### New Model Electric Kitchen Is Built In Home of F. J. Shelton

A model electric kitchen has been built in the home of F. J. Shelton, 315 South Green Bay Road, Highland Park. The transformation of the old kitchen to the new started on Monday morning, Feb. 5, and was finished five days later, on Friday night, Feb. 9. The old kitchen was entirely eliminated.

When the new kitchen was started there were four bare walls and a bare floor. Everything was new: floor covering, walls, ceiling, electric lights, kitchen cabinets, electric range, dishwasher, clock, food mixer, ventilating system, in fact everything that the modern kitchen should have.

The remarkable thing about this whole job was the time that was necessary to complete the job. It took five days from the time the men started tearing out the old kitchen until the new one had been completed. There were as many as eleven men working at one time in this work.

W. S. Murray and Company, general contractors of Winnetka, did the actual work under the supervision of the H. W. Nordin Company of Hubbard Woods. The Huber Electric Company, Highland Park, representatives of the General Electric equipment, did the electrical work. The H. W. Nordin Company are the North Shore representatives of R. Cooper, Jr., who are the distributors in this territory for General Electric home appliances.

### A Call for Help—Scouts Ask Your Co-operation

Elsewhere in this paper be sure to read President Roosevelt's message asking Scouts throughout the nation to co-operate in a particular project involving help for the needy.

All day Saturday, Feb. 24, Scouts throughout the eleven districts of the North Shore Area Council will pick up "household furniture, furnishings, bedding and clothing as people may be willing and able to share as gifts to those who are greatly in need of them."

These needs are: 1. Household furnishings of all kinds, chairs, tables, bedroom furniture, dishes, cooking utensils, etc. 2. Bedding of all kinds, mattresses, pillows, sheets, pillow cases, blankets, quilts, etc. 3. Clothing for men, women and children—underwear, stockings, sweaters, overcoats, shoes and other wearing apparel.

While it is realized that in some communities there have already been collections of clothing, it is believed that many homes can find in their attics and clothes closets, clothing and bedding of all kinds which might be spared for those unfortunates who can use them.

The Social Service Agencies in our eleven districts are co-operating and want to urge all citizens to comply with the request of the President in providing such needy articles as they may care to give. These articles will be picked up by Scouts all day Saturday, Feb. 24, from 9 a.m. to 5 p.m. Such articles should be as far as possible placed in the front yard or at the front door. Uniformed Scouts will pick up these articles. Assistance of men will be given where extremely heavy articles are involved. Please give as wide publicity to this project as possible. More detailed information will be given in next week's issue of this paper.—North Shore Area Council Boy Scouts of America.

### S. A. ST. PETER, 55, DIES ON SATURDAY

#### Lifelong Resident Was Active In Civic Affairs Of Highland Park

Solomon A. St. Peter, a lifelong resident of Highland Park and active in civic affairs here for many

(Photo Taken About 20 Years Ago)

years, died Saturday at his home at 584 Onwentsia Avenue. He was 55 years old.

Mr. St. Peter was born in Highland Park. In 1899 he and his brother Orville, now of Waukegan, founded the Reliable Laundry Company. Several years ago Mr. St. Peter organized another laundry under his own name.

Among offices he formerly held in Highland Park were president of the Rotary Club, commissioner of the Boy Scouts, member of the East Park Board, and member of the Elm Place School Board.

Surviving him are his widow; three sons, Milton, Alfred, and Stanton; and one daughter, Mrs. Cecil Casey.

### Mrs. Heath To Be At Woman's Club Feb. 20

The program to be presented at the Highland Park Woman's Club next Tuesday, Feb. 20, at 2:30 o'clock, is one of especial interest to the club members and the many friends of Mrs. Elizabeth MacCryslle Heath.

Mrs. Heath is well known in Chicago musical circles as an able instructor and interpreter of opera and other music. She needs no introduction to Highland Park.

Next Tuesday she will present selections from "Peter Ibbetson."

On Monday afternoon, Feb. 19, at 2:45 o'clock the Book Review under the leadership of Mrs. Carl Pfanstiehl. All club members who are interested in books are invited to attend.

### L. B. Sinclair Breaks Leg While Skating

Lewis B. Sinclair is confined to his home on Dale avenue, suffering from a broken leg sustained in a fall while skating at West Park, Lake Forest, last Saturday afternoon. Mr. Sinclair will be laid up for some time, and will no doubt be glad to have his friends visit him.

### PROF. J. G. KERWIN TO SPEAK HERE FEB. 2

#### University of Chicago Man To Talk To League Of Women Voters

The regular monthly meeting of the Highland Park League of Women Voters, which by an error was announced last week as scheduled for Thursday, Feb. 21, will be as usual on the third Wednesday of the month, Feb. 21.

