# See the CHICAGO WORLD'S FAIR WITHOUT COST

Be the guests of the local merchants whose names appear below — A special offer open to all North Shore residents.

THE action, thrills, life, color, fun of A CENTURY OF PROGRESS—the most spectacular international exposition the world has ever known—will begin Thursday, June 1st, 1933, at 10 a.m.—only 8 months away! YOU will want to see it, too! You will want to see the miracles of modern architec-

ture that are the World's Fair Buildings . . . the wonders of modern science and invention that are the exhibits.

Trade at the stores listed below which give Official World's Fair Certificates. Save them—they are your World's Fair Spending Money! From June 1 to Dec. 5, 1933, you can use them in lieu of cash, at their face value, for admission, food, amusement. And more! You can use them in hotels, restaurants, gar-

ages . . . for transportation and many other accommodations. The success of the Fair is assured. It will go down through the years as the dawn of the era of modernism. You will not want to miss it. The plan of seeing the Fair without cost is as unprecedented and modern as the amazing Exposition itself. No other Fair has ever offered a similar opportunity. Credit goes to the alert North Shore merchants whose co-operation has made it possible.
