"Man—you look healthy!"

"No healthier than I feel!"
"That tan looks like Florida."
"No, Sir. I've been working here
at my desk six days a week."
"What's your secret?"
"Sunshine every day. I have under
one of those new ultra-violet ray
lamps. Doc Jordan told me about
it. I haven't felt so fit in years."
"You don't say."

"It's a fact The whole family uses it We haven't had
a cold all fall—and you know what the weather's been.
Ultra-violet rays seem to help you fight off disease germs."

SUNSHINE IN YOUR HOME EVERY DAY

Science has made a wonderful new sun Wherever there is an electric outlet in your home, a sunshine lamp can be plugged in. Its ultra-violet rays contain all the beneficial qualities of real summer sunshine. Men can expose themselves every morning while shaving. Women can relax under the lamp with a book. (Short treatments will not tan the skin.) Children can play on the floor. Every minute spent under the lamp, bodies will be drinking up sunshine. Goggles need not be worn. Ask your doctor about the value of regular sun baths in building up resistance to colds. And see these sun lamps featured at your Public Service Store:

\$295 down

moves this Benjamin Sun Lamp into your home. Designed as a floor lamp, its ultra-violet rays also give proper light for reading. The reflector tips to any angle. Attractively finished in old brass. Complete with Mazda S-2 sunlight lamp, \$29.50 cash—only \$2.95 down the "little by little" way.

\$315 down

The stem of this Miller Sunlite can be shortened so it can be used at three different heights—as a floor lamp, a low lamp or a table lamp. Arm adjusts to any angle. Finished in ivory with black trim—or bronze with gold trim. Complete with Mazda S-2 sun lamp, \$31.50 cash—only \$3.15 down.

PUBLIC SERVICE COMPANY OF NORTHERN ILLINOIS

Other sun lamps, including General Electric, at \$20.50 and up.

About the Public Service Company:
Several outstanding facts about this Company probably are not as well understood as I think they should be. (1) It is purely an operating company and is not owned or controlled by any other company. (2) The majority of its stockholders live right here—it is "home owned". (3) All of its officers and employees live here. (4) Its future is irrevocably dependent upon the growth and prosperity of northern Illinois.
