Indian Football Team Defeats Panthers 8-0; Plays Merchants Sunday

Outplaying their rivals in all stages of the game, the Highwood Indian's football team succeeded in defeating their heavier opponents, the Evanston Panthers, by a score of 8-0, on the Highwood field, Sunday, Oct. 9.

The Indians gained two hundred ninety-one yards and scored fourteen first downs, against the Panther's seventy-nine yards and two first downs. Ossian Carlson and Don Bartlett did all the ball toting for the Indians with continual gains through their opponents line, while the Indian's line held out their opponents so that they were forced to try some end runs.

In the first quarter, after an exchange of punts, the Evanston Panthers were in possession of the ball on their own ten yard line. A few line plunges failed and Evanston was forced to try a punt. The ball was snapped, and before the Panthers had a chance to kick, Brass tackled the punter behind the goal line for the Indian's first score.

The score remained the same throughout the first half with the Indians making continual gains to the goal line, but being held by their opponents every time a touchdown was in sight.

When the second half started, the Indians came out a new team and never did the Panthers manage to get into their territory. The Panthers were forced to kickout of danger every time they had possession of the ball, and in the third quarter they were forced to attempt a punt from behind their own goal line.

A bad pass from the center caused the Panther's kicker to fumble and Canitani recovered for the Indians, making the score 8-0 in their favor. The game ended with the Indians in possession of the ball in the Panther's territory.

Play Merchants Sunday
 This coming Sunday the Highwood Indians will meet the Chicago Merchants, at the Highwood field, at two-thirty p.m.

The Chicago Merchants are composed of a group of Harrison Tech graduates and workers at the S. Oakley Avenue Market. The average weight of the team is about one hundred eighty pounds and are considered one of the fastest teams in their neighborhood. There will be a small admission charge and it is hoped that a large crowd will turn out to back up their local team with cheers.

Rachmaninoff Now a Resident of U. S.

Sergei Rachmaninoff, famous Russian composer-pianist, who will be heard Oct. 31 at the New Trier high school, Winnetka, now makes his home in the United States. This has been since the downfall of the old regime in Russia, when the Rachmaninoff estates were confiscated by the revolutionary government, and the composer and his family had to flee from Moscow. They found asylum for a time in Sweden, then pressed on to Denmark, finally reaching the United States.

This calamity which forced Rachmaninoff from the soil he so much loved, has had an advantage for at least American music-lovers. For it naturally affords them more frequent opportunity to hear this commanding musical personality, who, as a pianist registers an impression wholly unforgettable and as a composer is one of the towering creative forces of the times.

Rachmaninoff was born in Onega, Russia. At the age of four, he showed musical interest, and his first lessons were taught him by his mother. At the age of nine, his family moved to what was then St. Petersburg, and young Rachmaninoff was entered at the Imperial Conservatory. Three years later, he was studying at the Moscow conservatory under such teachers as Zvieref, Siloti, Taneyef and Arensky. Here he won the gold medal for his one-act opera "Aleko," which was produced at the Moscow opera in 1892. Rachmaninoff made his first appearance as a pianist in Moscow and won immediate recognition as an interpreter. To these growing reputations, he now added a third, and presently as a conductor also distinguished himself, serving a term as conductor of the Moscow "private opera" and subsequently as conductor of the London Philharmonic orchestra. The story of his three-fold career since these debuts has been one of cumulative success, and when he made his first tour of this country in 1909, he was already the distinguished figure which he is today.
