

Deerfield Unit Is 100% in Membership

The executive committee of Deerfield Unit No. 738, American Legion Auxiliary, announced last week that their 1933 membership is now 100 percent, thus marking their entry into the ranks of units achieving a total of the previous year's membership by the opening date of the fiscal year, Oct. 20.

Mrs. W. A. Tennermann, president, wishes to express publicly her appreciation to the members of the unit for their loyalty and splendid cooperation, which alone made possible the attainment of this desirable record.

"No more furnace tending now that we have Gas Heat"

NEW LOW RATE for GAS HEATING

Ask for a Free Estimate and Gas Heating Facts

Gas heating is definitely one of the "better things in life." The luxury it gives you in convenience, comfort and cleanliness, all through the fall, winter and spring, is something in which all the family find constant daily enjoyment. But remember this—gas heat now is far from being a luxury in cost!

Costs Less Than Ever

Introduction of a new rate reduces the cost of gas heating to an unprecedented low level. When you heat with gas now, you do so at a big saving over former costs—and you pay less for gas used in all other household gas appliances. In figuring the cost of gas heating now, you will find a startling reduction over former estimates for this service.

A New Freedom

Winter ceases to be a season of heating plant responsibilities and labor in the home heated with gas. A gas heating plant—once lighted—operates without attention. It is automatic in every detail! You set an upstairs thermostat to the temperature desired—and this temperature is maintained automatically.

Clean and Dependable

No other fuel can equal gas for cleanliness and dependability! Gas heat never causes smoke, soot, greasy vapors or other grime. No storage space is needed for gas. It is delivered as it is burned. No waiting for fuel. No fuel gauges to watch.

Get an Estimate

So that you may know the cost of heating your home with gas, we will send a heating engineer to survey your home, make an estimate and give you complete details. You will not be obligated in any way. Just telephone now—or return the coupon.

NO CHARGE FOR INSTALLATION OR REMOVAL OF GAS BURNER

Now you can try gas heating without investing one cent in equipment. On this new plan a gas burner is installed in your present furnace or boiler... you give gas heating a trial... then if you are not completely satisfied, the gas burner is removed and your heating plant is restored to its original condition... without any cost to you. All you pay is a monthly rental for the burner which in the average home is as low as \$3 a month for nine months. You risk nothing on this offer. Don't delay... get all the facts now!
