Miss Dickerson, Miss Myra Jane Hutton, and Ruth Larson, all Senior Red Cross Lifesavers, the girls went out to Sunset park for lunch and the remainder of the program. The schedule was as follows for girls ten to fourteen:

1:00-2:00 Interest groups:

Tap dancing, Miss McCormick.
Track and field, Miss Hutton.
Dramatics, Miss Geary.

2:00-3:00 Interest groups:

Tap dancing, Miss Dickerson.
Volleyball, Miss Hutton.
Dramatics, Miss Geary.
Tennis, Miss McCormick.

The girls of ages between six and ten were under the direction of Miss Ruth Siljstrom and Miss Janet Davis graduates of National College of Education, and carried out their own program of games, story-telling, and dancing.

At 3 o'clock the entire group assembled for songs, stunts, and a Treasure Hunt, and left at 4:00, tired but well pleased with the day.

A few more girls can be accommodated by those in charge of the programs; so registration for the remaining Playdays is still open. Girls who have not registered will not be admitted to the swimming pool this coming Saturday.

The plan is to let these playdays culminate in one big Community Interscholar Playday on the fourth Saturday in October. This final program will be open to visitors and will be for the enjoyment of the entire community.

Miss Jessie L. Pocock is opening children's classes in ballroom dancing and deportment in Highland Park on Monday afternoon, Oct. 24, at the Y. W. C. A.

This season there will be two classes during the afternoon, the younger children coming to the first class.

The high school assembly which proved so successful last year is going to open on Saturday evening, Nov. 12. There will be ten parties during the season.

Miss Kathryn Sousa Bowen, who assists Miss Pocock, will again have charge of this group. The young people who attended this assembly last season are looking forward to receiving their invitations for the coming winter.

The Y.P.M.C. of the Bethlehem Evangelical church, Deerfield, will meet at the Arno Frantz home with Miss Ruth Frantz as hostess, on Tuesday evening. Clifford Stanger will lead the meeting and have charge of the program.

FIRE CHIEF URGES PREVENTION CARE

Warns of Fire Hazards and Says Danger May Be Averted by Early Repairs

The estimated national fire loss for the year 1931 was \$464,633,265. The loss in the state of Illinois was \$16,935,749 and our contribution to the state fire loss was \$23,294.

This is too high a price to pay for carelessness, which is the underlying cause of ninety per cent of all fires. Eighty per cent of the fires in Highland Park are in homes and a large percent of these fires are the result of carelessness, Fire Chief Edward Hoskins, says in a statement urging care in fire prevention.

During the year 1931 the fire department made 1,545 inspections of public buildings, and from these inspections numerous hazards (fire hazards) were removed or corrected to the amount of 444, he says. As a result of these inspections there

District 111 to Hold Special Election Oct. 8

A special election will be held at the Oak Terrace school on Saturday, October 8th between the hours of 12 m. and 5 p.m. for the purpose of voting on the following proposition:

Shall the Board of Education of School District No. 111, in Lake county, Illinois be authorized to levy a tax annually upon all the taxable property in said district in the amount of 1 4/5 per cent for educational purposes upon the aggregate valuation of all taxable property within the said school district.

The board is submitting this question to the voters of the district hoping that they will give their approval to it so that our school system will not be seriously dismantled and that our children will not be robbed of a part of the educational opportunity which has been given to children of former years.

Rumors have been circulated to the effect that taxes would be higher next year if the question is approved. Such is not the case for the County Board of Review has reduced the valuation of property in the district about 15 per cent and this question proposes that less than one third of such reduction shall be allowed for educational purposes.

Voting "Yes" on this question means that the income of the district will remain as it is at present.

All legal voters residing in the district may vote on this proposition and are urged to do so as the success of this election is vital to the future of the school.
