**County Ping Pong
Tournament Will
Be at Libertyville**

On Saturday, Jan. 7, the Libertyville high school gymnasium will be the scene of a sports event that is new to this county. On that date will be held the first Lake County Championship Ping Pong tournament. The tournament will be sponsored by the Libertyville Ping Pong club and sanctioned by the American Ping Pong association, of which the club is an affiliated member. It will be a "closed" tournament, only residents of Lake county being eligible to enter.

Spectators are to get a special treat when, at the evening session, Coleman Clark, national ping pong champion of the United States will play Yoshio Fushimi of Japan in a thrilling, spectacular exhibition match. Mr. Clark's title of national champion speaks for itself, but, in addition to his ability to win points and matches against his opponents, the variety of Mr. Clark's game and his perfect "form" make his game doubly thrilling to those who have seen him play. Mr. Fushimi, one of the best players in the country, is renowned for his spectacular type of game. He is one of the most active of players, one second playing close to the table, the next running back fifteen or twenty feet to return a "smash" by his opponent. Mr. Clark and Mr. Fushimi, matched against each other, make the most spectacular match in the country.

Big Event for County

This event promises to create a great deal of interest in the game in this vicinity. Many people will attend purely out of curiosity and will be surprised to find they are witnessing a fascinating game of skill and technique. The old game of ping pong as it was played in the '90s has given way to a fast game of hard "drice" and "spin" shots. As much skill is displayed by experts at this game as at any game known to sport fans. Also, the game has passed from the stage of a "parlor pastime" to that of local, state, district, national and international championship tournaments.

There are many ping pong enthusiasts in Lake county and among them are several players of considerable skill. When the tournament reaches its later stages it gives promise of some hotly contested matches in the quarter-finals, semi-finals and finals. Waukegan, Lake Forest, and Highland Park will be well represented by some skillful players. Two members of the strong Interfraternity club of Chicago team are residents of Highland Park and will undoubtedly enter the Lake county tournament. They are Robert Clark, president of the Western Ping Pong association, and D. A. Kittermaster.

Proceeds To Go To Hospital

The proceeds of this tournament will go to the Condell Memorial hospital to aid in its humane work in the community.

Approximately one hundred players are expected to compete for the championship of Lake county. In addition to the men's singles matches there will be men's doubles, which is an interesting game to watch, as, under the rules of this game, each

opponent must alternate in returning the ball.

The ladies will have an opportunity to demonstrate their skill at this game as there will be ladies singles matches. We understand there are quite a few ladies in the county who have shown considerable skill at ping pong.

All information relative to the tournament may be obtained from L. C. Ellsworth, 229 East Park avenue, Libertyville.

Every one, both men and women, interested in ping-pong is asked to enter the tournament, regardless of how well they may play.
