Monthly Water Bills Issued In Deerfield

Deerfield water meters are now being read at the close of each month and bills will be sent out to householders just as the monthly statements for gas and electricity. Carleton Scribner, chairman of the water committee, has appointed four local men to get the monthly readings. Those who are in charge of reading the meters are William Galloway, Cleon Varner, Orval Fredricks and Robert Bleimehl. The village board anticipates more payment of water bills with this new system.

KILL ANTS OVERNIGHT

IN LAWN OR GARDEN: For quick results simply mix Ever Green in soapy water and pour down openings in ant hills. If you can't find the nests, spray the runways with the solution and drench both ends. You won't see any ants the next day. It may take as long as two weeks to obtain a complete clean-up of all hidden nests. In the meantime Ever Green keeps the surface free from ants.

IN THE HOUSE: Ever Green is non-poisonous. Can be used safely and effectively in pantry, kitchen and refrigerator—wherever you see ants. A 35c-bottle makes two gallons of solution. On sale at hardware, drug, department, seed stores and florists. Write for booklet. McLaughlin Gormley King Company, Minneapolis, Minn.

P.S.—Ever Green also kills all *Plant Insects*. Non-poisonous pyrethrum spray. Harmless to people. Certain Death to insects.

One hour's breeze
COSTS LESS THAN a cigarette

Sticky and hot . . . not a breath of air. But a fan soon stirs up a good gusty breeze. The electricity that brings you this comfort is cheap. It costs less than a third of a cent an hour to run a 10-inch fan in the average home served by the Public Service Company of Northern Illinois.

Fans are low-priced, too: Small sizes are now less than \$2.50 at Public Service Stores and other LOCAL ELECTRICAL DEALERS.
