

BOY SCOUTS NEWS

PACK 65
Pack 65 held its weekly meeting on Saturday March 3 in the Ravinia gym. The Cubs spent the first part of the meeting at passing tests. Then relay races were run. The first race was running down to the basket and shooting on a ball three times. The second race was dribbling the ball up to the basket and shooting once.
Dr. Blume took the boys names and their ranks. Then they made the living circle, after which they were dismissed.—Frank McDonald Pack 65 Scriber.

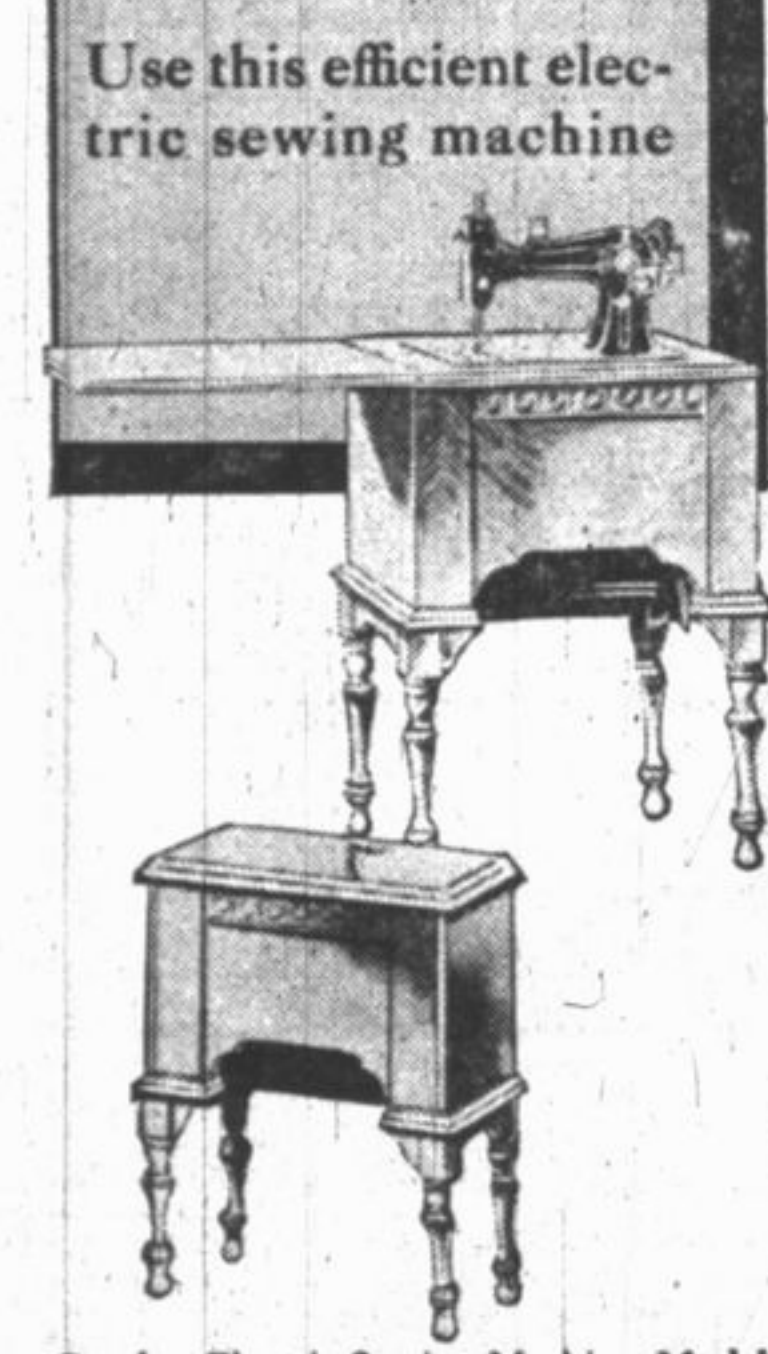

TROOP 59 AGAIN WINNER
Troop 59 of Libertyville, of which Mr. Colin Barcus is Scoutmaster, were the winners in the North Shore Area Council First Aid Tournament held at the Oak Terrace School in Highland Park last Saturday. This is the second successive time that Troop 59 has won this event entitling them to participate in the all-suburban tournament to be held at Niles Center on March 16. The teams competing at Niles Center will be the winner from the Evanston, North West, Suburban, Waukegan, and North Shore Area Councils. The winners at Niles Center will participate in the Regional Contest to be held in Chicago on some later date yet to be announced.
The other troops that participated were Troop 52, Deerfield—Jim Russell, Scoutmaster; Troop 48, Lake Forest—Tom Atteridge, Scoutmaster; and Troop 37, Highwood, Lloyd Moon, Scoutmaster.

