Thank You, Highland Park!

"Two weeks ago, when we became Hudson-Essex dealers, we invited all our friends to come in and see our new Hudson and Terraplane models.

"There's a good reason for that. This car has never been beaten for acceleration, hill-climbing, ruggedness and economy in any official test. And in the last 6 months it has broken 47 official records.

"And how they came!

"Come in and let us give you a demonstration of what Terraplaning means."

"We've had scores of visitors in the last few days. And every one of them has been just as enthusiastic about these cars as we have been ever since we signed the Hudson-Essex franchise.

NORTH SHORE MOTORS, Inc.

"Thank you for proving we were right!

"P.S. Our new Parts and Service Department is up to date and completely equipped. Hudson-Essex owners especially are invited to inspect it."

"We've discovered that the first ride in a Terraplane gives people a motoring thrill they've never had before.

"Two of your friends were in today, Mr. Dorsey. We sold one of them a Terraplane on the spot."

"That's what I stopped to see you about. You'll sell the other one tomorrow. He just called me up. You've got the greatest car in the world."
