Church School 9:15 a.m.  
Worship service 10:15 a.m.

**Sunday** we will reach the climax of our series of special services, it will be Family Day. We are especially emphasizing that where ever possible all the members of the family join in fellowship, worship and praise at church Sunday morning. One should not over emphasize numbers, yet it is true that a large attendance offers inspiration to those present and especially to the speaker. It has been a great pleasure to speak to the large audiences at the past special services. May we not put forth special effort to exceed all past records?

**Monday, Nov. 27th** members of the Church council will meet in special session. All results of the Every Member Canvass should be turned in to Mr. C. A. Selig before that date.

A special committee is visiting the friends of our church this week to ask them to become members of our church. It will be a great privilege and pleasure to receive these new friends into the fellowship of the church at the special services Sunday.

Children's choir rehearsal every Monday 3:45 p.m.  
Adult choir rehearsal Friday, 8 p.m.

Both choirs will sing at the Family Day worship service.

ey. Their good heat (you've paid for it) is a total loss.

in the Gas Wood, these gases must circulate slowly through a maze of thin, flat water flues at the bottom of the boiler. They heat the water more quickly. Heat loss up the chimney is less than 15 per cent.

This is the great and exclusive difference in Gas Wood oil-burning heating plants.

Heat consumption is due to the fact that a family of seven-room house.

Heat is released by combustion in a slow spiral flame, insuring an extremely hot combustion chamber and immediate heating.

The hot gases pass downward between flat water tubes skillfully baffled to cause a scrubbing action of the gases against the flues.
