NOTICE OF ELECTION

School District Number 107
Lake County, Illinois

Notice is hereby given that on Saturday,
October twenty-second, 1932, a special elec-
tion will be held at the Elm Place School,
in and for School District Number 107, Lake
County, Illinois, for the purpose of voting
"For" or "Against" the following proposi-
tion:
To authorize the Board of Education
of School District Number 107, Lake
County, Illinois, to levy annually in ex-
cess of the tax rate of 1 1/2% now autho-
rized for educational purposes, an addi-
tional tax of 3/10 per centum, or such
portion thereof as may be found neces-
sary by said Board of Education from
year to year for educational purposes so
that the total tax rate that may be
levied for educational purposes will be
1 4/5%.
twelve o'clock noon to seven o'clock p.m.
Dated this tenth day of October, 1932.
By order of the Board of Education.

HOWELL M. MURRAY,
President, Board of Education
MARTIN C. HART,
Secretary, Board of Education

MOTHER URGES VOTE

The following letter is from a
mother of grammar school children,
District 107:

Vote YES on October 22 at Elm
Place school if you want Green Bay
Road school and Elm Place school
to continue to be good schools. Your
taxes will be lower than they were
this year, *not higher*, as some people
think, because property values are
reduced 15 per cent. Every penny
of the thirty cents you will vote to
add to your school tax will go to
these two schools to offset the loss
of school income caused by the low-
er valuation. We learned at a meet-
ing this week that if our property
value is for instance \$12,000, and
we are taxed on one-fourth of that,
which is \$3,000, we now pay \$6.31
tax on every one hundred dollars of
valuation, which in this case would
be 30 times \$6.31 or \$189.30. Now
since 15 per cent has been taken off
our value, that property would be
worth \$10,200 instead of \$12,000,
so our whole tax would be \$6.31
times one-fourth of \$10,200, or
\$160.90 instead of \$189.30, as this
year. So we discover that we
would have to cut \$20,000 out of its
budget, which would mean a very
different kind of schools from those
we now have. When we go to the
polls and vote yes it means we vote
to keep good school by each of us
giving thirty cents more out of ev-
ery one hundred dollars of our val-
uation. Which will make our tax
less than this year. The family in
the above case would pay instead of
the \$189.30 of this year only \$168.55
which is only \$7.65 more a year
than he would pay if he votes no.
All of this will go to our schools.

Think this over, mothers, figure it
out that if your property is less
than the family in this case, your
part in keeping our schools good
is less than seven dollars a year.
Divide this amount by three if you
have three children in the school, or
by two if you have two children in
the school, or by four or one, or
whatever you will, and see if you
can't save that much out of the
year's money to assure a good edu-
cation for your children, and a good
preparation for high school.
Highwood mothers and fathers
must have thought this over too, for
see what they did last Saturday —
voted yes to keep up good schools
for their children.
(Signed) a Mother of Grammar
School Children.

Rummage Sale in Deerfield Oct. 21-22

The Deerfield P.T.A. will hold its
fall rummage sale Friday and Sat-
urday, October 21 and 22 at 833
Waukegan road, Deerfield.

Annual Meeting Oct. 19 Deerfield Garden Club

The annual luncheon and busi-
ness meeting of the Garden club of
Deerfield will be held Wednesday,
Oct. 19, at one o'clock at Miss Gal-
loway's Tea Room.

Some Gains Shown in Building During Sept. in N. S. Towns

In spite of the fact that new
building in September of this year
is less than half of that of the same
month of last year, a few of the
suburban cities show material gains
over September 1931. Berwyn for
example, indicates a gain of 19 per
cent; Hinsdale 133 per cent; Wau-
kegan 269 per cent and Wheaton
691 per cent; and these percentages
are not based on figures of little
consequence, but represent real in-
creases in the volume of construc-
tion. Following are comparative
figures for north shore towns:

	September 1932	September 1931	August 1932
Glencoe	5,500	1,930	475
Highland Park	17,325	22,151	12,300
Kenilworth	1,500	400	1,100
Lake Forest	14,818	41,253	18,022
Libertyville	2,020	33,600	None
North Chicago	1,875	1,400	550
Waukegan	147,500	40,025	6,100
Wilmette	2,475	43,200	6,730
Winnetka	2,425	18,075	4,475

Council to Discuss Deerfield Water Bill

No meeting of the city council
was held on Monday evening of this
week. It is expected that the mat-
ter of water bills owed to the city
by the village of Deerfield will be
taken up at an early session.

Highland Park and the village of
Deerfield last week opened another
round in their long battle over water
bills when officials of the latter com-
munity voted to refuse payment of
the 6-cent increase in rates made by
Highland Park in 1929.

Deerfield is supplied water thru
the Highland Park plant and
charges that the 15-cent per cubic
foot rate is exorbitant. To this ar-
gument Highland Park answers that
Highwood, which is also supplied
water, is able to meet all bills on
their due dates.

In a period of the past two years
Deerfield has piled up delinquent
water bills to the extent of \$17,000.
The village first started getting its
water from Highland Park in 1914
when the rate was 9 cents per cubic
foot. In 1929 the rate was boosted
to 15 cents and after that time back
bills started to increase.

Commissioner Lyle Gourley of
Highland Park claimed after an in-
vestigation that water mains in
Deerfield have not been repaired for
some time and that considerable
water is lost because of this to run
up excessive bills.

In order to get action Highland
Park officials have threatened to
carry their fight to court. This ac-
tion was balked last year, however,
when Deerfield obtained a temporary
injunction preventing a water shut-
off. Highland Park is now consid-
ering action to have this injunction
dissolved.