A correction must also be made regarding the speaker of the afternoon. Professor Jerome G. Kerwin of the University of Chicago will replace Mrs. W. W. Ramsay, state league official.

Professor Kerwin is associate professor of the Department of Political Science at the university, and his specialty is municipal government. He is the dean of the pre-law students, a member of the executive committee of the Citizens' Action group, and vice-chairman of the Independent Voters' League. He has written numerous articles on government and politics in the various political journals, and is the author of a book entitled, "Federal Water-Power Legislation," which has been highly commended by authorities in the field.

He will speak before the league on "The Importance of the Primary and the Party Machine."

Harry Sellery, a graduate student at the Northwestern Law School, has compiled a questionnaire embracing all the confusing problems which are presented to the average voter. At the conclusion of his talk, Professor Kerwin will take up these questions and answer them.

In addition to attending the regular meeting, league members as well as others are urged to tune in on the radio programs sponsored by the Illinois League of Women Voters and the University of Chicago, and prepared by Professor Kerwin, on party machinery. These programs come over WJJD, every Monday afternoon from 3:00 to 3:30.

The first few minutes of each talk is devoted to questions and answers on the previous week's broadcast. These questions are prepared by the various League of Women Voters all over the state. Last Monday's questions were asked by Mrs. I. M. Greenberg, program chairman of the Highland Park league, and answered by Glen Leet, who had given the talk the week before.

Following them, Miss Amelia Sears spoke on "County Government in Illinois." She pleaded for a total reorganization and condensation of the various parts of county government. Showing how the present system originated in 1691, in an era of utterly different needs and aims, and is being forced to function in modern times, outworn and cumbersome, she said, "There is a tremendous need for a new constitutional convention, for basic statutory changes, for the short ballot, and for a general substitution of the merit system in preference to the present large number of elective offices."

### See Club Directors Meet Tuesday Morning

A meeting of the board of directors of the Tee Club of Sunset Valley Golf Club was held on Tuesday morning, Feb. 13, at the home of Mrs. Victor Fabian in Ravinia. The program for the coming golf season was planned.

Those present were the Mesdames Hofstetter, Buckley, Lott, Shelton, Meierhoff and Couffer.

### Harry A. Jung Will Talk On Communism At Lincoln School

Harry A. Jung will speak at the Lincoln School Auditorium, Highland Park, on the subject of Communism, on Sunday evening, Feb. 18, at 8 o'clock.

Mr. Jung for several years has been following the secret meetings and policies of anti-social groups, Communists, Nihilists, Syndicalists, parlor Bolsheviks, and Soviet apologists. He has one of the most complete libraries, with records of the activities of these groups that exists in this country.

Mr. Jung is a firm believer and exponent of law and order and rational economic as contrasted with socialistic panaceas and class legislation.

Mr. Jung will define "Communism," its origin and program of propagation in the United States, taking his hearers "back of the scenes" in an intimate word picture of its leaders in the country, their habits and planned conspiracies for the overthrow of American civilization. He will prove from the record that Uncle Sam is not keeping himself informed regarding these conspiracies and that there is no law on the federal statute books which permits the Department of Justice to do so.

Mr. Jung has spoken before service clubs, patriotic organizations and business and religious gatherings. He will come prepared to back up some of his startling disclosures. He is convinced that it is not un-American to become morally indignant about individuals and organizations that would forsake all old landmarks in order to experiment with socialist and communist nostrums.

Tickets may be secured by calling H. P. 1046 or H. P. 405.

### Dr. J. M. Nicholson To Present Travelogue Here

#### Dr. J. M. Nicholson will present an Oriental travelogue at the Elm Place Auditorium on Friday night, Feb. 16.

This program is being sponsored by the Elm Place Parent-Teacher Association for its Emergency Relief Fund, and the proceeds will be used to provide hot lunches, glasses, medicine, etc., for needy children in the district.

Dr. Nicholson, with his arm in a sling so he could hide his camera, has taken pictures of gardens 600 years old, pictures of an emperor's palace, pictures of places where pictures are not allowed to be taken.

His travelogue here Friday night will be "conducted" through Hawaii, Japan, and China.

### D.A.R. Better Films Committee Review

"A Man's Castle" starring "Spencer Tracy and Lorretta Young," "Simplicity and naturalness in direction and acting lend charm to this sordid story of the depression. A man and girl seeking refuge in shanty town find new attitudes toward life in each other's love. Entertaining for adults. This picture will be on the screen tonight for the last time, Feb. 15.

"Jackie Cooper" in "Lone Cowboy," Friday, Saturday, Feb. 16, 17. Story of a boy's affection for and his faith in a man and the influence they have in freeing the latter from the hatred and jealousy that has possessed him. Effective scenes on a western ranch and at a rodeo add interest and action to a somewhat depressing narrative. Jackie Cooper gives an exceptional characterization in a role that is well suited to him, but which carries a note of tragedy throughout. "Family."

