**New 1933 Pontiac
Straight Eight on
Display Here Soon**

The new 1933 Pontiac straight eight is on display this week in the show rooms of the North Shore Motors, Inc., on North First street, according to Mr. Van Guilder, manager, who tells us about the new product:

"The new car is the big economical straight eight in the low price field. It has 115-inch wheelbase, 3,175 pounds weight, and a wonderful 77-horse-power motor. You can have 78 actual miles per hour.

"Fisher bodies have a unique new feature in the Fisher No-Draft Ventilation system. This is an entirely new invention which assures plenty of fresh air in the car, and yet protects passengers from drafts and discomforts in any weather. You'll have to ride in one of the new cars to appreciate it."

FATHER—"Troubled with dyspepsia in school today? Why, that's a strange thing for a boy to have."
JOHNNY—"I didn't have it; I had to spell it."

**Fined \$6; Gives \$4
Change to Charity**

Gen. Robert Wood, of Highland Park, an executive of Sears, Roebuck and Company, last Friday refused to let a fine irk him and after paying the fine to Justice Charles Glass in Highwood he gave an additional \$4 which he directed to be given to a charitable agency in Highwood.

Gen. Wood's daughter, Miss Mary H. Wood, was arrested in Highwood for failure to bring her car to a stop at a traffic signal. Justice Glass assessed a fine of \$3 and costs, bringing the total bill to \$6. Gen. Wood then paid over a \$10 bill and ordered the remainder to go to charity.

Lions Have Gift Exchange

The members of the Highland Park Lions club exchanged Christmas gifts at their weekly luncheon meeting Thursday of last week at the Green Tea Pot. There will be no meeting of the club this week, but the weekly events will be resumed next week.
