Mrs. Gaidzik is a trained teacher of long experience, having made a special study of public speaking and dramatics both at Grinnell College and Mt. Holyoke College. Her professional stage career was under the direction of the Coburns of New York, and graduate study in voice production was done with Mac-Shore clubs.

A dinner will be served in the cafeteria, after which there will be a program in the auditorium. Several one-act plays will be given showing the activities that go on during the session periods.

Mr. Wolters will give a talk on the school advisory system. After the program, the advisors will be in their home rooms to consult with the parents.

Tickets are fifty cents per person and each girl from Deerfield-Shields is invited to come with her father or some older man to replace her father if he cannot attend. All members of the faculty are also invited to attend.

Girls who are planning to attend the banquet are requested to purchase their tickets early, as the tickets are expected to go fast. Tickets may be secured from the officers of the Girls club, session representatives, and members of the standing committees. Catherine Craig will be at the main councilor post for ticket sales before and after school.

**LETTER OF APPRECIATION RECEIVED BY ORCHESTRA**

(From "The Shoreline") "We appreciate your performance given in the court of the Electrical building, June 12, 1933," writes Mr. N. A. Owings chief of the Events division of A Century of Progress, in a letter of appreciation, received recently by the orchestra.

A full hour program was given from 4 p.m. till 5 p.m. in the court of the Electrical building. The numbers the orchestra played were "Merry Wives of Windsor," by Nicolai; "Tannhauser March," Wagner; "Adagio Pathetique," Goddard; "Introduction to Act 3 of Lohengrin," Wagner.

In addition to the numbers the orchestra played, there were three solos. Betty Hoffman played the flute; Mary Alan Hokanson, the harp; and Retta Hipsley, the tuba.

**SENIOR HOP TO BE HELD IS SENIOR CLASS DECISION**

(From "The Shoreline") That there will be a Senior Hop this year was voted by the seniors at the senior class meeting, which was held on Friday, October 13, with Harry Skidmore, class president, presiding. Other class activities and plans for the year were also discussed.

The Hop, which is to be held on Saturday, December 9, was voted on favorably by 227 of the 263 seniors who attended the meeting. Only 30 seniors were opposed to the Hop, and 6 were undecided.

George Shay, chairman of the senior ring and pin committee, told of the different kinds of pins and rings submitted by the jewelry companies. He said that the rings may be ordered from the session representatives any time during the next six weeks.

The senior activities planned for the year were explained by Renslow Sherer, and plans for the Hop were discussed.

Two cheer leaders led the assembly in cheers for the football team and coaches. The cheerleaders were Charles Russell and Elmer Maiman. A meeting will be held sometime in December to vote upon whether caps and gowns will be worn by the seniors at this year's graduation.

**BOARD RECEPTION TO BE HELD OCT. 19**

(From "The Shoreline") A reception of the faculty for the members of the Board of Education will be held Thursday, October 19, at 8 p.m. Wives and husbands of the faculty and of the board are invited.

Mr. Edward R. Seese, the member of the board representing Deerfield and Bannockburn, will open the evening's program with a brief talk. This will be followed by a short musical program on Spanish guitars played by Mr. Thurston and Mr. Kendig. Miss Rinkenberger will give a reading. In conclusion, Mrs. Ball will play some selections on the piano. Refreshments will then be served.

The committee planning the reception consists of Miss Read (chairman), Mr. Schneider, Mr. Kendig, Mr. Wright, Miss Campbell, Mr. Burwell, and Mrs. Mannings.

**GIRLS ORGANIZE RHUMBA ORCHESTRA**

(From "The Shoreline") The girls came to the front again! This time with a rumba orchestra. They plan to play Cuban and Spanish dance music almost exclusively as soon as they get fully organized.

An unusual combination of instruments will be found in the orchestra. Each girl expects to play at least two instruments—at different times. The percussion, consisting of baby rattles, sand blocks, pop bottles, tin pans, and real drums will be handled by the Shirley Clark, Molly Grinnell, and Jean Pettis.

Etta Pardee and Betty Bell will play guitars. Playing the ukelele they will have Ellen Horn, Mary Alan Hokanson, Virginia Hardacre, and Mary Lu Sanborn. At the piano will be Jeanne Smith, and Jean Pettis. Rhetta Hipsley will play base and Caralou Coale will play the violin. Mary Alan Hokanson and Betty Hoffman with harp and flute respectively hope to achieve novel effects with their instruments.

The girls plan to give an entertainment when they have worked up several numbers. Jean Sincere will dance.

The girls expect to be fully organized by the end of the week.

**PUPILS PREPARE PARENTS FOR COMING REPORT CARDS**

(From "The Shoreline") With report cards coming out today, parents have been noticing a decided change for the better in their offspring.

Johnnie, Mary, and Jean are unusually willing to help around the house. They are extremely careful not to aggravate their parents, and take every precaution to be kind to younger brothers or sisters.

It is also considered good diplomacy by these students to tell how hard the school work is this year and what low grades other students are getting.

Many students are promised money or other things if they get certain grades. They now make a bold effort to pretend they don't care if they get it or not.

They even go so far as to put the blame on their teachers, but that is rather uncommon, since indignant mothers are apt to go to see the teacher.

Regardless of what method is used by pupils for preparing their parents for report cards, the parents are "wise" to it and it makes little impression upon them.

**KITTEN ATTENDS SCHOOL RIDES ON MOTORCYCLE**

(From "The Shoreline") Being a small gray and black kitten, it cannot walk to school, so Joe Kennedy, of the vocational department, brings it to school on his motorcycle.

John Mitzgar is designated to hold him in his arm during the ride.

The kitten enjoys the six mile ride from Lake Bluff to Deerfield-Shields high school, as well as enjoying his stay here throughout the day. It rides home each night after school the same way, where it has nothing to do (not even homework), but wait for its ride back to school the next day.

**TRACKSTERS OFF TO EARLY START**

(From "The Shoreline") Every night after school six or seven boys are seen running around the track just outside the gym building.

Some of the boys who go out there are getting in shape for the cross-country, while others are just limbering up. One or two boys put the shot and throw the javelin, while others do some high jumping and broad jumping.

Some of the fellows who are tuning up for the cross-country are Bob Lehr, Al Larson, Frank McClory, and Ambrose Cantagallo. These boys were all on last year's track team.

The track boys of Deerfield have much confidence in themselves and they say that they are going to give the other schools some tough races this year and next.