THE MA KA JA RAL
Part of the program of preparation for the Ma-Ka-Ja-Ral, or Camp Rally, to be held in May, will be the making of Scout equipment. The out-door part of the Scout is by far the most enjoyable feature of the program for the average boy. However, for a troop to get the most out of their hikes and overnight camps, they must be properly equipped. One of the items of equipment that has been developed by Scout Headquarters and that can be made by any boy, is a canvas bed roll. Snaps are arranged so that two boys can put their beds together and make a roomy little for-ester's tent. The total cost for making the bed roll will amount to about fifty cents per boy. When completed the bed roll will become part of the permanent equipment of the troop. Directions for making this item as well as several others, including a retractor oven, a pack frame and etc., will be available in a short time. It is hoped that every troop will be completely equipped for overnight camping before the Ma-Ka-Ja-Ral in May.

PAUL BUNYAN CLUB BEAN SUPPER
Next Saturday afternoon, March 10, is the date set for a meeting of the Paul Bunyan Club at the Cabin in the Woods. This will be the second meeting for the 130 boys who were registered for Camp Ma-Ka-Ja-Wan prior to December 15. The program will begin at 4 p.m. and will include a treasure hunt, a bean supper, and a big indoor campfire. The campfire will be over by 9 o'clock. The beans for the supper will be cooked in a bean hole, or pit in the ground, in true camp style. The campfire program will include songs and stunts by the boys, and a presentation of a ritual for the Paul Bunyan Club by the officers of the club.
In case of rain or snow the meeting of the Paul Bunyan Club will be postponed for one week.

SCOUTMASTERS APPRECIATION DINNER MARCH 23
Council Headquarters is happy to announce that H. Roe Bartle, the popular and efficient Scout executive of Kansas City, Missouri, has been secured to speak at the Appreciation Dinner, Friday, March 23. The Camp committee of the North Shore Area Council, with Keith Roberts as chairman, is desirous of expressing, even though it is possible only in a small way, their appreciation of the outstanding service rendered the Scouts, and Scoutmasters, by the council, and therefore, on behalf of the council, are inviting Scoutmasters, Skipper and Cubmasters and their assistants, commissioners and the wives and lady friends to a dinner to be given on the evening of Friday, March 23. Invitations are to be

RED CROSS FIRST AID COURSE COMPLETED
Throughout the fall and winter months twelve Scout leaders have been studying first aid under the direction of George Schenck, director of Community Recreation of Highland Park. This course has been given on successive Monday evenings at council headquarters. Last Monday evening a physician from the Chicago chapter of the Red Cross examined these first aid students. Those passing the standard course of instruction in First Aid are as follows: Ed. Kobolts, assistant scoutmaster of Troop 52, Deerfield; Donald Clark, assistant scoutmaster of Troop 52, Deerfield; Joseph J. Riddle, troop committeeman of Troop 52, Highland Park; Jack Neale, scoutmaster of Troop 48, Lake Forest; W. P. Cody, scoutmaster of Troop 11, Wilmette; Merrill Badloff of Troop 71, Libertyville; H. S. Williamson, assistant scout executive; C. A. Hansen, assistant district commissioner; and Milton Merner, assistant scoutmaster of Troop 52, Deerfield. In addition Fenton Hopkins, assistant scoutmaster and John O'Connor, scoutmaster of Troop 35 passed the advanced course of instruction in First Aid. These same students and others eligible for advanced work will resume their study this fall. There will also be offered this fall the standard course.

TROOP 324
Troop 324 has a pretty good system. Now we make out a program a month ahead of time. We have some one to take care of the meetings, and some flag-bearers, a foot instructor, second class instructor and a first class instructor. So now we expect to pass our tests sooner.—Troop 324, Presbyterian Church, Highland Park, David Mann, reporter.

