Executive Committee Of Automobile Dealers Is Appointed Locally

The executive committee, for Highland Park automobile dealers, is composed of the following: Richard Purnell, of Purnell & Wilson, Ford dealers; J. G. Austin, of North Shore Motors, Inc., Cadillac, LaSalle, Hudson and Terraplane dealers; and William Buchl, Chevrolet dealer.

"Students in economics consider the method of establishing definite trade-in allowances on used cars, as provided under the Code as being of great benefit not only to the trade, but a guarantee of protection and ultimate benefit to the automobile buyer. The new automobile buyer, in the future, will know exactly what he is paying for a new car," says Mr. Austin. He continues: "Past practices have camouflaged this information. Control of allowances which dealers may make for used car trade-ins does not impose any hardship upon the buyer. On the contrary, Code provisions definitely protect the buyer. Take, for example, the method of pricing his old car. It assures him that he will get its real value. The price is determined by previous sales of cars identical as to make, year, model and type. The allowance price will be an average of what these similar cars sold for during the preceding thirty or sixty day period. However, before averaging these sales, the 20 per cent that sold at the lowest prices are eliminated. This means that in arriving at prices, only those cars which were in good condition at time of sale will be a factor. That lowest 20 per cent might otherwise include wrecks, junkers and dilapidated cars which would and should sell so much lower than the cars of average condition as to wholly upset the average price. The restraining hand of the representative of the consumers in the NRA 'elaborations, is plainly discernible in the safeguard this routine sets up to protect the car buyer's interests.

"From the average price thus established, minimum deductions are to be made to partially compensate for cost of reconditioning the used car for sale. The minimum deductions are 5 per cent for a current model or one that is only a year old; 10 per cent for cars two years old; and 15 per cent for cars three years old and older. Theoretically, these deductions are also to compensate for sales and handling expense, but the experience of dealers in the past shows that the deductions will not, on the average, cover the actual reconditioning costs. From the foregoing, the buyer can readily see that the basis for arriving at the trade-in figure is one eminently fair to him; one that assures to him its actual value. "Hereafter, there will be three major considerations for the buyer in making his purchase—the merit of the car, the price, and its value at the price. Inflation for trading purposes are bound to be eliminated. The basis of trading will be much fairer to the buyer than before because in the past he had no way of knowing how the new car should be priced, nor how the trade-in deal was figured. This is a new deal for the buyer, one much more sound and one which would seem to be infinitely more satisfactory to him."

Deerfield Rotarians Hear Judge Decker

Judge Martin C. Decker, of the probate court in Waukegan, gave an interesting and informative talk on "The Probate Court" at the weekly luncheon of the Deerfield Rotary Club last Thursday at Shugrue's Restaurant. He illustrated his talk freely with examples of cases he has helped to decide and cases now pending. Judge Decker was introduced by his brother, Andrew Decker, a member of the local club. The membership contest ends with today's (Dec. 14) meeting. Edward Reagan is in charge of the program.

Dr. J. B. Weir Talks Sunday on India

Dr. John B. Weir, professor of history at Foreman Christian College in Lahore, India, addressed a large gathering on Sunday evening at Deerfield Presbyterian Church. Dr. Weir went to India in 1913, having received his degree at Western Seminary, Pittsburgh. His master's degree he received in May at Wooster, Ohio, and an honorary degree of doctor from his alma mater at the same time. He is now completing his Ph.D. at the University of Chicago.

Dr. and Mrs. Weir are sailing for India on Dec. 19.

Dr. Weir's twenty years of experience in India gave him deep understanding of the customs, traditions and youth movement of that country.

Miss Karis Jameson, soloist at the Fourth Presbyterian Church of Chicago, sang three solos with Miss Naomi Sutton of the Presbyterian College of Christian Education, at the piano.

Mrs. A. C. C. Timm Dies Funeral Held Friday

Mrs. Amelia C. Timm died Wednesday morning, Dec. 6, at her home on Deerfield Road in Deerfield, following a year's illness. Funeral services were held Friday afternoon at the Timm home with Rev. Kenneth Hurst of Chicago, a relative of the family, officiating, assisted by Rev. A. P. Johnson also of Chicago, who is a former pastor of the Bethlehem Evangelical Church. Burial was in Rosehill.

Mrs. Timm, the wife of A. C. C. Timm, a retired official of the First National Bank, was a daughter of Rev. and Mrs. Frederick Conrad Ludwig Muhleke and was born Feb. 2, 1867, in Chicago. Her father was a son of Frederick Muhleke and Charlotte Gastfield Muhleke, who bought a large tract in Deerfield in 1837. F. C. L. Muhleke left his parents' home at an early age and later became a Methodist minister. His wife was Amelia Volland.

