LOCAL BOYS RECEIVE AWARDS The high rank attainable in the Sea Scout movement is a quartermaster. Throughout the nation there are less than 100 quartermasters of this date. Two of the North Shore Area Sea Scouts, namely, Ian McPherson of Sea Ship Patrol of Troop 48, Lake Forest, and William Pavey of Ship 25, Winnetka, are to receive this high award on the occasion of the annual meeting of the Sea Scouts at the New Trier High School gymnasium.

The unit must have at least ten new boys and to have the Troop registered on the date of the award.

SCOUT GOVERN NORTH SHORE Feeling that there is tremendous value in having scouts gain more practical experience by being in close touch with the officials in the various departments of our village and city government, a plan is under way to have several of the communities in the North Shore take over the idea of government of communities by scouts for one day, namely Saturday, Feb. 17. In some of the communities this plan has already been approved by the city officials. Watch this paper next week for announcement in this connection.

O. G. Villard To Speak In Glencoe On Feb. 6 "Can America Avoid Fascism?" will be the subject of Oswald Garrison Villard lecture at the North Shore Congregation Israel Forum Glencoe, next Tuesday evening, Feb. 6, at 8:15 o'clock.

Mr. Villard, former editor of the Nation, has given many years of distinguished service to the field of liberal journalism. Through books, articles and lectures he has unceasingly waged a vigorous campaign for an honest and responsible press in this country.

From 1897 to 1918 he was editorial writer and president of the New York Evening Post. Under Mr. Villard the Post gained great influence and authority as it was absolutely independent of the counting room and independent of any political party. In 1918 Mr. Villard sold the Evening Post and assumed the editorship of The Nation which had been virtually a weekly edition of the daily. Under his editorship The Nation thus became again an independent weekly reviving the vigorous liberalism of the old paper under Godkin.

Out of a limited number of lectures to be given on his recent observations in Europe, the subscribers to the Forum are privileged to hear an authority on the political, social and economic problems confronting the world today.

Tickets may be obtained in advance at the Temple office, Glencoe 725, or from Mrs. Barnett Faroll, 741 Prospect ave., Winnetka (Tel. Winn. 6099).

Abraham Lincoln Film To Be Seen In Ravinia The Ravinia Forum will mark the 125th anniversary of the birth of Abraham Lincoln, and contribute to the anniversary celebrations which are to be held in the schools of the community this year, by bringing to Ravinia the impressive and beautiful sound or talking picture, entitled "Abraham Lincoln," produced by D. W. Griffith, the famous producer of "The Birth of a Nation" a few years ago. Two performances of the film will be given on Sunday, Feb. 11—one in the auditorium of the Ravinia Village House at 4:30, primarily for children; and another for adults, in the auditorium of Lincoln School, at 8 p.m.

This remarkable film, in ten reels, is not merely authentic history. It is also a moving drama and tragedy of the highest type, in which the character and features of Lincoln are depicted by that famous actor, Walter Huston, and the epic of Lincoln's life is unfolded from his birth, in a log cabin in the Kentucky wilderness, through his early struggles for an education, his long duel with poverty and misfortune, and even despair, to his rise to the leadership of a divided and embittered nation.

There are no foolish distortions of fact, no exaggerations of fancy after the manner of Hollywood to cheapen or detract from the dignity and veracity of the characterization, which is one of the most notable in the history of American motion pictures.

Special motion picture apparatus has been arranged for this performance, because of the inadequacy of the equipment in the local schools to present a film which is of professional size and length, and which requires talking equipment developed from the extraordinary discovery of the photo-electric "eye." The Electro-Acoustic Company of Chicago, will supply the equipment for this occasion.

In addition, a short memorial address will be made at the evening meeting, preceding the film, by a close student of American history, whose name will be announced next week. All residents of Highland Park and Ravinia are welcome to attend the meetings and students of the schools and high school are especially invited. A small admission fee will be charged.

"How did the Queen of Sheba travel when she went to see Solomon?" asked Miss R. of her Sunday School class of little girls. No one ventured an answer. "Could she have gone by the cars?" asked Miss R. "Yes'm," said a little girl. "She went by steam cars." "Did she, indeed?" said Miss R. "Well, Louisia, we would like to know how you found that out." "In the second verse," responded the child, "it says she came with a very great train."—Illustrated Christian Weekly.
