

### Townships to Elect Officials in Spring

With the date for filing candidacies in township elections less than three weeks away, county political observers are speculating on the make-up of the new county board of supervisors. There are nine township supervisors and seven assistants to be elected in 12 townships this spring, and of the men now in office, only one, assistant supervisor Arthur W. Vercoe, of Highland Park, who will retire in the spring, does not intend to ask for re-election.

Supervisor Frank Stanton, chairman of the board, is bidding for re-election in Grant township, and Supervisor H. D. Kelsey, of Cuba township, frequently mentioned as a possible successor to Mr. Stanton as chairman, is a candidate for a third term.

Others expected to run include assistant supervisors Thomas V. Murphy and James Kelly in Shields township and Supervisor James O'Connor in West Deerfield township.

While there has been a movement for a commission form of county government that would call for three men at a salary of \$7000 each annually, the Central Lake County Taxpayers' association has been put on record against such a program. This organization took the position that it would give the power to the lake shore towns where the bulk of the population is centered.

### Jitney Carnival at Y.W.C.A. February 9-10

The Y.W.C.A. is again planning a Jitney Carnival, similar to the one which was so successful last year. It will be held at the "Y" on Thursday and Friday, Feb. 9, and 10, between the hours of 8:00 and 12:00 p.m.

The entire lower floor will be given over to the various concessions — photographers, "knock-down" games, Madame X, penny pictures, etc. There will be dancing in the assembly from 9:00 until 12:00 to the music of Elizabeth Worth's orchestra. Pop, candy, and food will be sold by the high school Girl Reserves and the whole house will be scene of festivity.

Prices are very reasonable, and one can spend as much or as little as he cares to. The slogan of the carnival last year was "Depression prices for depression times," and although the depression is supposedly over, the prices are still the same.

Thus for a small sum the Carnival will provide a full evening of entertainment, and all who come will be assured of having an enjoyable evening.

The city of Highland Park was the outgrowth of the sale of 12,000 acres of land by Walter S. Gurnee, an early mayor of Chicago, to a group known as the Highland Park Building company. This sale was made on May 29, 1867. A fine hotel was built at the corner of what is now St. Johns avenue and Ravine drive. It contained more than 125 rooms, and was at that time the finest hotel outside Chicago in what is now the suburban area. It was a summer hotel and was called "Highland Hall."

### Mrs. Mannings Directs Bungalow Orchestra

Mrs. Helen Mayer Mannings of Highland Park is directing the Deerfield-Bungalow church orchestra and meets with them every other Monday evening at the Bethlehem Evangelical church. There are about twenty in the group.

North Shore Gas Company.

#### THINGS TO COOK

The popularity of graham cracker crust for pie or torte continues, and the combination of apple and graham cracker in the following recipe is especially pleasing.

**Graham Apple Torte**

22 Graham Crackers — about 1/2 pound  
1/2 cup butter

8 or 7 tart apples of medium size  
1/4 cup sugar

1/4 teaspoon cinnamon  
2 teaspoons butter

Soften the butter a little (do not melt) and mix with the crackers which have been rolled fine, using a knife or spoon to mix. Use no water. Do not roll out, but place about two-thirds of the mixture in a buttered pie pan, molding it to fit the pan.

Pare and slice the apples and place in the crust, sprinkle with the sugar and cinnamon and dot with the butter. Sprinkle the remainder of the Graham mixture over the top and bake about forty minutes at 400 degrees, or until the apples are tender.

Serve plain or with whipped cream, as preferred.

One of the most popular and practical of all foods is gingerbread, for it may be served plain as cake, or as an accompaniment to breakfast coffee, or as a dessert with or without whipped cream. Note the addition of cream cheese to the whipped cream.

#### Gingerbread

1/2 cup shortening  
1/2 cup sugar

1 cup molasses  
2 eggs beaten

1 teaspoon soda  
1 teaspoon ginger

1/2 cup cloves  
1 cup cinnamon

1/2 cup salt  
2 1/2 cups flour

1 cup boiling water.

