Burn a fuel that will END WASTE in heating

WASTE IN HEATING IS ENDED immediately — the day you begin burning Waukegan Koppers Coke in your heating plant. Waukegan Koppers Coke ends waste because it burns almost completely — leaves few ashes — makes no grime to lessen the efficiency of your heating plant and soil your home — and responds quickly, dependably to control. Waukegan Koppers Coke is made for economical operation of home heating plants — with a special size for use in every warm air or boiler type furnace. Ask your fuel dealer now for complete information.

● Heating with Waukegan Koppers Coke will appeal to those who now heat with oil but whose oil burners are worn out or defective. Any Waukegan Koppers Coke dealer will be glad to supply complete information.
