

Service examination. Of course, this measure has not been passed by Congress, and though the senator did say that intended to oppose the proposal, he did not commit himself as to my constituents were concerned.

then visited the officials of the Office Department proper, who informed me that the Civil Service bill was a contemplated policy that legislation along this line would be introduced at the next session of Congress, and that the present policy of the department indicated that they intended to permit all postmasters whose terms were expiring to fill out their terms by replacing them, unless they could be removed for cause.

James Simpson, Jr.
Congressman 10th Ill. Dist.

**Young Men's Club Is
Champion of North
Shore in Football**

For the second time in two years the Highland Park Young Men's Club football team coached by Fred Gilles, won the North Shore championship in football by defeating the Lake Forest Y.M.C. 6-3 on Thanksgiving Day.

It was the second contest this year between the two rival teams, the Highland Park team having defeated Lake Forest 7-0 at the high school field earlier in the season. Lake Forest showed a determined effort to win this game in order to even the count, but the Gillesmen were more eager to settle all arguments at least for another year and return home to enjoy their turkey dinner.

The Highland Park squad was augmented by two new arrivals, Saluski and Opasik, both well known ex-college players, but with insufficient practice it was more or less difficult for the spectators to observe their real worth in the backfield. It is hoped that next year both these men or two or three others of the same caliber will don the green and white jersey to bolster the Highland Park backfield.

In the game last Thursday all scoring was accomplished during the first two quarters, with Lake Forest leading Highland Park at the end of the first quarter by a score of 3-0 as a result of a place kick booted by E. Gansberg. However, during the second quarter Highland Park took to the offensive by opening up in their passing attack, finally bringing the ball to Lake Forest's 4-yard line from which point Pug Rentner plover over for a touchdown. Bodman failed to connect for the extra point. The score remained the same during the second half with Highland Park in Lake Forest's territory much of the time.

Highland Park's record for the 1933 season is as follows:

Record of Highland Park Young Men's Club 1933 Football Team

Oct.	Points
1 Highland Park 26: Peter Fox Boosters	6
8 Highland Park 22: Cicero Boosters	0
15 Highland Park 22: Fuka Chicago Pros.	6
22 Highland Park 13: Berwyn Legion	0
Parrots	0
29 Highland Park 7: Lake Forest	0
Nov.	
5 Highland Park 2: East Chicago Gophers	14
12 Highland Park 6: Pullman Panthers (St. Anthony's Boosters)	0
19 Highland Park 31: Waukegan	0
22 Highland Park 0: Chicago Shamrocks	3
26 Highland Park 6: Evanston C.Y.O.	0
30 Highland Park 6: Lake Forest	0

Total points 141
1933 Record North Shore Champions
12 games played: won 8 games; lost 2 games; tied 1 game.

**Chess Club Draws in
Its First League Match**

The Highland Park Chess Club drew against the strong Icelandie Chess Club of Wilmette and Chicago on the first six boards which constitutes the first team according to the league agreement. Highland Park's second team won by the score of 3 1/2 to 2 1/2.

The outstanding match of the evening was played between C. V. Wilson of Ravinia and P. Anderson. Mr. Anderson fought courageously to stave off defeat but could not secure a win for his first team.

**Bethany Choir to Sing
a Christmas Cantata**

The choir of the Bethany Evangelical Church will give its annual Christmas cantata next Sunday afternoon at the 4:30 vesper.

The choir has been working faithfully for the past six weeks under direction of Fredrick Bieler of Northwestern University. Mr. Bieler, with the assistance of Miss Charlotte Brand, at the organ, have done much to help the choir bring out those finer qualities of music that go to make a cantata effective.

The choir will sing Fred B. Holton's cantata entitled "The Star and the Song." The public is invited to share in this fine service.

**Dessert Bridge in
Ravinia a Success**

For those who attended the dessert bridge at the Ravinia Village House on Dec. 6, the afternoon was delightfully spent; and for the committee who worked so conscientiously in planning the affair, there was satisfactory reward for their labors.

The chairmen, Mrs. Harold Wampler and Mrs. Lee Frank and their committee members are to be congratulated on the social as well as financial success of the party. The proceeds are being applied on the Steiny Grand, for which the Ravinia Woman's Club and P. T. A. gave the affair.

**Community Garden
Class Has Meeting
on Friday, Dec. 8**

(Continued from page 1)

Mrs. Leon H. Winne, 309 Ravine Drive, telephone H. P. 2757 is in charge of this sale. Friends wishing to secure tickets for the show are asked to call or see her.

Mrs. T. F. Dawson, chairman of the ways and means committee, reported several interesting projects in the making.

Mrs. Lacy will preside at a joint meeting of program chairmen of various North Shore Garden Clubs, at her home on Wednesday. They will discuss future activities to be announced later.

New members whose names were placed on the roll are Mrs. Rodney Swift, 661 Crofton Avenue; Mrs. G. F. Bichler, 208 Elmwood Drive; and Mrs. W. E. Durbahn, 158 Beverly Place.

Members were urged to buy their Christmas trees and greens from local nurserymen.

