C. F. GRANT, Cashier, State of Illinois, County of Lake) ss. Subscribed and sworn to before me this 25th day of October 1933. (Seal) ELLA M. KRUEGER, Notary Public

COMPOSER TO SPEAK IN ASSEMBLY FRIDAY Geoffrey O'Hara, a successful World War song composer, is to be our speaker in assembly this Friday. He was born in Canada and speaks with a French-Canadian lilt, although his name is obviously Irish. Mr. O'Hara is the composer of many famous songs, including the sacred "There Is No Death" and the very entertaining song "K-K-Kat", which was sung by millions during the war. His more serious songs have been sung with great success by Caruso and Werrenrath. He is known as the composer of more school operettas and light operas than any other one man.

Geoffrey O'Hara developed the "tune detective" idea. He illustrates in his program that most of the popular songs sung today have been mostly honest "steals" from the classics.

"Song building is not so difficult, if you know how," says Mr. O'Hara who composes a whole song by receiving just three notes from the audience.

BAND GUEST OF KIWANIANS AT CENTURY OF PROGRESS The members of our band were the guests of the Lake Forest Kiwanis club at a Century of Progress, Friday, October 20, in celebration of North Shore day.

The parade, which contained from twenty to twenty-five bands, marched from Ohio street, down Michigan avenue, to a Century of Progress grounds.

In addition to the bands, there were many floats in the parade. After marching to a Century of Progress grounds, the members of the band were the guests of the Kiwanis club.

High School News

(From "The Shoreline")

SCHOOLS RECEIVE SMALL PERCENTAGE OF INCOME DOLLAR

That the schools of America receive but a very small percentage of the national income is emphasized by J. A. Roberts, assistant commissioner of education, Washington, D. C.

The expenditure of the dollar, as worked out by the department of education, is as follows:

Living costs	24%
Luxuries	22%
Waste	14%
Miscellaneous	13%
Investments	11%
Crime	8%
Government	4%
Schools	1%
Church	%

"There is a great hue and cry about curtailing expenditures, but why try to save by making reductions in the 1% expenditure of education," he says. "Why not reduce the 22% item, or even more preferable, the 14% item? Why attempt to save by reducing the 1% expenditure, which is one of the greatest preventives of the 8% item."

26 GIRLS TRY FOR NORTH SHORE TEAM

To be chosen by Deerfield to try out for the school girls' North Shore hockey team is considered an honor, but to be chosen to actually play on the team is a real honor.

Last year our school was represented by Lydia Hastings, Jean Ingram, and Janet Leonard (graduated).

The girls who are going to try out for the team this year are as follows:

Forward: Shirley Boyers, Lorraine Zimmer, Mary Lou Saborn, Katherine Becker, June Nelson, Betty Jordan.

Half Backs: Georgia Rockwell, Helen Frahm, Corinne Anderson.

Fall Backs: Dorothy Clark, Harriet Nelson, Myrtle Wals.

Goal Guards: Virginia Stockell, Lydia Hastings.

The last hockey practise will be held the week of October 30. At this time all of the class teams will be chosen.

Two of Deerfield's graduates, Peter White and George Ray, class of 1932, are found to have rated very highly at the Massachusetts Institution of Technology during last term.

They were among those in the Third Honor rank, which is approximately 16.8 per cent of the class. The term ratings in this class are from 3.50 to 3.99.

WANT ADS BRING RESULTS

Cause Of Failure Discovered

At last the unfortunate students who receive low grades have found a brand new excuse. According to the advertisement on the report card covers, if you get a low grade, just blame it on your poor, overworked eyes. So now the students who get low grades, can simply tell their parents, "I guess I need glasses."

Of course, it won't work so well for those who already wear glasses, but then they can probably say that their glasses need to be changed.

One student upon receiving his report card, which was not very favorable, donned a pair of beautiful horn rimmed glasses, and re-read the paragraph about poor marks.

The part about progressing rapidly after being fitted with glasses must have made a deep impression upon his mind.

Indeed, even a teacher became so intrigued with this idea, that she inquired of a student as she handed him his report card with a low grade, where his glasses were, as he sometimes wore them, and urged him to come to class with them on the next day.

