**Dorcas Home Children Enjoy Trip to Fair**

On Friday, June 23, the 42 children and workers of the Dorcas Home enjoyed the sights and thrills of 'A Century of Progress.' This trip was made possible through the efforts of the Deerfield Unit No. 738, American Legion Auxiliary.

In directing the Department of Illinois Child Welfare program in its own territory the unit found much interest and co-operation coming from various organizations in Deerfield and elsewhere, which was most encouraging to the Auxiliary workers.

Gracious assistance in this program was given by the Deerfield Woman's Club; Grayslake Unit, American Legion Auxiliary; Deerfield Chamber of Commerce; Deerfield Post No. 738, American Legion; and a friend whose kindly generosity completed the fund.

Through the helpfulness of Mr. Jas. Kilroy, who operates the high school bus service, the trip was made by bus.

Unit members wish at this time to express their appreciation to the organizations and individuals whose assistance have enabled them to complete this project so splendidly.

**Club Women Plan World's Fair Display**

Mrs. Robert L. Johnson, Mrs. Irving L. Brand, and Mrs. Lewis E. Ashman, representing the Deerfield Woman's Club, have had a busy and intensely interesting week completing the arrangements for the club's exhibit at the World's Fair on Monday, July 3.

On that day the flower arrangements in the five dioramas installed in Horticultural Hall at A Century of Progress will be in charge of the Deerfield Woman's Club. The dioramas represent furnished rooms of various interior decorating schemes. One is a Georgian, drawing room, another a French sitting-room, and three are done in the modernistic manner.

Deerfieldians visiting the Fair on that day are urged to view this exhibit.

**Deerfield S. S. Starts Summer Schedule**

Beginning on Sunday, July 2, the primary, junior, intermediate and young people's departments of the Deerfield Presbyterian Church School will hold their sessions in the church auditorium, starting at 9:45 instead of 9:30. The beginners department, also commencing at 9:45, will meet in its usual place with Miss Shirley Clark in charge.

Mrs. C. W. Boyle, superintendent of the primary department, will have charge of the joint sessions in the auditorium during the first two Sundays in July.

The children are not having lesson books this summer, but homework for the juniors will be a continuation of their study of the Bible.

Superintendents will take turns in directing the church school services.

**Bannockburn School To Open For Full Term**

Mr. Harold W. Norman, president of the board of Bannockburn school, announces that they will have two teachers next year and that the school will be in session for the full term of 180 days. A limited number of new tuition pupils in addition to those who attended the school last year will be accepted. It would be greatly appreciated if those who are planning to send their children to school would make application now so that plans for next year could be completed. Information concerning the school can be obtained from Mrs. A. W. Torbet, clerk.

"I wonder why it is that fat men are always good-natured?"  
"Probably because it takes them so long to get mad clear through."  
—Capper's Weekly.

**Highwood Indians Lose To North Chicago Team**

The Indians used two pitchers, who allowed the North Chicago team 13 hits. Highwood got 6 hits.

Angelo, shortstop, and Malpelli, left-fielder, scored the two runs for the Highwood team. Bart and Arino were the pitchers, and Herman and Hickey the catchers for the Indians.

**KILL ANTS OVERNIGHT**

**EVERGREEN**  
KILLS ANTS AND GARDEN INSECTS

**IN LAWN OR GARDEN:** For quick results simply mix Ever Green in soapy water and pour down openings in ant hills. If you can't find the nests, spray the runways with the solution and drench both ends. You won't see any ants the next day. It may take as long as two weeks to obtain a complete clean-up of all hidden nests. In the meantime Ever Green keeps the surface free from ants.

**IN THE HOUSE:** Ever Green is non-poisonous. Can be used safely and effectively in pantry, kitchen and refrigerator—wherever you see ants.

A 35c-bottle makes two gallons of solution. On sale at hardware, drug, department, seed stores and florists. Write for booklet. McLaughlin Gormley King Company, Minneapolis, Minn.

P. S.—Ever Green also kills all Plant Insects. Non-poisonous pyrethrum spray. Harmless to people. Certain Death to insects.