DRILLS AND SIGNALING ARE EMPHASIZED
After being divided into two sections, Troop 35 was given instruction in marching and right-left, and about face. We were then shown some wig-wag signaling. The letters, E, L, S, and L, were shown for dots, and T, M, O, were shown for dashes. We then were divided into groups again and a message was sent, using only the letters which were shown to us. Of the projects that were done, only a model council fire was finished. A knot board was not quite finished, but no other projects were present. After a general discussion regarding to rank, those of the highest rank being dismissed first, and so forth down the line of advancement.—Scoutmaster Raymond Rosenwald, Troop 35, Ravinia School.

158 REGISTERED FOR CAMP MA-KA-JA-WAN
Today, March 8, there are 158 registered for membership in the Paul Bunyan Club. It should be noted here that camp recruiting for 1933 camp did not begin until approximately May 1. TROOP 55 GLENVIEW IN GOOD TURN
When the completely demolished home and furnishings of a family of eleven last week, the Scouts of Troop 55, of which Raymond Danielson is the Scoutmaster, were eager to help and in less than an hour 75% of the scouts were "on the job," securing clothing, beds and bed clothing to relieve the unfortunate victims. Some 20 scouts each gave five or six hours of service in fulfilling their obligation to "Do a good turn daily," resting in almost immediate relief to the family. Not only should Troop 55 be commended but scout-like, each member wishes to thank the citizens of Glenview for their splendid cooperation in the emergency.

COURSE IN "ELECTRICITY"
Another specialization course for Scout Leaders and older Scouts will be put on at Scout headquarters beginning, likely, March 24. William Bird, Scoutmaster of Troop 72, of Libertyville, will be the instructor in this

new electricity course which has been approved by the department of educational, national office.
The course will run for five successive Saturday afternoons. Scout Leaders and older boys interested in taking this course should get in touch with headquarters right away. There will be room for only twenty students. Those taking this course will be approved for the Merit Badge subject of electricity.

Reductions in Rates for Rooms Announced at Local Hospital
Substantial reductions in rates for private and semi-private rooms in the Highland Park Hospital are announced this week by the Highland Park Hospital Association.
Under the new schedule, rates for private and semi-private rooms range from \$3.50 to \$8 per day, with the exception of two rooms with bath at \$10 per day, each.
Two rooms formerly offered at a rate of \$12 per day are reduced to \$8 per day. Likewise, two \$10 per day rooms have been reduced to \$8 each. Four \$9 rooms are now offered at \$6 and one of the two-bedroom rooms have been changed to a three-bedroom room, and the rate reduced to \$3.50 per day.
The rate on one of the other two-bedroom rooms, in a different location, has been reduced to \$4.50 per day.
The reduced rates are effective March 8 and are being introduced despite the fact that the rooms are being attractively redecorated, a fact that might normally be expected to lead to increased, rather than decreased, charges.
Under the new schedule, a reduced "flat rate" for maternity cases also goes into effect. The new rate is \$50 for ten days in a two-bedroom as compared with the old rate of \$50 for only seven days. A new rate of \$65 for ten days for a private room also is announced, as compared with the old rate of \$65 for ten days in a two-bedroom. The rates, as announced, are for normal cases and of course do not include the physician's fee.
A complete schedule of the new rates will be available at the hospital.

Dance Tuesday Evening
The juvenile and adult members of the Fidelity Lodge, former Mystic Workers, will hold a dance on Tuesday evening, March 13, in the Masonic Temple. Good music will be furnished. Tickets may be purchased at the door. The public is invited.