Mrs. K. B. Lacy, program chairman, introduced Mrs. T. F. Dawson who gave a thorough and interesting review of Mrs. Louise Beebe Wilder's new book on Rock Gardens. The book was purchased by the class as a beginning of a garden library — a new book to be added each month. Other books will be loaned by members. The books will be rented to the class members. Mrs. Phelps will act as librarian at her home at 275 Prospect Avenue.

The program chairman next introduced the charming hostess of the day, who read a most interesting paper, which she had prepared, on "Christmas Plants and Decorations."

Each speaker was followed by questions, answers and discussions brought out by her respective subject.

The class was delighted to have in attendance Mrs. Charles Mason, president of the Highland Park Woman's Club, and Mrs. Jacob Weisberg, chairman of the Home and Education department of the Woman's Club.

Following is a copy of the paper read by Mrs. Phelps, "Christmas Plants and Decorations:

When we think of decorations for the Christmas holidays, our first thought is of the Christmas tree. For years the trees have been ruthlessly cut in the north woods and shipped to the cities in train loads (usually selling from 40c to \$3 or \$4 each according to size and shape). Now through our conservation program, we are learning that beautiful trees, in tubs or with burlap wrapped roots may be purchased from our local nurserymen and used in the home for a week, decorated and lighted as any tree, without injury to the life of the tree.

Then they may be planted out of doors as a perpetual blending with other greens in summer; serving as a contrast color in the autumn and as an oasis of green during the bleak winter when everything is drab or covered with snow. The cost of these trees with their protected roots may be slightly higher than the cut ones. (As we can buy 3 to 4 ft. ones in tubs for \$2.50 and 7 ft. ones in burlap for \$5), but they give such lasting pleasure as they grow larger each season and are all-the-year-round decorations.

American holly, with its glossy spiny margined leaves is not so brilliant in color as European varieties. The trees attain a height of 45 ft. They grow from Massachusetts south and west to the Colorado river as native trees, although in Arkansas and eastern Texas is the greatest development. Much of our finest full berried holly comes from Delaware, although the largest and most expensive comes from Oregon.

It is excellent for hedges or fences as it bears clipping without injury to the tree. The heavy white wood is used for interiors and turnery as it is a very high-class wood. Most of our holly grows wild in the marsh lands and is not injured by the cutting of the branches. The greenish

flowers of the summer change to berries which turn red in September.

Mistletoe was originally a European parasitic shrub growing pendant from various trees, especially the apple tree. It is rarely found on the oak, but if it were in ancient times, it was held in veneration by the druids and always used in ceremonials by the Celtic nations of Europe; whence probably originated the modern Christmas custom of kissing under the mistletoe. It has branching stems, thick green leaves, yellowish flowers which change to white, waxy glutinous berries in winter. It is disseminated by birds who eat the berries and disperse the undigested seeds in their droppings.

It flourishes in our southern states from Oklahoma.

Poinsetta was named after Joel R. Poinsett, American minister to Mexico in 1823, who discovered the flowers there. In this country it is also called the Christmas and Easter flower and in England the Mexican flame or lobster flower. It is extensively cultivated in green houses, but grows out of doors in Southern California and our southernmost states, where it attains a height of 15 to 20 ft., with blossoms 10 to 15 inches across. (From our local florists we can buy hot house ones from 50c to \$5.00.)

A new pure white chrysanthemum called the "Garja Annenome pom-pom," is beautiful for the table. It has a fringe edge and full pom-pom center.

The delicate Stevia and the paper white Narcissus are all in market now to use with red candles, ribbons, glass and china.

**Illinois Motorists to
Require Title to Cars**

Proof of ownership, in the form of certificate of title, will be required by each Illinois motorist obtaining a 1934 motor vehicle license.

These certificates will form the state's principal weapon in its war on automobile thievery, one of Illinois' major criminal activities. It is believed that the new law which compels motorists seeking licenses legally to prove ownership will cut automobile thefts and bring sharp reductions in automobile theft insurance.

The certificates, which will cost each car owner 50 cents, will bear the usual blanks for filling in with the name and address of the applicant as well as the description of the car, but also will have spaces on which to indicate the amount and sort of any lien against the car and the name of the person holding the lien.

In applying for new automobile licenses, applicants whose cars were licensed in 1933 need only accompany their applications with the license cards which accompanied their 1933 numbers.

Chained Eighty Years in an Iron Tank! The true story of the tragic experience of a trustful young girl who fell into the clutches of a half-mad wretch, told in the American Weekly; the magazine distributed with NEXT SUNDAY'S CHICAGO HERALD AND EXAMINER.

**Yuletide Card Party
St. Patrick's Band Plan**

St. Patrick's Band of Holy Cross Church in Deerfield will give a card party on Wednesday evening, Dec. 20, in the parish hall.

This will be a pivot party and the guests may play their favorite game. Either cards or buncos may be played. Attractive table prizes will be given for the games and a door prize will be awarded to a

lady and a gentleman. Excellent entertainment will be provided and refreshments will be served. This party is under the direction of Mrs. Felix H. Earnest, whose parties are said to be always delightfully unique. Mrs. Earnest will be assisted by Mrs. Peter Duffy and Miss Rose O'Connor as social chairman and Mmes. Cole, Decker, Lempke, and McArthur.

The chairman and members of St. Patrick's band extend a cordial invitation to all to attend this Yuletide party and assure you that every effort will be made to make your evening enjoyable.
