Reelect Officers of Garden Club

The annual meeting of the Garden club of Deerfield was unusually well attended last Wednesday, opening with a one o'clock luncheon at Miss Galloway's tea room, followed by an election of officers:

President—Mrs. E. J. Ginter.
 Vice-president—Mrs. L. E. Ashman.
 Recording secretary—Mrs. M. O. Hopkins.
 Corresponding secretary—Mrs. Irving Brand.
 Treasurer—Mrs. H. C. Howes.
 Historian—Mrs. Monroe McKillip.

All officers were re-elected except the recording secretary. Mrs. Hopkins takes Mrs. Walter Metcalf's place.

Mrs. McKillip's display of clippings pertaining to the garden club from the Deerfield Press received much favorable comment.

Music was a very fitting close for the interesting meeting, which followed reports of the chairmen of the various committees and a summing up of the accomplishments in civic enterprises, especially, that of the landscaping of the depot grounds and the perpetual care of the triangular park at Journal place, Hazel avenue and Waukegan road.

Mrs. H. C. Hawes, who is an accomplished pianist and has a charming voice provided the musical program.

 About **STARTING** Your Car

BURGESS

**Ignition
 Booster**

"Insures Instant Starting"

Why worry about starting your car—when it's not necessary? Install a Burgess Ignition Booster on your car and then forget your starting troubles. It will make starting easier regardless of: (1) weather conditions (2) run-down storage batteries (3) fouled or dirty spark plugs (4) weak ignition coils (5) pitted distributor points.

The Burgess Ignition Booster is exactly what the name implies. It is a secondary battery that is automatically connected up in series with the car storage battery and the primary of the ignition coil, boosting the power of the spark across the points of the spark plug from 11,000 volts to 28,000 volts—almost three times the amount the car storage battery is capable of delivering. It consists of the booster, a 6-volt dry battery, bracket and wires, which can be easily and quickly installed on any automobile by any mechanic. Full directions for installation are packed with every booster.