Martin C. Decker

Candidate for Re-Nomination as

Probate Judge

Republican Primaries, April 10th, 1934

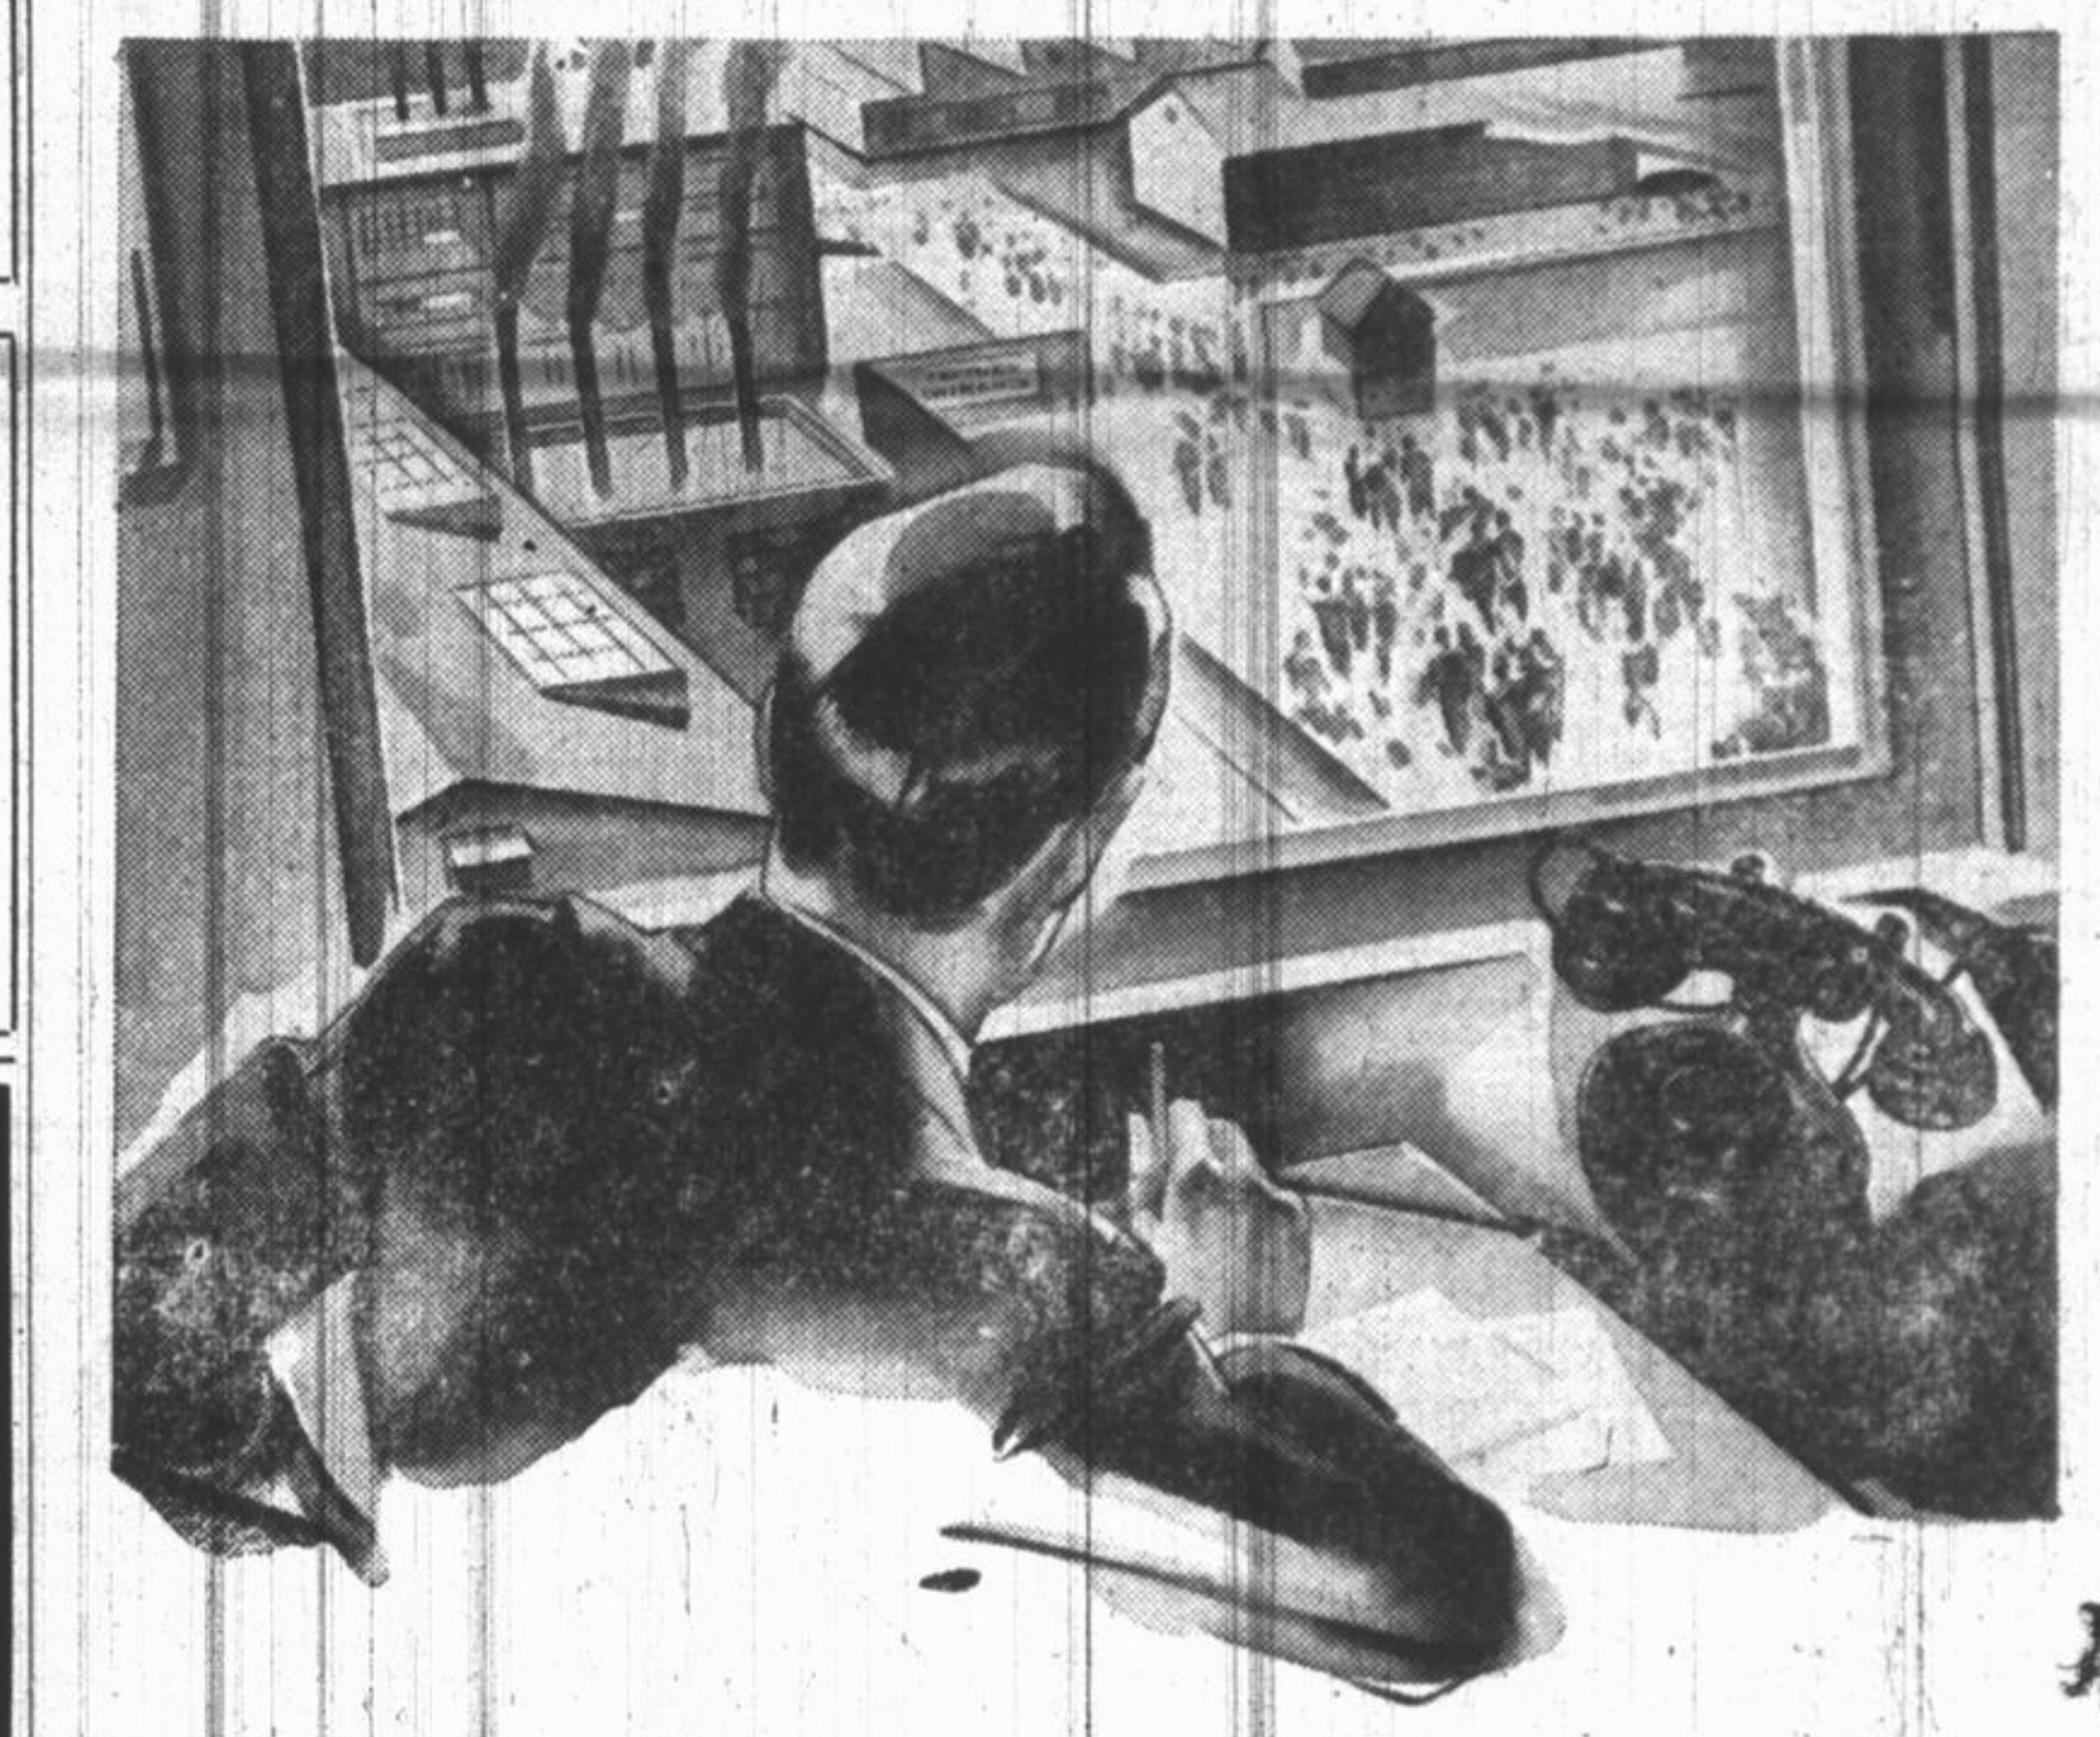

To the Voters of Lake County:

The office of Judge of the Probate Court is an important office. You may never have a law suit or be cited into Court, but if, at your death you own any individual property your family will have dealings with the Probate Court. You will want them to have the best service available, rendered in a kindly and sympathetic manner by a trained and experienced Judge.

It is a principle of American politics to retain on the bench Judges who have been efficient, honest and courteous. Federal Judges are appointed for life. Circuit Judges are not subjected to a primary election and are elected for six years at special elections. You also seek to retain in your service, teachers, business executives, assistants and employees who have been faithful and efficient.

We feel that if the voters of Lake County will investigate the record of Judge Decker they will re-nominate and re-elect him to the office of Probate Judge.

Judge Martin C. Decker Publicity Committee

THIS MAN'S JOB IS TO SELL
And experience has taught him how. He sits down at his desk with a list of customers and prospects before him and telephones them one by one. With his regular customers he chats easily, discussing their problems and needs just as efficiently as though he faced them across his desk. To his new prospects he presents his sales story in a lucid, convincing manner. After a few inexpensive calls he will have made some valuable sales, covered more territory and at less expense than he could have done by personal visits. All this he does in the very shadows of the factory, whose wheels move a little faster because of the orders he reaches out and gets by telephone... at lowered sales cost. Out-of-town service is quick, clear and inexpensive.
