So far as we have been able to learn there has been no exoneration nor is there any bar to action which, under the law, the electors have had the right to take.

We call upon the town board to take the reins of government of this township, we assure it of the backing of the clitzens in case it carries out the expressed will of the electors. We further assure the town board that if the levy for poor relief of \$60,000 recommended by this committee and levied at the town meeting, together with additional sums provided by the Illinois Emergency Relief Commission, should prove inadequate. If properly expended, this committee will do everything in its power to obtain such additional money or credit as will provide for the worthy poor of this township.

Capt. Denis Rook at Braeside P.-T. A. Meet

The Braeside P.-T. A. enjoyed a most interesting meeting at the school house last Monday Oct. 23. The speaker of the evening was Capt. Denis Rook of the British Air flight from England to Australia. He was the first to make the attempt in a Gypsy Moth. The flight ended in a tree top in India, but was spiced with adventure, such as being shot at by natives in Tripol as he was attempting to clear boulders out of the way in order to take off. Recently Capt. Rook joined an expedition to South America, in group experimenting with a metallocating radio device. On Cocos Island, he divulges, there is evidently