The only trouble is we wouldn't want to see a whole school full of boys and girls all pursuing their studies with the aid of glasses, as the teachers couldn't possibly give all A's.

"Oh look at the autogiro and all the little ones trailing behind it!" said the center forward.

"Don't be a dunce, those aren't little autogiros; that's a sign following it," said a certain half-back.

A mimeographed paper was sent around to all senior sessions on Monday, October 23, on which was listed the names of the colleges that have been represented at College Night in previous years. The seniors checked those in which were interested. Thirty colleges were represented at the last College Night, which was held in January, 1932.

FATHER-DAUGHTER DINNER BANQUET TO BE NOVEMBER 9

HAL TOTTEN SPEAKER

Prominent Fathers Will Speak on Program of Girls Club

The members of the executive board of the Girls club are completing their plans for the Father-Daughter banquet to be held on November 9 by the Girls club of Deerfield - Shields. The previous date which was chosen had to be changed because the guest speaker, Hal Totten, was unable to be present.

Hal Totten, well known sports reporter of Station WMAQ, has been secured as the guest speaker. Other speakers for the evening will be fathers of the members of Girls' club.

Tickets for the banquet are on sale by officers and session representatives of the Girls club and also members of the standing committees of the Girls' club. The admission price is fifty cents per person, and each girl from Deerfield-Shields is invited to come with her father or some older man to replace her father if he cannot attend. All members of the faculty are also invited to attend.

DONALD J. COWLING WILL BE SPEAKER ON COLLEGE NIGHT

Conference To Aid Seniors In Choosing College

In order to furnish the parents and seniors an opportunity to meet different college representatives, College Night will be held on February 1, 1934, which will be the regular meeting of the P. T. A.

Because so many parents and students have asked about small colleges in neighboring states, emphasis is to be placed on these smaller colleges.

Donald J. Cowling, president of Carleton college of Northfield, Minnesota, is to be the principal speaker of the evening. His talk will be especially directed to the parents.

The conference will begin immediately after school and last until 10 o'clock. From 7:30 until 8:30 p.m. there will be a program, after which each college representative will be assigned rooms in the East building where the seniors and their parents may go to confer about the colleges in which they are interested.

A mimeographed paper was sent around to all senior sessions on Monday, October 23, on which was listed the names of the colleges that have been represented at College Night in previous years. The seniors checked those in which were interested. Thirty colleges were represented at the last College Night, which was held in January, 1932.

Can you imagine the results of a hockey game being played while the players gaze skyward at an autogiro? They weren't exactly successful, so the seniors simply took time out to watch "that funny looking thing in the air, that had an advertisement of spark-plugs following it."

"Oh look at the autogiro and all the little ones trailing behind it!" said the center forward.

"Don't be a dunce, those aren't little autogiros; that's a sign following it," said a certain half-back.

One Deerfield girl often has a flair for the unusual, and this time she started knitting. With her ball of yarn in her lap, and needles clicking, she sat at her counselor post last week.

The fad is evidently spreading for some were seen knitting while they ate or after lunch. Some of the girls knit very painstakingly, while others manage to have a very nonchalant air and even talk while knitting.

The real reason for this fad is not known, although we know the boys are much interested in it, and often try to be taught how to do it.

BIRTHDAY SURPRISE PARTY STAGED FOR SENIOR GIRLS

"Sprise!—Happy birthday to you, happy birthday to you," etc.

Faunty, a juvenile bunch of senior girls threw a surprise party for one of their members in fourth period lunch on Monday. They had cake and pink snappers and paper caps.

Mary Lou Liebenstein, the birthday girl, received two kewpie dolls, a rubber baby doll, a rubber Barnacle Bill, a favor doll with a stand and wrapped up in brilliant blue and yellow paper, and four rolls of penny candy from her friends.

She liked her dolls so much that she took them all to her next class with her and ranged them on her desk. The candy was still in evidence the last time anyone asked about it.

Mary Lou had a "happy birthday" indeed.

Frosh Win In Session Tilt

He was a senior in charge of a freshman session.

"This is easy," he thought. "I was a freshman once, and I know how they feel. They think they're pretty smart but I'll overawe them."

And so he went sternly about his duties, taking roll, helping with homework and keeping order.