Amelia Muhleke was married on June 9, 1891, to Albert C. C. Timm. Mr. and Mrs. Timm moved to Deerfield about twelve years ago and built a lovely home just west of the Briarcliff Golf Club, on a part of Mrs. Timm's ancestral property. As a young girl she visited often in this vicinity with her many cousins and friends.

Surviving are her husband; two children, Mrs. Arnold Keller (Anita) of Deerfield, and Robert F. Timm of Highland Park; three children and one brother, Charles Muhleke of Chicago, who is the oldest and last survivor of a family of nine children.

The coming of the Timms to Deerfield meant much to the village, for it was Mr. Timm of his own free will, who acted as mediator in the Highland Park-Deerfield water dispute several years ago. A courteous gentleman, beloved and respected by the community, he made the contacts for the family as Mrs. Timm preferred to stay at home, and her friends sought her there. The sympathy of the community is extended to the bereaved.

HOW TO VOTE!

When all citizens vote, and vote right, then surely the millennium will be close at hand. But there is so much to know before we can be well-informed and intelligent voters, that a reference book is almost imperative.

The new 1933 edition of "The Illinois Voters Handbook," published by the Illinois League of Women Voters, meets this need. It tells us about our federal, Illinois, county, and city government. It contains sample ballots and maps of senatorial, congressional, and judicial districts. There is an election calendar of all regular elections in the state and all the election information necessary for voting. There is a section devoted to public finance which includes data on the sources of revenue, methods of assessment, collections, delinquent taxes, occupational tax, etc.

In fact, the Handbook makes it possible for adults to be as intelligent regarding political and election matters in Illinois as are their children who are receiving such instruction in school and college.

Deerfield P-T. A. to Meet Friday, Dec. 22

Twenty-five children will appear in an operetta, "The Magi's Gift," on Friday evening, Dec. 22 at eight o'clock, in the Deerfield Grammar School, directed by Miss Virginia Engels. This is to be the December meeting of the grade school parent-teachers association. The new school orchestra will make its initial appearance at this time. The community is invited.

Bakery Sale in Deerfield Saturday

The Queen Esther Circle of the Bethlehem Evangelical Church will hold a home baked food sale on Saturday in one of the grocery stores. Watch the store windows for the announcement of the sale.

A Letter

To The Editor:

As I have received many communications from various constituents interceding in behalf of one postmaster or another throughout my district, I believe that perhaps the people of the Tenth Congressional District will be interested in knowing the situation with regard to these postmasters.

Due to the interest indicated above, I recently made a trip to Washington, at which time I visited with Senator Lewis asking his attitude and policy as far as it concerned the Tenth Congressional District.

Senator Lewis informed me that his understanding was that the Administration's policy still was towards the direction of having all postmasters put under Civil Service, and that in the future they would be filled as the result of a

Civil Service examination. Of course, this measure has not yet been passed by Congress, and although the senator did say that he intended to oppose the proposition, he did not commit himself as far as my constituents were concerned.

I then visited the officials of the Post Office Department proper, who informed me that the Civil Service method was a contemplated policy and that legislation along this line would be introduced at the next session of Congress, and that the present policy of the department indicated that they intended to permit all postmasters whose terms are unexpired to fill out their terms before replacing them, unless they should be removed for cause.

James Simpson, Jr. Congressman 10th Ill. Dist.

Young Men's Club Is Champion of North Shore In Football

For the second time in two years the Highland Park Young Men's Club football team coached by Gilles, won the North Shore championship in football by defeating the Lake Forest Y.M.C. 6-0 Thanksgiving Day.

It was the second contest of the year between the two rival Highland Park teams having defeated Lake Forest 7-0 at the school field earlier in the season. Lake Forest showed a determined effort to win this game in or even the count, but the Gilles were more eager to settle all matters at least for another year and return home to enjoy turkey dinner.

The Highland Park squad augmented by two new arrivals Salucci and Opasik, both well-versed college players, but with sufficient practice it was more difficult for the spectators to see their real worth in the field. It is hoped that next both these men or two others of the same caliber will wear the green and white jersey of the Highland Park backfield.

In the game last Thursday scoring was accomplished the first two quarters, with Forest leading Highland Park 10-0 at the end of the first quarter. Highland Park took to the field with a score of 3-0 as a result of a kick booted by E. Gansberg, ever, during the second quarter Highland Park took to the field by opening up in their pass attack, finally bringing the Lake Forest's 4-yard line which point Pug Rentner failed to connect for the point. The score remained the same during the second half Highland Park in Lake Forest territory much of the time.

Highland Park's record for 1933 season is as follows: Record of Highland Park Young Men's Club 1933 Football Team Oct. 1 Highland Park 26; Peter Fox Bo... 15 Highland Park 22; Chicago Board... 22 Highland Park 15; Berryn Le...
