Finals Being Played In Indoor Baseball League

The finals are now being played in the Park Board Indoor League for the championship. These final games are a series of the best three out of five. The winners of each round are playing for the championship, and the runner-ups in the rounds are playing for third and fourth places. The winners, the Black Hawks and the Mud Hens, are very evenly matched and it is expected that they will play the full five games before the championship. The Ramblers and the Wild Cats are playing for the other places. They too are two very evenly matched teams and are playing a great game of ball. These games are being played every night at the Lincoln Park Playground beginning at 6:30 p.m.

Art League Exhibit On Display Two Weeks At the World's Fair

The North Shore Art League's juried exhibition of painting, chosen for the Horticultural Building at A Century of Progress Exhibition, consists of fifty-two pictures of flowers, gardens, landscapes and decorative paintings. These were hung in that building Friday, night by Mr. and Mrs. Rene Lavenant, artists of Ravinia, who had entire charge of this fine exhibition, which is to hang there until Sept. 3. Some of the North Shore League's artists were away on vacations and did not send pictures. Mr. Service, manager of the Horticultural Building, felt that this was a splendid and representative exhibition of the league's painters and was happy, when he viewed it, to have it hung at the Fair. Hostesses for each day while the group is on exhibition, will be the following members of the Art League:

"I use Bowman's milk as my mother did before me"

This mother like many others has made this statement before. Milk three times a day can do wonders to improve ones health and beauty. Scientists have discovered that the plentiful supply of calcium which milk contains is necessary for pearly teeth and rosy cheeks. Insist on pure, rich goodness of Mowman's Milk.