Saturday, matinee only, chapter 6 "Tarzan" with "Buster Crabbe." Sunday, Monday, Feb. 18, 19. "Should Ladies Behave," featuring "Lionel Barrymore" and "Alice Brady." A diverting comedy in the modern manner wherein determines to become sophisticated. She involves her flighty mother—her old father and her unconventional aunt in her love affairs. Adults and young people.

"Katherine Hepburn" in "Little Women" Tuesday, Wednesday, Thursday, Feb. 20, 21, 22 "Superb production of the Alcott classic, brilliantly directed and acted by choice cast. True to original in dialog, action and character. The human, charming, sentimental life of seventy years ago lives again in this master piece. A film worth the industry's initiation. As near to the perfect picture as has so far been made. "Family."

Mrs. Clifford Wiles of North Second Street, who underwent an operation at the Alice Home Hospital in Lake Forest on Tuesday, is getting along nicely.

### PASSION PLAY WILL BE GIVEN TUESDAY

#### Legion and High School Band Unite In Sponsoring Presentation

The North Shore will have an unusual opportunity to see a production of the Bavarian-Baden Passion Play Tuesday evening, Feb. 20, at 8:15 p.m. It will be presented at the Deerfield-Shields High School auditorium under sponsorship of Dumas Spenser Post, American Legion, and Deerfield-Shields High School Band.

The play, like the Passion Plays in Germany, deals with the last seven days of the life of Jesus, the first scene depicting the first Palm Sunday in the city of Jerusalem. One of the most beautiful scenes is "The Lord's Supper" which gives one the impression of De Vinci's great painting come to life. There is also the Garden of Gethsemane, a scene of much tenderness. Much intense reverence is stirred in the Crucifixion by its impressiveness. The epilogue of the play deals with the Resurrection and Ascension, usually a matter of much joy and gladness to the audience.

An unique feature of the production is in the international cast of well known professional players. Germany, Canada, Newfoundland, England, Ireland, and United States are represented. J. J. Harris, playing the role of Nathaniel, high priest, is of Ireland. Bertram Willoughby, taking the part of Judas, is an ordained Congregational minister, and has held pastorates in Canada.

Roy Lewis is an American and has played many important roles on the American stage in the last 20 years. May Drew, coming from the famous Drew family of the stage, takes the part of Mary the Mother. Peggy Wilton, as Mary Magdalene, comes from Germany and has participated in the play in her native land. Other notables are Wilson, Schwartzmann and Harvey, all well known because of their drama, music and lectures.

Much care has been taken in acquiring the wonderful wardrobe, costumes and properties necessary for the productions. Exhaustive studies were made of the proper costumes of the various people introduced in the play. Personal visits were made to the Pilgrimage Play of California, the American Play at Bloomington, and the Great Passion Play at Oberammergau, Bavaria. A great deal of the costuming has been imported from Europe.

Bertram Willoughby manages the play. He is a graduate of the Chicago Theological Seminary and is known in these parts.

Aside from the splendor of the acting, costumes and properties, there is an outstanding feature in the musical accompaniment provided by the vibr-harp, spoken of frequently as the instrument of celestial music. The golden tones created have a spiritualizing effect. It is a new instrument often heard over the air but seldom seen. The music is soft and mellow, well suited for the purpose of a play as the Bavarian-Baden Passion Play.

The play has the uniform endorsement of the clergy, both Protestant and Catholic. Recently the play was produced in Evanston and witnessed by some of the member of the local clergy. They have given their hearty endorsement to the production.

Tickets may be obtained from the members of either organization and can be exchanged now at Gsell's drug store, for reserved seats. The tickets at the door on the evening of the performance will cost more.

### "Little Women" To Be Shown At the Alcyon

The screen's most glorious love story since "7th Heaven," and you may think it greater, is being presented at the Alcyon tonight only. The very charming Loretta Young is co-starred with Spencer Tracy in the leading roles.

A great treat is in store for the kiddies as well as the grown ups this week-end for the film attraction on Friday and Saturday is "Lone Cowboy," featuring Jackie Cooper and Lila Lee, an old screen favorite. There is also included in this program a Charlie Chaplin comedy and a Mickey Mouse cartoon.

"Should Ladies Behave" the picture of the delightful stage play "The Vinegar Toss" featuring Lionel Barrymore and Alice Brady is scheduled for appearance Sunday and Monday, Feb. 18 and 19. Besides having Barrymore in the cast the picture is both smart and snappy.

A bit of news we have all been waiting for is the announcement of the dates for Katherine Hepburn in "Little Women." The Alcyon is presenting this glorious film on Tuesday, Wednesday, and Thursday, Feb. 20, 21 and 22. The world's most beloved family of girls leap from Louis M. Alcott's book and live again on the screen.