Cream the butter, add sugar and cream well together. Add beaten eggs and molasses, mix soda with boiling water and add alternately with flour sifted with other dry ingredients. Bake about 50 minutes at 350 degrees.

This is delicious served with sweetened and flavored whipped cream to which a little cream cheese has been added. Cream the cheese before adding to whipped cream.

The first road ("trail" would be a much better name!) through the section was the Green Bay road, a title we still use, but the location of the road has been changed in many places. Green Bay was the oldest trading station and mission having been established there shortly after 1670. Chicago was an important point to the Indians and later to traders and missionaries, as a gateway to the Mississippi country, so it naturally follows that the trail between was much traveled. It was surveyed in 1833, stakes were driven and trees were blazed along the line. A story is told that the government built log houses along the Green Bay road at frequent intervals for the wayfarer, and that most of these became rude taverns of the day.

### Religious Institute Is Held at Waukegan

The religious educational institute for teachers of children, under the auspices of the Lake County Council of Religious Education held at Waukegan on Saturday was very well attended. There was a registration of more than seventy teachers, representing churches in nearly every community in the county. One of the very helpful features of the institute was the splendid exhibit of illustrative material and handwork from Sunday schools in Highland Park, Lake Forest, Waukegan and Deerfield.

This institute is the first of a series planned by the County Council of Religious Education, and the officers are much encouraged by the enthusiasm with which this effort was received by the Sunday school workers of the county. The next specialized meeting will be a conference for teachers and members of adult classes, to be held at Grayslake Methodist church, on an evening of Feb. 24, at which the work and program of the adult class in religious education will be discussed. Mrs. H. S. McKeown, of Grayslake, superintendent of the adult department held a meeting of her committee at Waukegan, Saturday, at which arrangements were made for this conference. It is expected that all adult classes throughout the county will send delegates.

### Deerfield Librarian Reviews Her Work

Mrs. C. A. Wolf, librarian of the West Deerfield Township library gave a very interesting review of the local library and its progress at a meeting of the Deerfield Rotary club last Thursday noon, at Miss Galloway's Tea Room. The library was organized on Jan. 1, 1927 and in April, 1929 became the West Deerfield Township library.

During the past four years under Mrs. Wolf's capable guidance the following statistics are of particular interest in showing its growth.

Year	Books Yr's Cir'n
March 31, 1930	2,534 12,544
March 31, 1931	3,458 29,130
March 31, 1932	4,705 43,872
Dec. 31, 1932	5,290 62,125

The library is now loaning from 1200 to 1500 books a week and there are now 970 active borrowers.

In closing her talk, Mrs. Wolf told of an Eutopian dream—in a future—a dream of a home for the library, all its own here in Deerfield. A substantially built, roomy and beautiful building with the main floor devoted to the library and the basement large enough for community affairs.

This dream of course may not materialize for years to come, but is a lovely thought to hold. Plans in color, designed by S. Chester Danforth, are being framed and will hang in the library room.

Mr. C. W. Boyle was Rotarian of the day.

A family moved from the city to the suburbs, and were told they ought to get a watchdog to guard the premises at night. So they bought the largest dog that was for sale in the kennels of a near-by dealer.

Shortly afterwards the house was entered by burglars, who made a good haul while the dog slept. The householder went to the dealer and told him about it.

"Well, what you need now," said the dealer, "is a little dog to wake up the big dog."—Tit-Bits.

A school-teacher had found her class of boys reluctant in their writing of English composition. At last she conceived a great idea to stimulate their interest—to write an account of a ball game.

It seemed that she was successful. With one exception, the boys threw themselves at the task and evolved youthful masterpieces. The backward one chewed reluctantly at his pen and was then struck by a burst of genius. When the teacher opened his paper, it read:

"Rain, no game."—Western Christian Advocate.
