The District Tournament Once a year basketball fans in and around Highland Park and Lak County have the honor of witness ing the district cage tournament This tournament usually takes place at one of the largest district school such as Waukegan, Deerfield or Lal ertyville. This year Libertyv drew the job and will play host to some fourteen or more high school teams, all eager to win the right to represent this district in the sec tional tournament at Joliet later

Deerfield-Shields, one of the his entries in the tournament, dis Waukegan high school for the firs game. Waukegan, with a record of seventeen straight wins, is favore to win the tournament. Coach Thurston's team will enter the game against Waukegan as the underdog, but bound to give the cocky Blue a scheduled game and, although losing, held the "W" team to the low lights sixth league victory. est score this season. With this in mind and the fact that Deerfield will enter a combined team of light and heavyweights, it is more than an exciting evening.

Recently the Waukegan News Sun carried an article calling our coach, "The magical coach Thurston," and also said that he was go ing to attempt to expose his bag of tricks on their so called sensational Waukegan quintet. There is but one answer to such a statement and that is this, watch out Waukegan! Coach Thurston is known for exposing trick combinations, that might re sult in Waukegan's downfall. Las year Deerfield-Shields gave Wauke gan a game they will never forget and they don't intend to make it any easier this year.

The tournament starts Wednes day evening and continues until Saturday. It would be great if all you loyal Deerfield followers could put on the "Old grey bonnet" and be out there cheering your team to victory and the right to play the state tournament.
